OF JACKSON COUNTY, MISSISSIPPI GRANTING
A FREE PORT WAREHOUSE EXEMPTION TO
GEORGIA-PACIFIC CONTAINERBOARD, LLC AS AUTHORIZED
BY SECTION 27-31-51, ET SEQ., MISSISSIPPI CODE ANNOTATED

WHEREAS, the Board of Supervisors (the “Board”) of Jackson County, Mississippi (the “County”) is authorized and empowered by Sections 27-31-51 to 27-31-61, Mississippi Code Annotated (the “Free Port Warehouse Act”) to grant a facility a license to operate as a free port warehouse, and declare such facility be exempt from ad valorem taxation on personal property shipped out of the State of Mississippi; and

WHEREAS, Georgia-Pacific Containerboard, LLC, a Georgia Corporation, operates a packing and paper products storage facility within the County; and

WHEREAS, in connection with the operations of the center, Georgia-Pacific Containerboard, LLC, filed with the County its Application for Free Port Warehouse License (the “Free Port Application”), attached hereto and incorporated herein by reference thereto, together with the requisite license fee; and

WHEREAS, Georgia-Pacific Containerboard, LLC, has requested that the County approve the Application and grant the exemption from ad valorem taxation allowed under Section 27-31-53 Mississippi Code Annotated; and

WHEREAS, Georgia-Pacific Containerboard, LLC, has produced written verification and documentation to the Board as to the authenticity and correctness of the Application in regard to the prayed for exemption; and

WHEREAS, the Tax Assessor has issued its Position Statement on the Application, a copy of which is attached hereto; and

WHEREAS, the Board is authorized and empowered by the Free Port Warehouse Act to grant the ad valorem exemptions allowed thereunder;

BE IT, THEREFORE, RESOLVED by the Board of Supervisors of Jackson County, Mississippi, as follows:

1. The recitals contained in this resolution are incorporated herein as findings.
2. This resolution is adopted pursuant to the Free Port Warehouse Act.
3. The Board, acting for and on behalf of the County, does hereby find and determine that Georgia-Pacific Containerboard, LLC, qualifies for ad valorem tax exemption pursuant to the Free

Port Warehouse Act and should, therefore, be granted the ad valorem exemption allowed thereunder.

4. The Free Port Application, as attached hereto, is hereby approved, and the Free Port License and Free Port Exemption are hereby granted for a period of ten (10) years ending on January 1, 2028, in accordance with the Free Port Warehouse Act.

LEASE TERMINATION AGREEMENT

THIS LEASE TERMINATION AGREEMENT (this "Agreement"), is made and entered on the ____ day of August, 2017, by and among the **Jackson County Port Authority**, an agency of Jackson County, Mississippi and the **Board of Supervisors of Jackson County, Mississippi** (hereinafter collectively referred to as "Landlord"), and **Port Road, LLC**, a Georgia limited liability company and a wholly-owned subsidiary of DD and Velma Davis Family Foundation, Inc. ("Tenant").

RECITALS

A. David Davis and Velma Davis (as predecessor in interest to Bank One Trust Company, N.A., Trustee of The Davis Foundation, a private trust established by Trust Agreement dated November 24, 1965, the predecessor in interest to JPMorgan Chase Bank, N.A., Trustee of The Davis Foundation Under Trust Agreement dated November 24, 1965, the predecessor in interest to Tenant) and Landlord entered into that certain Lease dated September 1, 1981 (as amended, the "Ground Lease"), pursuant to which Landlord leases to Tenant certain real property consisting of approximately 4.31 acres located in Section 10, Township 8 South, Range 6 West, Lowry Island Resurvey, Jackson County, Mississippi, as more particularly described in the Ground Lease (the "Land").

B. The current term of the Ground Lease expires August 31, 2032.

C. Landlord and Tenant desire to terminate the Ground Lease effective as of the Termination Date (as defined herein), subject to the terms of this Agreement.

D. Upon termination of the Ground Lease in accordance with terms hereof, Tenant desires to transfer to Landlord, and Landlord desires to assume from Tenant, all of Tenant's right, title, and interest in and to an improvements, fixtures, or other items of personal or real property existing on the Land (the "Improvements and Personal Property" and together with the Land, the "Premises").

NOW, THEREFORE, in consideration of the premises and for other good and valuable consideration, the receipt, adequacy and sufficiency of which are hereby acknowledged, Landlord and Tenant hereby agree as follows:

1. Waiver of Wharfage Fee. Landlord hereby agrees to permanently waive in full the annual minimum wharfage fee for 2017, due August of 2017, owed by Tenant pursuant to Section 10 of the Ground Lease.
2. Replacement of Ammonia. Prior to, and as a condition of, the termination of the Ground Lease, Tenant shall replace the ammonia in the chiller/freezer system currently located on the Premises with nitrogen or another inert gas suitable for such system consistent with generally accepted industry practices (the "Ammonia Replacement").
3. Termination of Lease. Effective as of the date that Tenant delivers to Landlord verification or such other documentation reasonably acceptable to Landlord that the Ammonia

000186

Replacement has been completed (the "Termination Date"), the Ground Lease shall be deemed cancelled, terminated and of no further force or effect and neither Landlord nor Tenant (nor their respective predecessors in interest or affiliates) shall have any further rights, obligations, or liabilities against the other under the Ground Lease, except as expressly set forth in the Ground Lease as surviving the termination thereof pursuant to the terms thereof.

4. Surrender of Premises. Effective as of the Termination Date, Tenant shall surrender possession of the Premises to Landlord. Landlord shall unconditionally accept surrender of the Premises (including all Improvements and Personal Property) in its "AS-IS", "WHERE IS" condition, and Tenant shall have no further payment, restoration, or other obligations in connection with the Ground Lease or the Premises. Tenant acknowledges that a Phase I environmental study has been conducted by Landlord (attached Exhibit "A"), and Tenant has received a copy of same. Notwithstanding the foregoing, promptly following the Termination Date, Tenant shall provide Landlord with all keys to the Premises granted to Landlord herein. It is agreed that subject to the terms of the Ground Lease, all utilities, 2017 property taxes and any other Tenant obligations under the Ground Lease shall be paid through the Termination Date by Tenant. *

5. Representations and Warranties of Tenant. Tenant hereby represents and warrants that on the Termination Date the Premises shall not be subject to any liens, claims, or other encumbrances, other than (i) real estate taxes and assessments for 2017 which are not yet due and payable, (ii) liens and assessments, both general and special, and other governmental charges which are not yet due and payable; (iii) all applicable zoning and other land use regulations and/or restrictions of any political subdivision or agency of any federal, state, or local governmental department or agency having jurisdiction over the Premises; (iv) all matters of public record (including without limitation all conditions, covenants, easements, restrictions and rights of way indicated by instruments, including plats); and (v) all matters created by or arising out of the direct actions of Landlord or its employees, agents, representatives, contractors, or anyone else acting on behalf of or under the authority of Landlord.

6. Representations and Warranties of Landlord. Landlord hereby acknowledges and agrees that no termination fee or other charge or amount shall be due from Tenant in connection with the termination of the Ground Lease pursuant to the terms hereof. Landlord hereby acknowledges and agrees that Tenant has fully performed and complied with all obligations of Tenant under the Ground Lease through the date of this Agreement, and all rents and other charges and amounts due under the Leases have been paid by Tenant in full through the date hereof.

7. Mutual Release. Effective as of the Termination Date, except for those matters (if any) that expressly survive termination pursuant to the express terms of the Ground Lease, each party to this Agreement hereby forever releases and discharges the other party as well as the other party's respective subsidiaries, affiliates, predecessors, successors, assigns, officers, directors, employees and agents from any and all obligations, liabilities, costs, damages, expenses, claims, causes of action and duties whether contractual, compensatory, consequential or punitive, however originating, whether sounding in contract, quasi-contract or tort, whether legal or equitable, whether known or unknown, whether accrued or unaccrued, whether fixed or

contingent, whether now existing or which may arise in the future in connection with, related to or arising under either of the Ground Lease and/or the Premises and/or Tenant's occupancy/use of the Premises and/or the termination of the Ground Lease.

8. Authority. Each party hereto represents and warrants that it has full authority to enter into and perform this Agreement without the consent or approval of any other person or entity (including, without limitation, any lenders or mortgagees, partners, ground lessors, or other superior interest holders or interested parties).

9. Miscellaneous. The recitals hereinabove are hereby incorporated into this Agreement by this reference. Capitalized terms used but not defined herein shall have the meanings ascribed to them under the Ground Lease. Time is of the essence of this Agreement, and each provision hereof. This Agreement shall be binding upon and inure to the benefit of Landlord and Tenant, parties claiming by, through or under Landlord or Tenant and all of their respective successors and assigns. This Agreement constitutes the entire agreement between the parties with respect to the matters stated herein and both parties acknowledge that neither relies upon any statements or representations by the other not contained herein. This Agreement may be signed in one or more counterparts, each of which shall be deemed an original, and by facsimile or scanned attachment to email, which taken together will constitute a single instrument and will have the same force and effect as an originally executed document.

Re: Jackson County, Mississippi FY 2017 Continuing Disclosure

Dear Josh:

We are pleased to confirm our engagement as dissemination agent (the "Dissemination Agent") to Jackson County, Mississippi (the "County") in connection with its annual continuing disclosure undertaking. We appreciate your confidence in us and will do our best to continue to merit it. This letter sets forth the role we propose to serve and the responsibilities we propose to assume as Dissemination Agent in connection with the Annual Filing for fiscal year ended September 30, 2017.

We understand that pursuant to Securities and Exchange Commission Rule 15c2-12, as amended from time to time (the "Rule"), the County is required to provide on an annual basis certain financial information and operating data to the Municipal Securities Rulemaking Board (the "MSRB") through the MSRB's Electronic Municipal Market Access system at www.emma.msrb.org ("EMMA"), in the electronic format then prescribed by the Securities and Exchange Commission (the "SEC") (the "Required Electronic Format") pursuant to the Rule.

We also understand that pursuant to the County's Policies and Procedures for Continuing Disclosure/SEC Rule 15c2-12 Compliance (the "Policy"), a staff designee of the County is required to appoint or engage a dissemination agent to assist in carrying out its obligations under the Policy and the Rule, and the County is hereby appointing us to serve as Dissemination Agent in connection with the Annual Filing for fiscal year 2017 to be filed on or before March 29, 2018.

SCOPE OF ENGAGEMENT

As Dissemination Agent we will examine the County's continuing disclosure responsibility, consult with parties to the County; compile the Annual Filing (with the assistance of the County) and file an Annual Filing for and on behalf of the County. We will rely upon information provided to us without undertaking to verify the same by independent investigation. During the course of this engagement, we will rely on you to provide us with complete and timely information on all developments pertaining to any aspect of the Annual Filing. We understand that you will direct members of your staff and other employees of the County to cooperate with us in this regard.

Our duties in this engagement are limited to those expressly set forth above.

000201

Mr. Josh Eldridge
Jackson County, MS
January 25, 2017
Page 2

ATTORNEY-CLIENT RELATIONSHIP

Upon execution of this engagement letter, the County will be our client and an attorney-client relationship will exist between us. We further assume that all other parties understand that in this transaction we represent only the County, we are not counsel to any other party, and we are not acting as an intermediary among the parties. Our services as Dissemination Agent are limited to those contracted for in this letter, and the County's execution of this engagement letter will constitute an acknowledgment of those limitations.

Our representation of the County and the attorney-client relationship created by this engagement letter will be concluded upon the filing of the Annual Filing.

PROSPECTIVE CONSENT

As you are aware, Butler Snow represents many political subdivisions, companies and individuals. It is possible that during the time that we are representing the County, one or more of our present or future clients will have transactions, litigation, or other matters with the County. We do not believe that such representation, if it occurs, will adversely affect our ability to represent you as provided in this engagement letter, either because such matters will be sufficiently different from the filing of the Annual Filing so as to make such representations not adverse to our representation of you, or because the potential for such adversity is remote or minor and outweighed by the consideration that it is unlikely that advice given to the other client will be relevant to any aspect of the issuance filing of the Annual Filing. The County's local counsel is hereby authorized to discuss and/or review with Butler Snow any such matters described in this paragraph (including any form of potential conflict waiver, if applicable). Execution of this engagement letter will signify the County's consent to our representation of others consistent with the circumstances described in this paragraph.

FEE STRUCTURE

Based upon: (i) our current understanding of the terms, structure, size and schedule of the Annual Filing, (ii) the duties we will undertake pursuant to this letter, (iii) the time we anticipate devoting to the Annual Filing, and (iv) the responsibilities we assume, our fee for this engagement will be \$3,000.00. Such fee may vary: (i) if material changes in the structure of the financing occur or (ii) if unusual or unforeseen circumstances arise which require a significant increase in our time or our responsibilities. If, at any time, we believe that circumstances require an adjustment of our original fee estimate, we will consult with you.

In addition, this letter authorizes us to incur expenses and make disbursements on behalf of the County, which we will include in our invoice. Disbursement expenses will include such items as travel costs, photocopying, deliveries and other out-of-pocket costs.

PUBLICITY CONCERNING THIS MATTER

Often projects and matters such as this are of interest to the public. Also, many clients desire favorable publicity. Therefore, you agree that we may respond to inquiries from the news media and we may initiate and publish information to the public on this matter (including but not limited to our firm website) unless you instruct us not to do so. In any event, we will not divulge any non-public information regarding this matter.

RECORDS

At your request, papers and property furnished by you will be returned promptly upon receipt of payment for outstanding fees and client charges. Our own files, including lawyer work product, pertaining to the transaction will be retained by us. For various reasons, including the minimization of unnecessary storage expenses, we reserve the right to dispose of any documents or other material retain by us after the termination of this engagement.

If the foregoing terms are acceptable to you, please so indicate by (1) returning the enclosed copy of this engagement letter dated and signed by an authorized officer; and (2) returning the material event notice certification dated and signed by an authorized officer, attached hereto as **Exhibit A**. Please retain a copy of the original engagement letter and material event notice certification for your files.

We look forward to working with you again on your Annual Filing.

**MEMORANDUM OF UNDERSTANDING BETWEEN
JACKSON COUNTY, MISSISSIPPI, AND THE
LAPOINTE-KREBS FOUNDATION, INC.**

WHEREAS, this Memorandum of Understanding is being entered into by and between Jackson County, Mississippi ("County") and the LaPointe-Krebs Foundation, Inc. ("Foundation") regarding funding and maintenance of the LaPointe-Krebs house and properties ("Property"); and

WHEREAS, as authorized by House Bill No. 1549 (Regular Session 2011), a Memorandum of Understanding ("MOU") was executed between the City of Pascagoula, Jackson County, and the LaPointe-Krebs Foundation, Inc., creating the Foundation and determining the responsibilities of each party. *See* House Bill 1549 and MOU, dated February 6, 2012, attached hereto as Exhibits A and B, respectively; and

WHEREAS, the County agreed therein to allocate to the Foundation the annual budgeted funds previously allocated to the City through agreement for the maintenance and upkeep of the property, and any additional funds or services that it deems appropriate.

FOR AND IN CONSIDERATION of the mutual covenants hereinafter set forth, it is mutually agreed by and between the parties as follows:

- A. For fiscal year 2012-2013, the County shall allocate and provide to the Foundation Fifty-Thousand Dollars (\$50,000) for the restoration, preservation, maintenance and management of the Property, and each fiscal year thereafter, the County may allocate funds to the Foundation for these reasons, in accordance with the MOU (attached here as Exhibit B), and subject to availability and discretion of the Board of Supervisors. The initial term shall run from the date of this Agreement through October 1, 2013 and shall renew from year to year unless notice is received by the non-terminating party thirty (30) days prior to October 1 of a new fiscal year.
- B. The County is currently overseeing certain major renovations, restorations, and/or repairs which are being made on the Property using funds received from the Federal Emergency Management Agency (FEMA). In the future, should the Foundation determine that the Property needs any further major renovations, restorations, and/or repairs (other than routine maintenance) ("repairs"), the Foundation shall notify the

MB 466

County of the desired repairs and obtain the County's consent in writing prior to the commencement of any said repairs. "Major renovations and repairs shall be defined as those in excess of \$5000.00."

- C. In addition to the duties listed and set forth in the aforementioned MOU, attached hereto as Exhibit B, the Foundation shall restore, preserve, maintain and manage the Property, including buildings, in compliance with the requirements set out in the deed attached hereto as Exhibit C, and in compliance with the requirements for the National Register of Historic Places, the Secretary of the Interior's Standards, and all applicable federal, state, and local laws, rules and regulations.
- D. The Foundation may apply for any and all grants and money that might be available to it to aid in the restoration, preservation, maintenance, and management of the LaPointe-Krebs property, and to expend the funds on the Property and buildings, subject to the terms and conditions set out in such grants or gifts.
- E. The Foundation shall make the LaPointe-Krebs property available for the benefit of the public during reasonable business hours.
- F. The Foundation shall maintain sufficient documentation to substantiate that the funds received under this agreement are being expended for the restoration, preservation, maintenance, and/or management of the LaPointe-Krebs property and in accordance with the law. The Foundation shall prepare and submit to the County an annual report detailing the activities of the Foundation during its fiscal year and fully accounting for all funds received from whatever source and the expenditures thereof. This annual report shall be submitted no later than thirty (30) days after the end of the Foundation's fiscal year as established by its Board of Directors. The Foundation shall provide the Jackson County Board of Supervisors any additional information they request concerning the use of said property and expenditure of funds concerning said property.
- G. The Foundation hereby assumes any and all liability regarding its restoration, preservation, maintenance, and management of the Property. The Foundation shall be responsible for any and all claims arising from any incidents stemming in part or

whole from its employees or invitees.

H. The By-laws of the Foundation shall not be in conflict with any of the terms and conditions set forth in this Memorandum of Understanding.

SO AGREED, this the ___ day of _____, 2012.

CHAPTER 1: GENERAL INFORMATION

INTRODUCTION

We have prepared this handbook to inform you about the County's policies and to summarize the benefits that are available to you. Please read your handbook and familiarize yourself with the information it contains. Refer to the handbook whenever you have a question. If you have a question that is not answered by the handbook, ask your department head, the Human Resources Director or the County Administrator. Employees should refer any questions about the content of this handbook to the Human Resources Director or the County Administrator.

Your fundamental objective as a County employee is to provide services and assistance to the general public. Your contacts with individual citizens will often be the only basis on which they judge the whole County government. It is important that you make the best possible impression at all times. Each job with the County is an essential part of the overall operation of the government. When you begin working in a County department, everyone in the County is relying on you to give honest, efficient and courteous service.

DISCLAIMER

Nothing contained in this handbook is to be construed as a guarantee of continued employment. The County reserves the right to amend, modify, or cancel this handbook as well as any or all of the various policies, rules, procedures, and programs outlined within it at any time without notice. The fact that the County provides notice of any amendments, modifications or cancellations is not to be construed as a waiver of its right to do so without notice in other instances. Whenever the masculine gender (he, him, and his) is used, it also refers to the feminine gender (she, her, and hers).

Other elected officials or the Road Manager may adopt their own system of personnel administration or adopt the Board of Supervisors' personnel system. However, any other system or amendments thereto adopted by elected officials other than the Board of Supervisors must be filed with the Board. Whenever "department head" is used, it shall also refer to any elected official, other than the Board of Supervisors, or the Road Manager who has opted to adopt the County Board of Supervisors' handbook and personnel system.

This handbook is not a contract of employment between any employee and the County and should not be viewed as such. Furthermore, this handbook is merely a guide to County policies and does not constitute an express or implied guarantee or contract of employment or benefits. All employees are employees-at-will, and either the County or the employee may terminate the relationship at any time, for any reason, with or without good cause. Nothing contained herein shall serve to alter or amend Federal and/or Mississippi law.

EQUAL OPPORTUNITY AND COMMITMENT TO DIVERSITY

Jackson County is an equal opportunity employer and assures equal employment opportunities to all persons regardless of political affiliation, race, color, handicap, genetic information, religion, national origin, sex, religious creed, age, or disability. In order to implement the County's equal employment policy and to assure non-discriminatory personnel administration, the County promotes non-discriminatory practices and procedures in all phases of County Service personnel administration and

prohibits any form of unlawful discrimination. Equal employment opportunity does not guarantee an employee any rights not otherwise provided by law.

JACKSON COUNTY EQUAL EMPLOYMENT OPPORTUNITY PROGRAM

The County Administrator has been appointed Equal Employment Opportunity Administrator and may be contacted in his office, telephone 769-3088, and the EEO Officer/Human Resources Director may be contacted in the Human Resources Office, telephone 769-3380. Complaints may be lodged by any applicant or any employee at any time during normal office hours from 8:00 a.m. until 5:00 p.m., Monday through Friday, with either the EEO Administrator or the EEO Officer.

Complaints will be discussed directly between the EEO Administrator, the EEO Officer, and the Jackson County Board of Supervisors. Complainants will be instructed by the Administrator of the program where to proceed in order to take the complaint beyond the Jackson County staff in the case of decisions against the complainant. Emphasis will be placed on resolution of the complaint at the Jackson County staff level by thorough examination of the complaint.

The EEO Administrator will regularly keep the President of the Board of Supervisors advised of EEO matters within Jackson County.

POLICY AGAINST HOSTILE WORK ENVIRONMENT AND SEXUAL HARASSMENT

The County does not tolerate conduct by employees under the supervision and control of Jackson County which creates a hostile work environment and/or which constitutes sexual harassment. A hostile work environment is based on many factors including: (1) whether the conduct was verbal or physical, or both; (2) how frequently it was repeated; (3) whether the conduct was hostile and patently offensive; (4) whether the alleged harasser was a co-worker or a manager; (5) whether any others joined in perpetrating the harassment; and (6) whether the harassment was directed at more than one individual. Unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature may constitute sexual harassment when: (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or; (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual. Such conduct may rise to the level of a hostile work environment if it has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment.

It is the policy of the County to maintain a work environment that is free from the hostile atmosphere created by sexual harassment or intimidation. Such conduct will not be tolerated. If you believe you have been subjected to sexually harassing or intimidating conduct by any individual, including supervisory personnel, employed by the County, you should immediately report the incident to your department head, the Human Resources Director, County Administrator or Board Attorney. If your department head is the County Administrator, Board Attorney or Human Resources Director, you should report sexual harassment incidents to the President of the Board of Supervisors. Such charges will be promptly investigated and, if substantiated, appropriate action will be taken to deter future occurrences. To the extent possible, all persons involved in a complaint of sexual harassment will be given the utmost protection or privacy. Persons complaining of sexual harassment will also be protected from reprisals and retaliation by any employee under the supervision and control of Jackson County.

AMERICANS WITH DISABILITIES ACT (ADA), AMERICANS WITH DISABILITIES AMENDMENTS ACT (ADAAA) AND REASONABLE ACCOMMODATION

The Americans with Disabilities Act (ADA) and the Americans with Disabilities Amendments Act (ADAAA) are federal laws that require employers with fifteen (15) or more employees to not discriminate against applicants and individuals with disabilities and, when needed, to provide reasonable accommodations to applicants and employees who are qualified for a job, with or without reasonable accommodations, so that they may perform the essential job duties of the position.

It is the policy of Jackson County to comply with all federal and state laws concerning the employment of persons with disabilities and to act in accordance with regulations and guidance issued by the Equal Employment Opportunity Commission (EEOC). Furthermore, it is the County policy not to discriminate against qualified individuals with disabilities regarding application procedures, hiring, advancement, discharge, compensation, training or other terms, conditions and privileges of employment.

Procedures

When an individual with a disability requests accommodation and can be reasonably accommodated without creating an undue hardship or causing a direct threat to workplace safety, he or she will be given the same consideration for employment as any other applicant. Applicants who pose a direct threat to the health, safety and well-being of themselves or others in the workplace when the threat cannot be eliminated by reasonable accommodation will not be hired.

Jackson County will reasonably accommodate qualified individuals with a disability so that they can perform the essential functions of a job unless doing so causes a direct threat to these individuals or others in the workplace and the threat cannot be eliminated by reasonable accommodation or if the accommodation creates an undue hardship to Jackson County. All requests are made by completing the applicable reasonable accommodation form available at the Human Resources Department. Contact Human Resources (HR) with any questions or requests for accommodation forms.

All employees are required to comply with the County's safety standards. Current employees who pose a direct threat to the health or safety of themselves or other individuals in the workplace will be placed on leave until a decision has been made in regard to the employee's immediate employment situation.

Individuals who are currently using illegal drugs are excluded from coverage under the County ADA policy.

The HR Department is responsible for providing reasonable accommodation request forms, implementing this policy, including the resolution of reasonable accommodation, and identifying safety/direct threat and undue hardship issues.

DRUG-FREE WORKPLACE

It is the policy of this County that all County work sites shall be Drug Free Workplaces. This includes the prohibition of possession or distribution of any controlled substance or alcoholic beverage at work. It is also a violation of policy for an employee to illegally use prescription drugs or to report to work under the influence of illegal controlled substances and/or alcohol. Violation will result in disciplinary action, up to and including termination.

The Drug-Free Workplace policy is distributed during new employee orientation, and again when any changes in the policy take place. The policy outlines the disciplinary action taken when employees violate Jackson County's standard.

Testing for County employees includes pre-employment testing, post-accident testing and reasonable suspicion. Those employees operating County vehicles may also be subject to random alcohol and drug testing. (Please refer to the "Jackson County Drug-Free Workplace Policy") Employees required to hold a current CDL as stated by the Department of Labor shall be subject to the provisions of the Jackson County DOT Drug and Alcohol Policy.

In furtherance of this policy, information about drug counseling, rehabilitation and employee awareness programs is available through the County Administrator or Human Resources Director.

VIOLENCE-FREE WORKPLACE

It is the policy of Jackson County to promote and maintain a work environment free from violence, threats of violence, harassment, intimidation, and other similar behavior. Jackson County does not tolerate such behavior committed by or against County employees or members of the public on County owned or leased property or while conducting County business. All reports of workplace violence will be taken seriously and will be investigated appropriately. Corrective action will be taken as warranted by the facts.

This policy applies to all threats or acts of violence committed by or against County employees on County owned or leased property or while conducting County business. This policy may not apply with respect to incidents involving law enforcement officials, security guards, correctional and detention officers, health care professionals or other County employees, who are acting in the course of the duties of their positions, and are at times confronted with violent behavior or required to exercise reasonable force pursuant to their department's operating procedures and all applicable state and federal laws.

Workplace violence is any action that would cause a reasonable person to fear for his or her physical safety. Specific examples of conduct that may be considered workplace violence prohibited under this policy, may include but are not limited to, the following:

- Any act or threat of physical violence, harassment, intimidation, or other threatening behavior.
- Hitting, shoving or otherwise physically assaulting an individual.
- Stalking an individual.
- Throwing objects in a manner that would reasonably be perceived as threatening.
- Intentional destruction or threat of destruction of property owned, operated, or controlled by Jackson County.
- Making/sending harassing or physically threatening telephone calls, letters, faxes, or other forms of written or electronic communications.
- Unauthorized possession or inappropriate use of firearms, weapons, ammunition, or explosives in County vehicles or on County owned or leased property.
- Attempting to coerce an employee to do wrongful acts that would affect the interests of the County.

Employees who believe they have experienced or witnessed workplace violence, are encouraged to immediately report such behavior to his/her manager, department head, the Human Resources Director, or other person of authority. In emergency situations in which serious injury occurs, emergency responders such as Police, Sheriff, Fire, or Ambulance personnel should be immediately notified.

Department Management, with the assistance of the Human Resources Director and, if appropriate, in conjunction with law enforcement authorities, shall assess and investigate the incident and determine the appropriate action to be taken. If law enforcement is involved, the investigation shall be conducted in such a manner that does not interfere with the law enforcement investigation.

Employees who violate any provision of this policy may be subject to appropriate disciplinary action up to and including dismissal from employment. Employees and non-employees who commit or threaten to commit an act of violence in violation of this policy may be subject to criminal penalties and/or asked to leave County property if warranted by the facts.

This policy prohibits retaliation against any employee who, in good faith, reports a violation of this policy or is a witness in an investigation involving a violation of this policy.

WEAPONS IN THE WORKPLACE POLICY

The County has a zero-tolerance policy for firearms and dangerous weapons in the workplace. Accordingly, the County prohibits employees from carrying or possessing a firearm or dangerous weapon while acting in the course and scope of their employment for and on behalf of the County. This policy applies to all general County employees working in the course and scope of their employment with the County. This policy does not apply to certified law enforcement officers.

Definitions

Firearm or dangerous weapons – for purposes of this policy a firearm or dangerous weapon includes, but is not limited to the following:

- (1) A firearm, whether loaded or unloaded, from which a shot may be discharged including but not limited to handguns, pistols, revolvers, shotguns, rifles, and air soft guns;
- (2) A gun that can discharge a shot or a projectile by means of an explosive or gas, or compressed air;
- (3) A device designed to be used as a weapon, from which can be expelled a projectile by the force of any explosion or force of combustion;
- (4) Any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive;
- (5) Any destructive device;
- (6) Any device designed as a weapon and capable of producing great bodily harm, including but not limited to, stun guns or stun batons;
- (7) An electric weapon such as a Taser gun;
- (8) Any combustible or flammable liquid, or other substance, or device, that is likely to produce death or great bodily harm;
- (9) Any knife that is carried with intention or calculation to produce death or great bodily harm. Switchblades are specifically prohibited. (A Leatherman or other small pocket knife is permissible, as long as the blade is 3 inches or less in length. Knives intended to be used as eating utensils and stored or maintained in office kitchens or lunchrooms do not represent a violation of this policy.)

Prohibitions

Regardless of whether a County employee possesses a concealed weapons license or is allowed by law to possess a weapon, all employees are prohibited from possessing, transferring, carrying, selling and storing firearms, or dangerous weapons while working on County property. This prohibition applies anywhere County business is conducted as summarized below:

- working on property owned, leased or controlled by the County;
- performing work for the County at any location including private residences and commercial establishments and other customers or client locations;
- driving or riding as a passenger in a County vehicle;
- attending County directed or sponsored activities or events independent of venue while on County business;
- riding any type of mass transit while on County business;
- working off-site on behalf of the County (excluding the employee's residence);
- performing emergency or on-call work for the County after normal business hours and on weekends.

Transporting or storing a firearm in a locked personal vehicle in the County's parking lot or other designated parking area does not constitute a violation of this policy. This exemption does not extend to vehicles owned or leased by the County and used by the employee in the course and scope of employment with the County. Employees who use a personal vehicle in the course and scope of their employment should keep the permitted firearm or dangerous weapon stored out of sight and in a secure location.

Violation of this Policy is considered a serious offense that endangers the safety of employees and others. Therefore, an offense may result in severe disciplinary action up to and including discharge from employment. When appropriate a referral to law enforcement may be made.

Employee Violations

An employee who believes that another employee may be in violation of this policy should report the alleged violation to the employee's manager or supervisor, the department head, or the appropriate Human Resources representative. The County will promptly investigate allegations of violations of this policy.

The County reserves the right to authorize searches for prohibited weapons on its property when a violation is reported or when probable cause or reasonable suspicion is present consistent with law. Employees should be aware that there is no reasonable expectation of privacy with respect to weapons in the workplace. The County's right to conduct searches includes, but is not limited to, such areas and items as lockers, desks, workstations, purses, briefcases, bags, toolboxes, and lunch bags. Searches of the employee's work area and belongings, as described above, may be conducted by law enforcement in accordance with law should reasonable suspicions be present. Any weapon found in violation of this policy may be confiscated. Refusal to permit a search may result in discipline up to and including discharge.

Anti-Retaliation Provision

No employee or County official may retaliate against an employee who has reported a possible violation of this policy.

WHISTLEBLOWER POLICY

Jackson County requires and expects all employees to observe high standards of business and personal ethics in the conduct of their duties and responsibilities. It is the policy of Jackson County that employees shall be encouraged to report verbally or in writing to their supervisor, department head, or any other appropriate authority, evidence of activity by an employee constituting:

- A violation of state or federal law, rule or regulation
- Fraud
- Theft
- Malfeasance or misfeasance of state, federal or local resources.
- Substantial and specific danger to the public health and safety.
- Gross mismanagement, gross waste of monies, or gross abuse of authority.
- Violation of a law or regulation where compliance is mandated by a grant. This may include violations of environmental, wage and hour, or health and safety standards.
- Violation of ethical standards that are a condition of a grant.
- Violation of organizational conflict of interest standards that are a condition of a grant.
- Use of grant money for purposes outside the scope of the grant or for otherwise improper purposes.

It is the policy of Jackson County that employees should be free from intimidation or harassment when reporting to public bodies about matters of public concern. This policy is intended to encourage and enable employees and others to raise serious concerns within the organization prior to seeking resolution outside the organization.

General Protection from Retaliation

Jackson County prohibits and will not tolerate any form of reprisal, retaliation or discrimination against an employee regarding the employee's compensation, terms, conditions, or privileges of employment because the employee who, in good faith, has made or intends to make a report that there has been a violation of federal, state, or local law, regulation, or board policy due to a practice, policy, act or omission of the board of commissioners, of an employee, or of an entity/person with whom the County has a business relationship.

No employee exercising supervisory authority shall discharge, threaten, or otherwise discriminate against an employee regarding the employee's compensation, terms, conditions, or privileges of employment because the employee, in good faith, or a person acting on behalf of the employee, reports or is about to report, verbally or in writing, any violation of federal, state, or local law, regulation or board policy.

No employee exercising supervisory authority shall discharge, threaten, or otherwise discriminate against an employee regarding the employee's compensation, terms, conditions, or privileges of employment because the employee has refused to carry out a directive which in fact constitutes a

violation of federal, state, or local law, regulation or board policy, or poses a substantial and specific danger to the public health and safety.

Jackson County supports an open-door policy and suggests that employees share their questions, concerns, suggestions, or complaints with someone who can address them properly. In most cases, an employee's immediate supervisor is in the best position to address an area of concern. However, if the employee is not comfortable speaking with his/her supervisor or he/she not satisfied with the supervisor's response, the County encourages employees to visit the Human Resources Director for further assistance.

Formal complaints should be made by completing the County Whistleblower Complaint form and filing it with Human Resources Director. Once the complaint is filed, the Human Resources Director will conduct a prompt and thorough investigation of the complaint. All reports are held in strict confidence and are taken seriously. If necessary, the County Administrator may specify reasonable steps to protect the complaining employee from retaliation.

EMPLOYMENT OF RELATIVES

Except as provided below and as set forth by statute, Jackson County may hire an otherwise qualified applicant even though the applicant is an immediate family member of a County employee, and even though they both work in the same department. For purposes of this policy, an immediate family member is defined as a spouse, child, parent, sibling, grandparent, grandchild, aunt, uncle, first cousin, corresponding in-law, step relation or any member of the employee's household.

However, no individual may work in the same department as an immediate family member if either holds any position of influence or authority over the other. That is, no employee is permitted to work within the chain of command when his or her relative's work responsibilities, salary, hours, career progress, benefits or other terms and conditions of employment could be influenced by the employee.

The fact that two employees in the same department become immediate family members only after they have been employees does not change this policy or exempt them from it and the County retains the right to enforce it. Exceptions to this policy can be made in emergency situations and with the concurrent approval of the Board of Supervisors.

RESIDENCE AND TERMS OF EMPLOYMENT

County employees who are hired by and directly report to the Board of Supervisors must reside in Jackson County. If an applicant does not reside within the County and is accepted for employment for one of the positions which directly reports to the Board, he or she must relocate to the County within three (3) months from the date of hire. If one of these employees moves out of the County after the date of hire, his or her employment shall terminate thirty (30) days after notice unless he or she relocates in the County.

CHAPTER 2: EMPLOYMENT PRACTICE

SECTION 2.1 WORKFORCE

As a part of Jackson County's workforce objective persons employed by the Board of Supervisors are required to be skilled in the performance of their duties through experience and education.

2.1.1 SHORT TERM FUTURE OPPORTUNITIES

There may be an opportunity during the summer months to employ additional people in the trainee category through an intern program. Also during the summer months, efforts may be undertaken to cooperate with the local high schools and colleges in special summer student programs. Any positions which become available during the current contractual period will be filled exercising EEO principles.

2.1.2 JOB POSTINGS

Job openings may be advertised internally and/or externally by the following: (1) County web site at the Human Resources Department (2) distributed by inter-office mail and the County e-mail. Job postings will normally remain open for at least five (5) consecutive workdays. If a department head or elected official chooses to advertise a job on other websites or newspapers the position will remain open for up to ten (10) at least ten (10) workdays or longer depending on the applicant pool and at the discretion of the Board of Supervisors. The department head has the discretion to advertise internally and the Board of Supervisors reserves the right to shorten time periods in its discretion. Each job posting notice will include the dates of the posting period, job title, department, location, and beginning salary range authorized for the position. The County may elect not to advertise a job vacancy, but may fill a position by any form of internal recruitment (word of mouth, promotions, internal employee referrals, and reclassifying present temporary/contract employees).

To be eligible to apply for a posted job, employees must have performed competently for at least six (6) months in their current position without disciplinary action. Employees that have a written warning on file or who are on probation or suspension are eligible to apply for posted jobs six (6) months after the last disciplinary action has been issued and upon favorable review from the issuing department head.

To apply for an open position, employees must submit an application to the Human Resources Department.

Job postings inform employees of openings and inform the hiring official of qualified and interested applicants. Other recruiting sources may also be used to fill open positions in the best interest of the County.

SECTION 2.2 SELECTION PROCESS FOR HIRING

2.2.1 POLYGRAPH EXAMINATIONS

County positions that involve the handling of County funds may be subject to a pre-employment polygraph examination and background check. If there are any criminal investigations within a department; employees shall be required to cooperate with, participate in or submit to any polygraph examinations as a condition of continuing employment.

2.2.2 SELECTION OF JACKSON COUNTY EMPLOYEES

After the hiring manager has made his/her selection and obtained approval from the Board of Supervisors, the Human Resources Department will contact the new hire to reserve an appointment for his/her pre-employment physical and drug screen. After the Human Resources Department receives the results, an orientation time and place will be scheduled.

2.2.3 RE-EMPLOYMENT

Any employee, who has voluntarily or involuntarily terminated employment with the County and is in good standing, may reapply through the regular channels of employment. However, any employee who resigned or has been terminated and withdraws his funds from the Mississippi Public Employees Retirement System, may not become re-employed by the County for a period of ninety (90) days after the date of termination (Public Employee's Retirement System of Mississippi Member Handbook page 14). Applicants for re-employment, regardless of the intervening time period, will be treated in all respects as new hires, and they will be subject to the pre-employment physical and testing, orientation period, insurance waiting period and all other provisions that apply to newly hired employees.

2.2.4 PROHIBITION FROM HIRING CONVICTED EMBEZZLERS

Pursuant to Section 25-1-113(2) of the Mississippi Code of 1972, as amended, the County is prohibited from employing or continuing to employ a person who has been convicted or pled guilty in any court of Mississippi, another state, or in federal court of any felony in which public funds were unlawfully taken, obtained or misappropriated in the abuse or misuse of the person's office or employment or money coming into the person's hands by virtue of the person's office or employment.

SECTION 2.3 ORIENTATION

2.3.1 ORIENTATION PROGRAM FOR NEW EMPLOYEES

Purpose

New employees need to understand the functions of County government if they are to begin their careers as productive employees on a positive/knowledgeable note. At the orientation program, new employees will receive general information addressing the common concerns and expectation of new employees, as well as information and resource material answering questions about County employment.

Responsibility

Representatives from the Human Resources Department will develop and conduct, on a continual basis, an appropriate orientation program for all employees upon initial appointment.

Objectives

- To learn the goals, objectives, structure and function of County government.
- To develop commitment to the responsibilities of public service.
- To learn about and select employee benefits.

General Guideline

- All newly hired full or part-time permanent employees will be required to attend employee orientation. All temporary, provisional, emergency, and appointed or elected officials are exempt from this requirement.
- Orientation will be scheduled at the discretion of the Human Resources Department at a location to be determined, depending on the number of new employees for each training session.

- The Human Resources Department is responsible for scheduling an orientation and processing appointment time for new employees.
- Newly hired employees attending the orientation program will receive and discuss the County Employee Handbook, County Drug-Free Workplace Policy, DOT Drug and Alcohol Policy (if applicable), County Safety Manual, and associated consent to testing forms, tax withholding forms, and other required employment forms.

Requirements for Newly Hired Employees

- Acknowledge in writing receipt of the County's Employee Handbook, Drug-Free Workplace Policy, DOT Drug and Alcohol Policy, and Safety Manual.
- Complete all employment, pension enrollment, payroll, and tax forms.
- Sign documents that are necessary for their duties such as motor vehicle verification forms for those who will be operating County vehicles.
- Bring official documents to show proof of citizenship and social security card.

2.3.2 ID/ACCESS BADGES

Jackson County employee identification badges will be issued by the Human Resources Department to County employees. Employee identification badges provide proof of County employment in the performance of their duties. Employee access badges are issued by the Information Systems Department based on the employment need as determined and approved by department head.

SECTION 2.4 EMPLOYMENT

2.4.1 INTRODUCTORY PERIOD

The introductory period for all Jackson County Board of Supervisors employees upon appointment and reappointment to vacant positions shall be regarded as the final stage in the examination process of said employees and, as such, shall constitute a six (6) month period from the first day of actual work. During this introductory period, the department head shall closely observe and review the work of each such employee for the purpose of determining whether each such employee demonstrates the ability and aptitude to satisfactorily perform the duties, tasks, and responsibilities of the position on a routine and continual basis. Employees that are reclassified (changing from one job position/title to another that may or may not result in a pay increase) or transferred (changing positions within or outside of an employee's current department for a promotion, lateral move or downward transfer) are subject to the introductory period beginning on the effective date of the classification change. This period is for evaluation purposes and is not to be considered an implied term of employment. The employee remains an employee at-will for all purposes and is subject to dismissal at any time for any reason in accordance with state and federal law.

2.4.2 AT-WILL EMPLOYMENT

The County and its employees are in an at-will employment relationship. All employees, full time, part time or temporary, shall serve at the will of the Board of Supervisors. Any new positions and their wages must be first approved by the Board.

2.4.3 CLASSIFICATION CHANGES

To enhance employee development and retention, the Jackson County Board of Supervisors encourages the filling of positions with current County employees who meet the necessary qualifications and in the opinion of the department head or manager is the most qualified applicant. Unless circumstances dictate otherwise, County employees should be given the first opportunity to be considered for open positions. If qualified internal candidates are not available, then the County may seek qualified applicants through an external job recruitment process.

You cannot be considered for reclassification/transfer to another position until you have completed at least six (6) months of satisfactory employment with the County. If an employee has received any disciplinary action, please refer to Section 2.1.2. All employee reclassifications/transfers are subject to the introductory period as stated in Section 2.4.1.

2.4.4 TRAINING PROGRAMS

The County has the discretion to require each employee to attend and successfully complete training programs related to the employee's job. Each employee must attend all training programs at a time required by the County. Each employee, for whom training is required by the County or Mississippi law, must successfully complete the required training within the time limits prescribed or be subject to termination.

SECTION 2.5 STANDARDS OF EMPLOYEE CONDUCT

2.5.1 CODE OF ETHICS

Jackson County is committed to high standards of conduct by and among employees in the performance of their duties. Individual and collective adherence to high ethical standards is central to the maintenance of public trust and confidence in government.

The Jackson County Code of Ethics herein applies to the day to day conduct of all employees of County government.

The ethical County employee must:

- Promote decisions which only benefit the public interest.
- Promote public confidence in County government.
- Keep safe all funds and other properties of the County.
- Maintain high standards of work every day in dealing with the public, employees and associates.
- Maintain a respectful attitude toward employees, public officials, colleagues, associates and citizens.
- Comply with all laws, policies, rules and regulations applicable to the County.

The ethical County employee must not:

- Improperly influence or attempt to influence other employees to act in his/her own interest.
- Use any County resource for personal or private benefit or gain.

The ethical County employee accepts the responsibility that his or her mission is that of servant and steward to the public.

Employees should maintain confidentiality of all County customer information and should refrain from disclosure of information or knowledge gained through the employee's position with the County. Any requests for information regarding customers, other than that of themselves, should be directed to the County Administrator's office. Knowingly disclosing customers' personal information to the public may result in disciplinary action.

2.5.2 PROHIBITION FROM ACCEPTING GIFTS, REWARDS, OR FAVOR

County employees are prohibited from accepting gifts, money, or gratuities from any person or agency performing services for the County and from persons who are otherwise in a position to benefit from the actions of any employees or the County.

2.5.3 NON-FRATERNIZATION POLICY

The relationship between employees, as well as between employees and management, should be professional and must comply with the County's harassment, ethics and nepotism policies. Members of management should refrain from dating or engaging in close or romantic relationships with an individual who is subordinate to that manager. Such relationships can disrupt the work environment and create potential conflicts of interest.

2.5.4 SAFETY

Each employee of the County is encouraged to take an active part in safety. This can be accomplished by working in a safe, accident-free manner, and by offering suggestions to the department head on any matter concerning safety. You are required to attend periodic safety meetings as instructed by the department head.

Safe work practices benefit the employee, the family, fellow employees, the County, and society as a whole. The Board of Supervisors has adopted a Safety Manual to establish reasonable, practical, safe work practices to prevent accidents. Employees are responsible for knowing the policies of the County and complying with all safety rules. Violators are subject to disciplinary actions and/or termination.

2.5.5 ATTENDANCE

In order to operate the County efficiently, it is necessary to have a reliable work force. It is important to you, your fellow employees, and the County that you come to work regularly and on time. You are expected to remain on the job during work time. If you wish to leave your job for any reason, you must first talk to your manager or department head.

If you know you must be absent from work, you must get prior approval from your department head and take leave without pay, sick leave, or vacation leave. Your department head may require you to submit a form requesting time off. Although the County recognizes that you may have to be absent from work occasionally, excessive unscheduled absences or taking time off in excess of accumulated leave (excluding approved FMLA) can result in disciplinary action, including termination.

2.5.6 TARDINESS

If an employee is not at his designated work area at the time his work day begins, he is considered tardy. The department head reserves the right to take disciplinary action and/or to deduct the time the employee

is late from his time cards. Notwithstanding the above, if you are unavoidably delayed for more than fifteen minutes in getting to work, you should call your department head and tell him when you expect to arrive. Naturally, all employees are expected to be punctual. While you are at work if an employee needs to leave, you are expected to notify your department head or manager immediately. Employees who are habitually late may be disciplined, including and up to termination.

2.5.7 YOUR JOB

The County, typically through your department head, will explain your job duties and responsibilities. If at any time you have a question or do not understand your duties or responsibilities, you are expected to address that with your manager or department head.

You have a unique overall job responsibility that may require you to perform various work assignments, depending on the needs of the County. Occasionally, you may not believe that these assignments fit within your job description; however, when these times occur, you will be expected to perform such duties as are assigned by your manager or department head.

2.5.8 TRAVEL POLICY

Mileage will be reimbursed per mile equal to the rate allowable by Mississippi Department of Finance and Administration (www.dfa.state.ms.us); all other allowable expenses are reimbursed on an actual cost basis. Authorization for reimbursement of travel expenses incurred while on official business must be obtained **in advance** by the Board of Supervisors or the County Administrator, if applicable. ***ALL EXPENSES MUST BE ITEMIZED***. Claims for reimbursement of travel expenses, other than mileage, shall be accompanied by invoices and/or receipts showing proof of payment of such claims. Claims are to be submitted to the Finance Department on an Expense Reimbursement Request form within five (5) business days of the employee's return to work. County travel and meal expenses may have ceilings above which expenditures are not reimbursable. Employees are urged to obtain this information from the Finance Department prior to travel. In some situations, the County may provide for advance payment for travel expenses. If an employee desires an advancement of travel expenses, he/she should complete a Request for Travel Advance.

Travel Advance Authorization

Travel authorization requests for advance payment for travel expenses incurred while on official business must be submitted on the Travel Authorization form. If possible, travel advance requests should be submitted to the Finance Department thirty (30) days prior to the travel dates. The employee should plan their request so that payment approval may be accomplished a minimum of seven (7) days prior to scheduled travel. Approval for advance payment for travel expenses is at the sole discretion of the Board of Supervisors.

1. Approval Forms are to be submitted to department directors for verification and approval prior to issuance of travel advances. If approved, the director will forward the request for travel advance to the County Administrator's office.
2. If policy guidelines are met and figures are correct, the request for funds will be placed on the next Docket of Claims for approval.
3. Following approval of the Docket of Claims, the Finance Department will issue checks to the employee requesting travel advance pay.
4. Employees that do not meet the policy guidelines will be contacted immediately for proper compliance.

5. Should there be an overpayment in advances to the employee, upon the employee's return to work, the employee must return any overpayment to the County.

Travel While on County Business

1. Emergency Overnight Trips

- a) **Lodging.** All authorized travel receipts must be signed and submitted to the Finance Department within five (5) business days upon return from an authorized trip. A reasonable class of accommodation shall be selected where choice is available. The single rate should be clearly indicated on all receipts. Failure of an employee to turn in receipts and complete documentation within five (5) business days after employee returns to work may result in the employee personally paying for travel.
- b) **Meals.** The County will reimburse meals incurred on overnight trips. Meal reimbursements for all overnight trips are to be itemized on the reimbursement form. Reimbursement rates for meals will not exceed the maximum rates set by the MS Department of Finance for the applicable location. If per diem advances are received, the amount will not exceed the maximum daily rate set by the Mississippi Department of Finance for the applicable location. Alcoholic beverages are not reimbursable.
- c) **Mileage Allowance.** The County encourages the use of County vehicles for authorized travel when possible. Employees who must utilize their personal vehicles on travel assignments will be allowed the current rate per mile as set by the Internal Revenue Service (IRS).
 - i. No reimbursement for mileage shall exceed the dollar amount of round trip airfare at the coach rate on a licensed common carrier, plus approved auto rental or taxi fare at point of destination.
 - ii. When two (2) or more employees are attending the same seminar, convention, or meeting, car-pooling shall be practiced whenever possible. The actual odometer reading from the County location to destination and return to County location will be used.
 - iii. If an employee for his/her own convenience travels by an indirect route or interrupts travel by the most economical route, the employee shall bear any extra expense involved. Reimbursement for such travel shall be for only that part of the expense as would have been necessary to travel.
 - iv. Out-of-State Travel requires prior written approval by the employee's Department Director and a completed Request for Out-of-State Travel Authorization signed by the County Administrator.
 - v. When County vehicle transportation is available for travel on County business, but an employee elects to take their own vehicle for personal reasons, he/she must receive written authorization by the County Administrator to receive mileage reimbursement.

2. Local Travel and Expenses

- a) **Local Meals.** Reimbursement for meals will be allowed only where the employee is attending a seminar or conference further than fifty (50) miles away as a representative of the County for a specific purpose, or where the employee's attendance will directly benefit the County, provided the meal is included in the registration package. No reimbursement will be allowed for meetings that are of a social nature. The request for reimbursement of local meals should include the

following information: date, place, the meeting attended, and the specific reason for attendance. Receipts must be turned in with the reimbursement request.

- b) Local Mileage. Local mileage will be reimbursed as found in paragraph (1) (c), above. Mileage incurred for travel within the County will not be reimbursed.
- 3. Parking fees and shuttle cab fees will be reimbursed by actual cost and receipts must be presented to verify usage.
- 4. The following are expenses that will not be reimbursed by the County:
 - a) laundry, cleaning, or valet services;
 - b) tobacco;
 - c) alcoholic beverages;
 - d) entertainment;
 - e) personal telephone calls;
 - f) first class travel accommodations when economy or coach class are available;
 - g) meals and lodging in lieu of other meals and/or lodging, the expense of which is included in the registration fee;
 - h) fines, forfeitures or penalties;
 - i) rental vehicles except as pre-approved by the County Administrator;
 - j) expenses of a spouse or other non-employee;
 - k) loss or damage to personal property;
 - l) barber, beauty parlor, shoe shine or toiletries;
 - m) personal postage;
 - n) food (other than meal allowance); and
 - o) personal items.
- 5. The following are expenses that may be reimbursed by the County:
 - a) hotel/motel;
 - b) registration;
 - c) book fees;
 - d) gas for County vehicles if not available from County gas card (Fuelman card) and/or mileage reimbursement;
 - e) repairs to County vehicle if out of town;
 - f) car rental (if approved);
 - g) air fare.

When any elected official or employee of Jackson County, after first being duly authorized, is required to travel in the performance of their official duties, the elected official or employee shall receive as expenses for each mile actually and necessarily traveled, when the travel is done by a privately owned vehicle, the mileage reimbursement rate allowable to state employees as approved in the Board minutes on January 1, 2015 for the use of a privately owned vehicle while on official travel. Where two or more elected officials or employees travel in one privately owned vehicle only one travel expense allowance at the authorized rate per mile shall be allowed for one trip. When the travel is done by means of a public carrier or other means not involving a privately owned vehicle, then the elected official or employee shall receive as travel expense the actual fare or other expenses incurred in such travel, provided that a receipt is presented.

When the elected official or employee of Jackson County, after first being duly authorized, is required to travel in the performance of their official duties in a County vehicle and is authorized to use a County vehicle, they will be reimbursed for actual gasoline used if a receipt for said purchase is presented.

In addition to the foregoing, an elected official or employee shall be reimbursed for other actual expenses such as meals, lodging and other necessary expenses incurred in the course of the travel, subject to limitations placed on meals for official travel by the Department of Finance and Administration, provided that proper receipts are presented. Tips will be allowed for the reimbursable portion of meals only not to exceed 20%.

To be reimbursed, elected officials or employees of Jackson County must complete a Voucher for Reimbursement of Expenses with all appropriate receipts attached.

In special circumstances, as recommended by the County Administrator, any elected official or employee of Jackson County, who is required to travel in the performance of their official duties, may receive funds before the travel for the purpose of paying necessary expenses incurred during the travel. Upon return from the travel, the elected official or employee shall provide receipts of transportation, lodging, meals, fees and any other expenses incurred during the travel. Any portion of the funds advanced which is not expended or for which a receipt is not obtained, shall be returned by the elected official or employee. Within the three business days of returning, the elected official or employee must file a report with the Finance Department with all appropriate receipts or monies refunded included.

As approved by Resolution of the Board of Supervisors dated June 2, 2003, the County Administrator may pre-approve reimbursable travel expenses pursuant to Section 25-3-41 Mississippi Code Annotated, not to exceed \$500.00, for elected officials and employees when the necessity of travel arises after the last Board meeting and date of travel is prior to the next Board meeting.

2.5.9 COURTESY AND DECORUM

While you are performing your job duties, you are a representative of the County in all of your dealings with the public. You should conduct yourself as such and should convey a favorable impression to the public through your dealings with them. If a controversy or disagreement should arise with a member of the public, you should refer the matter to your department head or manager immediately.

2.5.10 HOURS OF WORK

Your hours of work will be fixed according to the needs of the County and may be changed, as the workload requires. County employees are entitled to a thirty (30) minute to one (1) hour lunch break as approved by their manager or department head. Employees are prohibited from working during their assigned lunch hour. If you need to work during your scheduled lunch hour, you must have your department head's or manager's approval prior to doing such work. Although not required by law, breaks of ten (10) to fifteen (15) minutes may be allowed as the workload permits and at the discretion of the employee's department head.

2.5.11 STANDARD DRESS CODE

All employees are responsible for presenting themselves to the public and the community in a manner that supports acceptable standards of good professional grooming and etiquette. Dress and personal grooming which communicates a professional image to our citizens helps to instill confidence in our ability to provide a high standard of quality service. For this reason, anything that could be considered a

safety hazard, offensive to a reasonable person or otherwise diminish the confidence of our citizens in our ability to deliver quality services will not be permitted. County employees are expected to be neat, well-groomed and appropriately dressed. What you wear will depend on your job, safety requirements, and whether or not you are meeting the public. It will be the responsibility of your department head or manager to see that dress standards are met.

Employees will be expected to exercise good judgment in their choices of work clothes. All clothing must be clean, neatly pressed and in good repair and appropriate to the work setting. Any clothing, or lack of clothing that is improper in appearance or is inappropriate, either due to fit, cut or style is not permitted. The County Administrator, department head, or manager has the discretion to determine the proper clothing to be worn in the workplace.

Personal hygiene is essential to the professional appearance of the County. Therefore, it is necessary that all employees maintain a clean presentable appearance. Personal hygiene includes a regular bath/shower, use of deodorant, and appropriate oral hygiene. Strong odors caused by poor personal hygiene or the excessive use of perfumes, scented hairsprays, and aftershave lotions can be offensive, please be courteous to others.

The County permits employees to wear jewelry or to display tattoos at the workplace within the following guidelines. Factors that management will consider to determine whether jewelry or tattoos may pose a conflict with the employee's job or work environment include:

1. Personal safety of self, other or County property.
2. Productivity or performance expectations.
3. Offensiveness to co-workers, customers, vendors or others in the workplace based on racial, sexual, religious, ethnic, or other characteristics or attributes of a sensitive or legally protected nature.

If management determines an employee's jewelry or tattoos may present such a conflict, the employee will be encouraged to identify appropriate options, such as removal of excess or offensive jewelry, covering of tattoos, transfer to an alternative position, or other reasonable means to resolve the conflict.

Proper attire NEVER includes low cut tops, revealing/provocative items, see-through items, tank tops, halter tops, short-shorts (mid-thigh), mini-skirts (mid-thigh), t-shirts (only on casual Fridays), sweat-suits, exercise wear, torn/raveling jeans, and flip-flops (rubber sandals). Clothing or accessories that would in any way be a distraction to either the public or other employees is not allowed. Clothing which contains offensive slogans and/or writing that could be considered inappropriate or offensive will not be acceptable for wear at any time.

Employees having a conflict with any aspect of this policy, based on cultural or religious traditions or medical reasons, may request an exemption. The employee must place the request in writing to his/her department head. The department head and the Human Resources Director shall review the request and determine whether an exception will be granted.

Department heads, subject to approval by the Human Resources Director, may establish a more specific dress code for their department that is consistent with the intent of the portrayal of a professional image at all times. Appropriate clothing for the job duties and the department's level of public contact shall be the primary consideration.

Department heads are responsible for enforcement of the dress code. Employees may be sent home to change if they are out of compliance with the dress code. This time will be unpaid leave. An employee's

failure to comply with counseling by his or her department head regarding the dress code may result in disciplinary action.

General Guidelines:

Board of Supervisors' Meetings

Any staff person who appears before the Board of Supervisors on a regular basis must wear appropriate attire. This may include but is not limited to, a County uniform, an oxford or dress shirt, coat or a tie for men and skirts, slacks, pantsuits or dresses for the women. Footwear should be dress or business casual shoes (e.g. lace-up oxfords, loafers, dress/business sandals, pumps or flat dress shoes). Shoes or boots that support a safe work environment are preferred.

Grooming

Hair must be kept neat, clean and well groomed, whether long or short. Beards and mustaches must be neatly trimmed.

2.5.12 LOAN OF MONEY

It is a violation of County policy for a department head, manager or supervisor to loan money to, or borrow money from, an employee.

2.5.13 POLITICAL ACTIVITY

The Board of Supervisors strongly encourages every employee to register to vote and to vote in every possible election.

Jackson County employees must abide by state and federal laws pertaining to politics and must understand and abide by the following:

- An employee may be a candidate for a political office.
- An employee may manage or participate in political campaigns.
- There will be no campaigning on County time. Campaigning includes solicitation of donations and/or support. No campaign material may be distributed during the employee's working hours. No campaign material is permitted on County property, including County vehicles, at any time. Should a visitor request campaign material, the candidate or employee may make such available, however, material may not be displayed within County buildings or on County property.
- An employee may support their political candidate through signage on their personal vehicle.
- Avoid using, or appearing to use a County position for personal gain, giving unjustified preferences, or losing sight of the need for efficient and impartial decision making in the County's method of operation. No act committed should result in questioning the integrity of County government.
- An employee needs to be aware of the Hatch Act and is responsible for determining if there is a violation prior to running for public office.

2.5.14 PHONE CALLS AND E-MAILS

The use of County phones and e-mail for personal reasons should be kept to a minimum. Excessive personal calls or text-messaging during the work day, regardless of the phone used, can interfere with employee productivity and be distracting to others. Employees are therefore asked to make personal calls and text-messaging on non-work time where possible and to ensure that friends and family members are aware of the County's policy. No personal long distance calls are allowed at County expense. Likewise, occasional personal e-mails or text-messaging are permitted so long as they do not interfere with the normal routine of County business and do not contain vulgar or offensive language.

2.5.15 SOLICITATION

You may not conduct solicitations when you should be working or during the time the persons you are soliciting should be working. All solicitations must be made during lunch or before and after work. Employee donations or signatures for any purpose must be on a purely voluntary basis free from pressure of any kind.

2.5.16 SMOKING IN THE WORKPLACE

To protect the health, safety, welfare, comfort, and environment of all citizens of Jackson County, the Board of Supervisors adopted a Smoking Policy and Safety Manual which prohibits smoking in all County owned vehicles and facilities.

Signs have been posted to that effect. All employees are expected to observe the nonsmoking policy. "Smoking" includes the use of any tobacco products, electronic smoking devices, and e-cigarettes containing nicotine cartridges. Smoking is only permitted during break times in designated outdoor areas within a reasonable distance of at least twenty-five (25) feet away from outside entrances to buildings as stated in the MS Smoke-Free Air Act of 2012. Employees using these areas are expected to dispose of any smoking debris safely and properly. Nothing in this section shall serve to amend or supersede local ordinances of cities restricting the use of tobacco products within said city's boundaries.

2.5.17 OUTSIDE EMPLOYMENT

No employee may engage in employment which could cause a conflict of interest or use his County employment for personal gain. Outside employment must not interfere with performance of duties for the County. Unless permitted under federal laws, you may not work at other employment while on sick leave. You must provide the County with employment information regarding another job you accepted if on Workers' Compensation or FMLA leave. Failure to keep the County apprised of additional employment in these instances may result in termination as the applicable law allows. Your first priority must be to your duties with the County.

2.5.18 SOCIAL MEDIA

Social media includes, but is not limited to, personal websites, blogs, chat rooms and bulletin boards, social networks, such as Facebook, Flickr, Google Plus, LinkedIn, Myspace, Instagram, Snapchat, Pinterest and Twitter, video sharing sites such as YouTube; and email. The County respects the right of employees to use these mediums during their personal time. Use of these mediums while on County time is prohibited.

Any personal social media sites used by County employees may not be represented as official County sites. County email addresses shall not be used to register for personal social media. County employees should not pressure or coerce other employees to “friend” or otherwise connect with them via social media.

The County supports freedom of speech. However, as an employee of Jackson County, if information is shared related to your employment with the County (even though it is your personal site or page), it must be clear that the views expressed are a County employee’s personal opinions and do not reflect the official views of the County. Any comments or posts may only express personal opinions and not those of the County unless you are an employee authorized by the County Administrator or an elected official.

County employees must ensure that personal comments or postings are consistent with the County policies as well as any applicable state or federal laws. For examples, posts, videos, or messages that are discriminatory, harassing, threatening, or that demonstrates other unlawful conduct should not be made toward other County employees, customers, or vendors related to County business and employment. The application of this policy is not to be construed to infringe on any person’s rights or expression which are guaranteed by law. However, violations of this policy are subject to the County disciplinary policy.

SECTION 2.6 COUNTY RESOURCES

2.6.1 COMPUTER USE POLICY

Applicability

This policy is applicable to the use of County-provided computer equipment, software, and services (including but not limited to Wi-Fi, wired internet and email).

Computer, Internet and Email Use

Jackson County is a strong proponent of the use of computer technology to facilitate communication and to further the work of the County. Any persons using County-provided computer equipment, software, and services shall observe the guidelines contained in this policy, when used in performing County work and when using all electronic files related to County work regardless of where stored. Personnel are expected to exercise discretion in the use of e-mail and the Internet to avoid use that would reflect poorly on the County. Use of County computer equipment, software, and services must comply with the Jackson County Employee Handbook.

- All network users will be issued a unique network account. Each user is expected to maintain a unique password that is different from their login ID and meet the network policy concerning length in characters, makeup and duration of use. Passwords are not to be given out to any other network user or outside source. It is a violation of the computer and automation policies for a user to use a network account that is not assigned to them. End users are required to log off at the end of their work day.
- It is the responsibility of each department head to contact Information Systems (IT Division) when a new network account is needed or deactivated. Notice must be given to Information Services at least five (5) business days prior to when the account is needed. Notification, via the help desk, must include: Employee ID#, first and last name, phone number, job title and department.
- End users of computers and associated systems will not install or uninstall any software or hardware on any computer that is not legally purchased and licensed or approved for

installation by Information Systems (IT Division). End users are responsible for protecting all existing and future software applications and data from illegal copying or distribution.

- The use of County provided computer equipment, software, and services for personal use, gain, commercial advantage, and solicitation of money or things of value for any person or organization, advocacy of a cause or special interest, supporting or opposing any ballot proposition or campaign for elective office, or any unlawful purpose is prohibited.
- Installing hardware or downloading music, videos or software in any format unless used for assigned work tasks, or training associated with your job function is prohibited.
- Any department or authorized system users that wish to develop or create a database, information system or server program that may be used to manage important, sensitive, confidential, or otherwise "mission-critical" data must first consult with Information Systems (IT Division). Information Systems (IT Division) will not be responsible for any loss, corruption, or inadequate functionality of any user-designed system that was created outside of these requirements.
- All non-essential computer systems will be programmatically updated and scanned for viruses during non-business hours. End users are required to log off at the end of their work day.
- E-mail and Internet usage is to be limited to official County business ONLY, except in emergencies or serious family matters. In the instance where non-official County business is required, such use shall be for that purpose only and the duration shall be kept to a minimum. Department heads shall determine reasonable use, and may restrict personnel's use of the Internet and/or e-mail. Users shall not access internet chat services.
- Countywide messages are reserved for official County business and are to be distributed ONLY by users authorized to send Countywide messages. Personnel are responsible for maintaining the security of the e-mail system and the computer network by exercising caution concerning access to County computers. Leaving computers unattended while logged into the network is inadvisable. Computers should be locked when left unattended, even if only for a short duration.
- Electronic communications shall not be used to harass, stalk, embarrass or illegally distribute private or personal data. Electronic mail shall not be used to distribute mail that is deemed offensive, obscene, pornographic, illegal or otherwise prohibited by any or all applicable department policies or County, State and/or Federal laws and regulations. Prohibited communication includes dirty jokes, chain letters, and slurs based on legally protected categories such as race, national origin, religion or gender.
- Violations of this policy may subject an employee to disciplinary action as prescribed in the employee handbook, and may result in termination in the discretion of the manager or department head.
- Employees should be aware that all use of County computer equipment, software, and services may be subject to the Public Records Act.

2.6.2 CELLULAR PHONE POLICY

This policy applies to all employees, elected officials and other persons who have or are responsible for any cellular or wireless communication devices issued by Jackson County. Devices covered under this policy include, but are not limited to: cellular phones, smartphones, wireless air cards for laptop computers, tablets, etc.

Throughout this policy the term "cell phone" will include all wireless devices owned by Jackson County unless otherwise specified. All County cellular service will be contracted through the Purchasing

Department who shall administer the County cell phone program in conjunction with the Information Systems Department.

Employees will be held primarily responsible for complying with the Cell Phone Policy. Phone bills are also audited regularly by the Finance, Purchasing and Information Systems for compliance. Cellular phones are the property of the County and as such are subject to inspection at any time to ensure usage has followed County policy.

General Rules Regarding County-owned Cell Phone Use

County-issued cellular devices are the property of Jackson County and must be treated, used, and safeguarded as such. Repeated reckless abuse of any cellular device causing damage to the device, or repeated loss of devices due to carelessness may subject an employee to disciplinary action.

Jackson County employees must comply with all applicable federal, state, and local laws, rules and ordinances governing cell phone use. When traveling, it is the employee's responsibility to be familiar with and abide by any local ordinances regarding cell phone usage. No employee is to use a County-owned cellular device for illegal transactions, harassment, or obscene behavior.

Wi-Fi Usage

The County has a maximum limit data plan. Once usage exceeds the limit an additional cost is incurred by the County for a temporary limit increase from the carrier. Using your County issued cell phone to stream video, audio, games; sync email messages or as a hot spot for personal reasons is prohibited. If an employee contributes to an overage cost due to personal use the County may issue discipline and/or seek reimbursement from the employee.

Use of Cellular Devices in Vehicles

County employees utilizing mobile devices in County vehicles or utilizing mobile devices in their personal vehicles while conducting County business are expected to use such devices in compliance with all current state and local law as well as the County Cell Phone Policy so that it does not jeopardize the safety of the employee or others. (The full County Cell Phone Policy is available on the County Intranet and at the Human Resources Department).

Privacy of Cell Phone Records

Both the nature of electronic communications and the public character of local government make cell phone uses less private than users may anticipate. As such, County employees should be aware that federal and state laws and County policies, guidelines, and regulations may limit the protection of certain aspects of individual privacy in connection with the use of a cell phone under this Policy.

Resetting Cell Phones

No employee may perform a "hard reset" of a County-issued device without first notifying Information Systems and making the device available for data retrieval and back up.

Requirement for Compliance with Policy Provisions

All employees who wish to receive cell phone privileges from Jackson County Board of Supervisors under this policy must agree to abide by all of the provisions of this policy. Any employee found to be out of compliance with the provisions of this policy may have their cell phone privileges revoked and may be subject to discipline.

Personal Cellular Phones

While at work, employees should keep their use of personal cell phones to a minimum. Occasional personal phone calls are permitted when necessary and so long as they do not interfere with your job responsibilities and the normal routine of County business. County employees are prohibited from using their personal cell phones while operating a County vehicle.

Jackson County will not be liable for the loss of personal cellular phones brought into the workplace. Personal cell phones used for conducting County business are subject to Public Records Request.

2.6.3 COUNTY VEHICLES AND OTHER COUNTY-OWNED PROPERTY

1. USE

- A. County vehicles are to be used solely for County business and functions. Personal use of County vehicles, except as authorized below, is strictly prohibited. County vehicles may be taken home and used as a commuter vehicle by employees only as determined by the Board of Supervisors. Elected Officials and department heads shall first submit an application for commuter vehicle for each designated driver to the County Fleet Manager (Inventory Control Manager), who will make an initial determination as to whether the proposed use will qualify as a Qualified Non-personal Use Vehicle (QNUV) based on IRS regulations. The County Fleet Manager will then forward the application to the Board, who will either approve or deny the application for commuter vehicle and notify the County Fleet Manager and Elected Official/department head of each decision.
- B. The County Fleet Manager shall maintain two lists of commuter vehicle approvals – one list of QNUV vehicles, and one list of non-QNUV vehicles. The Board will review such lists at least annually. If any employee on either list has a change in work responsibilities, a new application must be resubmitted within seven (7) business days of the change by the Elected Official or department head of the employee.
- C. The personal use of a non-QNUV commuter vehicle by employees is a taxable benefit and will be dealt with in accordance with IRS regulations.
- D. Employees are not permitted to use a private (non-County) vehicle while on County business without the express written consent of their supervising Elected Official or department head. Employees who receive reimbursement for private vehicle use may have tax consequences associated with their reimbursements and are advised to discuss those issues with their individual tax consultants. A request for mileage reimbursement for use of a private vehicle must be accompanied by proof of insurance for the date (s) of vehicle use. The Board will set the rate of reimbursement for mileage, which rate may change from time to time based on market conditions and other considerations deemed relevant by the Board.
- E. Employees who operate vehicles over 26,000 gross vehicle weight, buses, and vans with over 15 passengers must have a valid and current commercial driver's license (CDL).
- F. Employees who drive their personal vehicles on County business are subject to the applicable

requirements of this policy. In addition, the employee must maintain auto liability insurance with minimum state limits and provide proof of such insurance to their supervisor. Employees must maintain the vehicle in a safe operating condition when driven on County business. The County is not responsible for repairs or upkeep of private vehicles.

- G. Employees shall refrain from listening to ear phones or having loud music or having other distractions that may interfere with the safe operations of the vehicle while driving.
- H. Personal use does not include occasional stops for personal convenience while in route on County business or while commuting with a County vehicle. For purposes of this rule, "while in route" means within a few miles or less driving from the most direct route to destination.
- I. County vehicles may be equipped with monitoring devices that track use.

2. ASSIGNED OR PERMISSIVE DRIVERS

- A. Each employee who drives a County vehicle or a private vehicle on County business is required to have a valid driver's license. This is also applicable for those employees required to have a commercial driver's license (CDL) pursuant to the employee's job description. Should an employee's driver's license or CDL expire, be revoked or suspended, the employee shall immediately notify his or her supervisor. At the time of the expiration, revocation or suspension, the employee's County vehicle use privileges will be suspended until the employee provides proof that the employee's driver's license or CDL has been fully restored and validated.
- B. Only assigned and authorized County personnel may operate any County vehicle. Spouses, family members, friends, other County employees/personnel or others who are not assigned or authorized County employees are not permitted to operate a County vehicle.

3. AUTHORIZED PASSENGERS

- A. County vehicles may not be used to transport family, friends or other passengers including personal pets, unless it is for official business and authorized pursuant to County policy or regulation, or unless the employee is officially on-call and is expected to respond without delay in the event of an emergency. An exception to the rule prohibiting transport of family members will be made for employees who drop off and pick up children from daycare on the employee's way to/from work, only if the employee first obtains approval from his/her applicable Elected Official or department head, and signs a waiver releasing the County from any liability should injury or harm come to the child(ren) while riding in a County vehicle. For purposes of this rule, "the employee's way to/from work" means a few miles or less driving from the most direct route to the destination. On call employees who respond to an emergency shall discharge passengers before responding if practical.
- B. Persons who are not County employees may be passengers in County vehicles when traveling to meetings and conferences related to County business only if approved by the applicable Elected Official or department head.

4. DRIVER EVALUATION

Employees may be evaluated and approved for County vehicle use based upon their driving ability. The following may be used to evaluate employees as drivers:

- A. Past driving performance and work experience through reference checks with previous employers.
- B. The employer's quarterly Motor Vehicle Record and/or Driver's License Record check.
- C. Possession of valid driver's license issued by the State of Mississippi.
- D. The employer's ability to operate the type of vehicle he/she will drive.
- E. The employer's compliance with requested or required training.

5. SEATBELT USE

All drivers and passengers are required to utilize seatbelts as mandated by law. The employee is responsible for ensuring all occupants, including non-employees, are following this policy. This does not apply to sworn law enforcements officers who are following Department procedures, or as specified under MS Code, Annotated 63-2-1(1).

6. MOBILE COMMUNICATION DEVICE, CELL PHONE AND COMPUTER USE

The driver of a County vehicle, or any other vehicle being used for County business, is prohibited from using a mobile communication device, cell phone, or computer of any type while the vehicle is in motion. Drivers must be safely parked before using phone or mobile computer equipment. A mobile communication device is defined as "a text messaging device or a wireless, two-way communication device designed to receive and transmit voice or text communication." This does not apply to County work-related two-way radios or to sworn law enforcement officers who are following Department procedures.

7. SMOKING PROHIBITED IN VEHICLES

Smoking is expressly prohibited in all County vehicles. Employees may be responsible for expenses and/or damages incurred by the County for cleaning the employee's assigned vehicle if it is determined the employee violated this policy.

8. IMPAIRED DRIVING

The driver must not operate a vehicle when his/her ability to do so is impaired or influence by alcohol, illegal drugs or other illegal substances, prescribed or over-the-counter medication, or by illness, fatigue or injury.

The employee driver is obligated to report to his/her supervisor any reason that may affect his/her ability to drive safely.

9. PROOF OF INSURANCE

Employee drivers must make sure that the current insurance card is kept in the vehicle at all times.

10. ACCIDENT REPORTING

- A. In the event of an accident while driving County vehicle or when driving a privately-owned vehicle on County business, the driver shall, when possible, first check on the safety and welfare of all persons involved and seek immediate medical attention should it be required for themselves or others. If possible, the driver shall move the vehicle to a safe location out of the way of traffic.

- B. Drivers shall always have a police officer investigate any accident that involves a County vehicle or privately-owned vehicle being used on County business. This will help ensure that the County is protected from unwarranted claims. Employees should not discuss fault with or sign anything from anyone unless authorized by the County.
- C. Drivers shall notify their supervisor as soon as possible of the accident and report the extent of the injuries and property damage involved.
- D. Drivers shall fully cooperate with the County Fleet Manager by completing all forms and providing all information.
- E. Drivers shall cooperate fully with the County in the handling of the claim.

11. TRAFFIC VIOLATIONS

All fines and other criminal penalties due to violations of the law by the driver are the personal responsibility of the driver of any County vehicle. These costs are not reimbursable by County and must be paid promptly by the driver.

12. VEHICLE MAINTENANCE AND REPAIR

If the County vehicle needs repairs or maintenance (i.e. oil change, etc.), the vehicle should be taken to the County shop for repair. The County shop will determine whether the repairs will be made in the shop or sent to an outside shop.

In a vehicular accident involving County equipment, the operator of the equipment must seek medical attention if needed, immediately contact the department head and contact local law enforcement and request an investigation of the accident. Once the emergency response has begun, please call the Liability Committee Claims Investigator (Facilities Director) at (228) 769-3054 during working hours or after 5:00 pm. and weekends (228) 219-7726. As soon as possible after the accident, the operator of the equipment must complete an Accident Report. A written statement must be completed for any damage or loss to equipment other than vehicles and the report must be submitted to the department head. If there is a loss of any County equipment the department head should notify the Inventory Control Department.

NO COUNTY VEHICLE OR EQUIPMENT MAY BE USED BY A COUNTY EMPLOYEE FOR HIS PERSONAL USE. EMPLOYEES WHO CARELESSLY OR RECKLESSLY DAMAGE COUNTY PROPERTY MAY BE REQUIRED TO PAY FOR SUCH DAMAGE OUT OF THEIR OWN FUNDS. EMPLOYEES WHO VIOLATE TRAFFIC LAWS WHILE OPERATING A COUNTY-OWNED VEHICLE MAY BE SUBJECT TO DISCIPLINARY ACTION, AND WILL BE REQUIRED TO PAY ALL ASSOCIATED FINES AND COURT COSTS.

SECTION 2.7 EMPLOYMENT COUNSELING & PROGRESSIVE DISCIPLINE

2.7.1 PROGRESSIVE DISCIPLINE

It is the policy of the County to ensure fair treatment of all employees through progressive discipline. Each step of progressive discipline is an opportunity for management to counsel/coach an employee about their behavior and provide guidance. Any employee who believes that discipline has been unfairly administered is encouraged to use the County's grievance procedure.

Procedure

- Step 1: Verbal Warning
- Step 2: Written Warning
- Step 3: Suspension and final written warning
- Step 4: Recommendation of termination of employment

Misconduct that involves dishonesty, violations of laws, or significant risks to County operations or to the safety or well-being of oneself or others is grounds for immediate termination of employment. Other examples of such misconduct include, but are not limited to, violations of policy or procedure, violence in the workplace, serious neglect of duty, insubordination, violation of safety rules, falsification or improper disclosure of County records, unauthorized use of County resources for personal gain, and unauthorized removal or destruction of property belonging to others. Other behavior may warrant immediate termination, and the facts and circumstances of each case will determine what action, up to and including discharge from employment, is appropriate. Decisions to terminate employment should be made in consultation with Human Resources.

Grounds for Discipline

The following is a representative, but not an exhaustive, list of the kinds of misconduct which may result in disciplinary action. Although the County may impose a lesser penalty, a violation of any one of the following rules may result in immediate discharge. The following is a representative, but not an exhaustive, list of the kinds of misconduct which may result in a written warning, a written warning and a suspension without pay for up to five (5) days, or termination. These offenses include, but are not limited to:

- Unacceptable job performance.
- Violation of County weapons policy.
- The use, possession, or sale of intoxicating beverages, marijuana, hallucinogenic drugs, or any other nonprescription controlled substance on duty or working under the influence of any of these substances.
- Attempted or accomplished stealing, embezzlement, dishonesty, falsification of records, or willful misrepresentation of facts.
- Fighting and physical violence or disturbance on County property or at any place, at which work is being performed by or for the County.
- Destruction, abuse, removal or attempted removal of property or materials of the County or of another employee.
- Insubordination.
- Falsifying or attempting to falsify an employee's timecard or punching another employee's timecard.
- Absence from work for two (2) consecutive days without notifying your department head or manager.
- Acceptance of money or other valuable consideration given with the intent of influencing an employee in the performance of his official duties.
- Violation of any applicable state or federal statute or code or canon of ethics.
- Any additional violation of any County rule or policy after receipt of two (2) previous written warnings within the preceding twelve months.
- Failure to call in or report an absence to your department head or manager on the day the absence begins.

- Excessive tardiness.
- Excessive absenteeism.
- Violation of, or refusal to comply with, any policy stated herein, or an established law or regulation when such conduct impairs the effectiveness of the County or brings it into public disrepute.
- Improper use of a position of authority for personal gain or advantage.
- Discourtesy, improper conduct, or abusive language to the public or another employee.
- Failure to punch a timecard.
- Failure to report for work or leaving work without notifying the department head or manager timely.
- Willful and negligent violation of safety rules.
- Failure to follow the chain of command.

When discipline is necessary, the department head will attempt the following procedure: The department head and another manager or employee will meet privately with the employee to discuss any disciplinary action to be taken and the reasons for the action. Unless terminated, the employee will be told what action will be considered if another violation occurs.

The department head will prepare a record of the meeting which can take the form of a warning notice which summarizes the disciplinary action taken or to be taken. The department head will review the warning notice with the employee.

The employee will be offered a copy of the warning notice and an opportunity to sign it. The original will be placed in the employee's personnel file in the Human Resources Department.

2.7.2 VEHICLE ACCIDENT DISCIPLINE

All employees shall adhere to all traffic laws, rules and regulations and follow the procedures in the current Jackson County Employee Handbook, and the Jackson County Safety Manual, concerning the safe operation of County vehicles. Failure to adhere to the laws and policies described above, even if the failure does not result in an accident, may result in immediate termination or, at a minimum, will result in the following:

- First Offense – Written warning
- Second Offense – Written warning and suspension without pay for up to five (5) days
- Third Offense – Immediate termination

Employees involved in accidents which the employee is determined to be at fault, in whole or in part, may result in immediate termination or, at a minimum, will result in the following:

- First Offense – Written warning and may be suspended without pay for up to two days
- Second Offense – Written warning and minimum two (2) day suspension without pay not to exceed ten (10) day suspension.
- Third Offense – Immediate termination

2.7.3 GRIEVANCE PROCEDURE

Policy Statement

Situations may occur where an employee believes that the fair and consistent application of a policy affecting him or her has not been followed. In most cases, the County expects that the employee will be able to satisfactorily address such concerns within his or her department. However, when a recent or continuing problem has not been resolved within a department, the County wishes to provide employees with another method for doing so.

Definitions or Regulations

A "grievance" is defined as a claim that the County or an employee under its supervision or control has violated any published policy, which includes the employee handbook, in the manner in which an employee was treated. Grievances do not involve claims of possible discrimination on the basis of race, color, sex (including sexual harassment or sexual orientation), religion, creed, age, handicap, national origin, or status as a veteran. Employees wishing to pursue claims of discrimination must contact the County Administrator, Equal Employment Opportunity Administrator or EEO Officer, and/or Human Resource Director.

Disputes over salary grades or salary/rate of pay, disputes over a manager/department head's judgment regarding job performance or professional competence should be brought to the employee's Human Resources Director, Road Manager, County Administrator, or Department Head. Although problems of this nature are not covered by the County Grievance Policy, an employee with these concerns is encouraged to discuss them with his/her Human Resources Director or appropriate management (Department Head, County Administrator, Road Manager or Elected Official).

The Human Resources Director will determine whether or not a dispute is within the scope of this policy. An employee who is terminated is ineligible for the County Grievance Procedure.

Procedure

The County's grievance procedure consists of three steps:

1. Department Head
2. County Administrator/Human Resources Director/Road Manager
3. Board of Supervisors

If the department head reports directly to the Board of Supervisors (e.g. Road Manager, Finance Director, Civil Defense Director, etc..) the procedure consists of two (2) steps: (1) Department Head (BOS direct report) (2) Board of Supervisors

Step 1: Department Head

Where an employee has reason to believe that an act or acts by management constitutes a grievance and where reasonable efforts on the part of the employee to informally resolve the grievance have been unsatisfactory, the employee shall complete an "Employee Grievance Form" (available in the Human Resources Department) and/or file a written complaint with his/her department head. The grievance form and/or written complaint shall state the nature of the grievance and the relief sought by the employee.

Upon the receipt of Employee Grievance Form or any written complaint filed by an employee, the department head shall investigate or cause to be investigated the allegations set forth in said complaint and shall respond, in writing, to the employee with respect to said complaint no later than three (3) work days after the date of receipt thereof. (If more time is needed to complete a thorough investigation, a written letter to the employee shall be given by the department head stating the reason for the extension of time and projected reasonable time frame the investigation will be concluded).

Step 2: County Administrator/Human Resources Director

Any employee who has filed an Employee Grievance Form and/or written complaint shall be entitled to pursue the alleged grievance further if, the action taken or not taken by the department head, does not satisfy the remedy suggested by the employee in the original grievance form and/or written complaint.

The department head will arrange a meeting with the County Administrator and the employee within three (3) work days of notification by the employee that they wish to pursue the alleged grievance further. If the department head reports directly to the Board of Supervisors proceed to Step 3. This meeting will also involve the Human Resource Director who will act as the mediator of the meeting.

If the employee is not satisfied with the remedy suggested by the County Administrator, an employee shall be entitled to pursue the alleged grievance further, but notification must be made within fifteen (15) work days, to the Board of Supervisors. The County Administrator, Human Resource Director or department head (BOS direct report) will arrange a meeting with the Board of Supervisors at their next regularly scheduled meeting.

Step 3: Board of Supervisors

The Board of Supervisors will have the final decision regarding the County Grievance Procedure. All Grievance Procedure hearings in the Step 3 process will be informal in nature, and take place in executive session. An employee who has filed a grievance will have the opportunity to personally present or submit in writing the grievance to the Board of Supervisors. The Board of Supervisors will have thirty (30) work days from the date of the hearing to respond to the employee with their decision, which may be verbally or in writing.

SECTION 2.8 SEPARATIONS

2.8.1 LAYOFF

The department head with approval of the Board of Supervisors may lay off an employee due to a shortage of funds or work, the abolition of the position, or for other reasons which are outside the employee's control and that do not reflect discredit upon the employee. An employee who is laid off will be given two (2) weeks' advance notice if possible.

2.8.2 RESIGNATION

If it becomes necessary for you to leave your employment with the County, you should give a minimum of two (2) weeks' notice so proper arrangements can be made in work schedules. The resignation process consists of the following steps:

- Submit a resignation letter or resignation form upon notice.
- Have your department head submit a PAN (Payroll Action Notice) to Human Resources.
- Return all County issued equipment/property (e.g. keys, uniforms, cell phone, computer and computer accessories, etc.).
- Report to Human Resources and Finance to complete insurance and retirement forms.

The County will withhold your last payroll check until all issued County uniforms, keys (including ID badge cards) and equipment are turned in to your department head.

2.8.3 RETIREMENT

If you should be terminated or resign from your position with the County and you are eligible for retirement benefits, you may choose one of four options:

- Refund to Member;
- Rollover Distribution;
- Application for monthly benefits if eligible (Please refer to PERS Handbook); or
- Under certain circumstances, contributions may be left in the system.

The money you paid into the system, plus interest, will be refunded to you when you submit proper forms to the state retirement system. Please Note: Currently, when members request a refund before they are retirement eligible, PERS is required to withhold twenty percent (20%) of the taxable distribution for federal income tax withholding unless the member requests a direct transfer of contributions into another qualified plan or IRA. Also, the Internal Revenue Service may impose a ten percent (10%) penalty for a premature distribution. Please consult a financial advisor and/or PERS when deciding what to do with your retirement benefits.

An employee's last day physically worked is the employee's official retirement date. If an employee elects to utilize accrued leave or compensatory time the leave time must be taken in advance of the last day physically worked for retirement purposes. The reason is the specific reference to Sections 25-11-101, et seq., the PERS statutes, in Section 25-15-103, which addresses post-retirement health benefits. A County retiree may continue to be insured by a County health insurance plan, but the retiree must pay the full costs.

CHAPTER 3: EMPLOYEE CLASSIFICATION, BENEFITS & COMPENSATION

SECTION 3.1 EMPLOYEE CLASSIFICATION POLICY

It is the intent of Jackson County to clarify the definitions of employment classifications so that employees understand their employment status and benefits eligibility. These classifications do not guarantee employment for any specified period of time. The right to terminate the employment relationship at will and at any time is retained by both the employee and Jackson County.

3.1.1 FAIR LABOR STANDARDS ACT JOB CLASSIFICATIONS

All employees are designated as either nonexempt or exempt under state and federal wage and hour laws:

- **Nonexempt employees** are employees whose work is covered by the Fair Labor Standards Act (FLSA). They are not exempt from the law’s requirements concerning minimum wage and overtime.
- **Exempt employees** are generally executives or managers or professional, administrative or outside sales staff who are exempt from the minimum wage and overtime provisions of the FLSA. Exempt employees hold jobs that meet the standards and criteria established under the FLSA by the U.S. Department of Labor.

3.1.2 JOB CLASSIFICATIONS

Jackson County has established the following categories for both nonexempt and exempt employees:

- **Regular full-time employees:** An employee scheduled to work for an indefinite duration and regularly scheduled to work sixty (60) to eighty (80) hours per pay period. (See Full-Time Eligibility Benefits Determination)
- **Regular part-time employees:** An employee scheduled to work less than the full-time schedule per pay period for an indefinite duration.
- **Temporary full-time employees:** An employee hired as interim replacements to temporarily supplement the workforce or to assist in the completion of a special project. These employees are scheduled to work the County’s full-time schedule not to exceed four (4) months.
- **Temporary part-time employees:** An employee hired as a replacement to temporarily supplement the workforce or to assist in the completion of a special project and are temporarily scheduled to work less than the County’s full-time schedule for up to four (4) months.

SECTION 3.2 EMPLOYEE BENEFITS

3.2.1 FULL-TIME ELIGIBILITY

In the interest of the well-being of its employees, the Board of Supervisors has elected to provide certain benefits to Regular full-time employees (as defined above). These benefits are subject to change or cancellation at any time the Board of Supervisors determines it is no longer in the County’s interest to provide such, unless such change or cancellation is expressly prohibited by law. Temporary/Seasonal full-time and part-time employees whose employment is not expected to continue more than four (4) months (group insurances) and four and one half (4 ½) months (MS State Retirement) are not eligible for these benefits. However, individuals that work variable hours will be subject to a measurement period to determine eligibility for fringe benefits as defined in the Jackson County Healthcare Plan Document and the Public Employees’ Retirement System of Mississippi (PERS) Member Handbook.

<i>EMPLOYEE CLASSIFICATION FOR BENEFITS DETERMINATION</i>	<i>Leave Accrual</i>	<i>Group Health</i>	<i>MS PERS</i>	<i>Holiday Pay</i>
Full time Permanent (60-80 hours per pay period)	80	60	40	80
Part-time Permanent (40-59 hours per pay period)	N/A	N/A	40-59	N/A
**38 hours or less per pay period ineligible for retirement Full-time/Part-time Temporary/Seasonal (Not to Exceed 4/4 ½ months)	N/A	N/A	N/A	N/A

Part-time employees who work at least forty (40) hours consistently per pay period for more than four and one half (4½) months are required to participate in the Mississippi Public Employee's Retirement System. Temporary/Seasonal employees whose employment is not expected to last more than four (4) months (group insurances) and four and one half (4½) months (MS State Retirement) are not eligible for either insurance or retirement.

Employees that work variable hours will be subject to a measurement period to determine eligibility for health insurance as defined in the Jackson County Healthcare Plan document and MS State Retirement as stated in the Public Employees' Retirement System of Mississippi (PERS) Member Handbook. Any change in actual hours worked over a period of time may result in changes to an employee's eligibility for County benefits.

3.2.2 HOLIDAYS

Pursuant to Miss. Code Section 3-3-7(1), the County recognizes the following holidays as paid holidays:

New Year's Day (January 1)

Robert E. Lee's birthday/Dr. Martin Luther King, Jr.'s birthday (the third Monday of January)

Washington's birthday (the third Monday of February)

Good Friday (the Friday immediately preceding Easter Sunday)*

National Memorial Day/Jefferson Davis' birthday (last Monday of May)

Independence Day (July 4)

Labor Day (the first Monday of September)

Armistice or Veterans' Day (November 11)

Thanksgiving Day (the day fixed by proclamation by the Governor of Mississippi as a day of Thanksgiving, which shall be fixed to correspond to the date proclaimed by the President of the United States (typically the fourth Thursday of November)

Christmas Day (December 25)

* Miss. Code Section 3-3-7(2) allows the Board of Supervisors to declare any other day during the year to be a legal holiday in lieu of any one (1) legal holiday provided for in Section 3-3-7(1), with the exception of the third Monday in January (Robert E. Lee's and Martin Luther King, Jr.'s birthday) and the eleventh day of November (Armistice or Veterans Day). The Jackson County Board of Supervisors has declared the Friday immediately preceding Easter Sunday (Good Friday) to be a legal holiday in lieu of the last Monday of April (Confederate Memorial Day).

The offices of the Circuit and Chancery Clerks and the Sheriff's offices, as well as all courts, shall be open for business during the hours fixed by Section 25-1-99 of the Mississippi Code, Annotated.

In addition to these holidays, the County may recognize any other holidays proclaimed as such by the Governor of Mississippi. If any of these holidays fall on a Saturday, the holiday will be celebrated on the Friday before unless otherwise specified by the Board of Supervisors. If any of these holidays fall on a Sunday, the holiday will be celebrated on the following Monday unless otherwise specified by the Board of Supervisors.

An employee who is required to work on a day designated as a paid holiday by the County or whose regular day off falls on a day designated as a paid holiday by the County will receive pay or compensatory time at the discretion of the department head based upon the number of hours that employee works during a regular work day. To receive pay for an observed holiday, an employee must not have been absent without approved leave either on the workday before or after the holiday.

3.2.3 INSURANCE

All full-time employees scheduled to work as least thirty (30) hours per week (or one hundred thirty (130) hours of service in a calendar month) for one hundred twenty (120) days or more shall be eligible to enroll for coverage under the Jackson County Employees Health Care Plan and Life Insurance program. The County pays a portion or the entire premium for the employee as the County's budget permits. An employee's actual date of coverage begins after the completion of working the required hours for one calendar month. Whether to pay a portion or the entire premium for the employee is determined by the Board of Supervisors and as the County's budget permits.

If you are hired as a part-time or full-time variable hourly employee a Look-Back Measurement Method is used to determine if you are eligible for benefits provided by the Health Care Plan. For details please refer to your Jackson County Health Care Plan document at page 36 -- Employee Eligibility.

If group coverage for you or your dependents is due to end because you leave the employment of the County, you may be allowed to continue in the plan for eighteen (18) months through COBRA. You may be required to pay up to 102% of the cost of coverage.

Employee funded supplemental insurance such as cancer, accidental death, and dental insurance, and dependent medical coverage are also available. The County does not pay any portion of the cost of these benefits.

Open Enrollment

Open enrollment for health and dental insurance is usually during the month of September for changes effective November 1. During open enrollment, you have the opportunity to enroll in one of the insurance plans; add dependent coverage; cancel coverage; or make other changes.

You will not be permitted to change any benefit election except during the designated open enrollment period unless you experience a Family Status change. A Family Status change is defined as marriage, divorce, death of a spouse or child, birth or adoption of a child, employment or termination of spouse, or a change in your employment status.

3.2.4 RETIREMENT

Eligible employees may receive retirement benefits through the state employee's retirement system. Participation in the retirement system is mandatory for all full-time employees and for part-time employees working no less than twenty (20) hours per week.

Current contributions are as follows:

- Employee Contribution is 9.00% of Gross Reportable Earnings
- Employer Contribution is 15.75 % of Gross Reportable Earnings
(Employer contribution rates may be subject to change annually in July)

For specific information regarding the contributions and interest please refer to the Public Employee's Retirement System of Mississippi Member Handbook.

3.2.5 UNEMPLOYMENT COMPENSATION

County employees are covered by unemployment insurance. County employees who are terminated due to a reduction in force or released from County service may apply for benefits through the local Employment Security Commission office, where a determination of eligibility will be made.

3.2.6 WORKERS' COMPENSATION

An employee absent from duty because of sickness or disability covered by the Mississippi Workers' Compensation Act will use accrued sick leave, vacation, or compensatory time during the first five (5) work days which is the waiting period. On the 6th work day of disability; the employee begins receiving workers' compensation pay at a rate of 66.67% the average weekly pay subject to any appropriate maximum established by the MS Workers' Compensation Commission. An eight (8) hour employee uses 2.67 hours per day of sick or vacation leave and a ten (10) hour employee uses 3.34 hours per day of sick or vacation leave in conjunction with temporary disability pay. If an employee exceeds fourteen (14) or more days of disability, then wage loss payments are made for the total period of disability, including the first five (5) work days.

All injuries arising out of and during, the course of employment should be reported by the injured employee to the department head or manager as soon as possible. The manager or department head shall file an injury report to the Human Resources Department within twenty-four (24) hours of the time of the accident.

Before returning to work, a statement from the attending physician should be submitted to the Human Resources Department giving permission for the employee to resume regular duties. If an employee is unable to return to full duty, but has been released to light duty work with restrictions, Jackson County may provide light duty work if it is available.

An employee who is on leave due to a workers' compensation injury or illness and meets the eligibility requirements of the FMLA will have that time designated as FMLA leave. This time will be counted towards the twelve (12)-week FMLA entitlement.

3.2.7 CREDIT UNION

Membership in the Singing River Federal Credit Union is available to every County employee and member of their immediate family for the purpose of saving and borrowing money. Additional information on the Credit Union may be obtained from the Credit Union or the Payroll Specialist.

3.2.8 DEFERRED COMPENSATION

This is an optional plan whereby a part of an employee's salary may be set aside by the employee each year. This plan provides a variety of investment options for the employee. Income tax liability is postponed on that part of the salary until the year in which the employee actually receives the deferred amount. This plan is sponsored by the Public Employees' Retirement System of Mississippi.

3.2.9 TUITION REIMBURSEMENT

Purpose

It is the intent and desire of the County to provide full time, permanent County employees with an incentive to take college-level or vocational courses, after normal working hours, that will improve their job-related knowledge, skills and abilities or a job the employee may reasonably aspire to.

General

- All full time, permanent County employees are eligible to apply for tuition assistance.
- A course must be directly related to the work of the employee, a required course for a job-related degree or a job the employee may reasonably aspire to.
- An employee who wishes to apply must be a permanent, full time employee and must have at least two (2) years of continuous employment with the County at the time an application is submitted. An employee who leaves County employment after approval under this program, and prior to completion of the course, shall not be entitled to reimbursement.
- Tuition reimbursement shall not be made for a course where the employee is receiving tuition benefits from the Veteran's Administration, Pell Grants, or any other government agency.
- Non-degree related vocational courses are eligible for tuition reimbursement. Any required course for an accredited degree is eligible for reimbursement, if the degree is job related.
- Reimbursement shall be made by the County per this schedule:
 - A grade of A @ 100%
 - A grade of B @ 75%
 - A grade of C @ 50%
- Employees must attend classes during off-duty hours. Employees may request annual leave to attend classes, but the County makes no promises to grant requests.
- The County will reimburse tuition up to an accumulated total of \$10,000.00.
- Employees must attend an accredited institution of higher learning in Mississippi or the Mobile County, Alabama area. Schools outside of these areas may be approved by the Board of Supervisors on a case by case basis.
- Correspondence and internet courses will be denied unless the course materials are provided by the approved schools.
- The employee must sign a statement of obligation, agreeing to continue employment with the County for a period of one (1) year after the completion of the course(s) taken in the last school term.

Department Head Authority and Responsibility

Every department head should inform each eligible employee of the County's tuition reimbursement program and assist each interested employee in applying for a course the employee can complete

successfully and is directly related to the employee's job, or a job the employee may reasonably aspire to.

The department head shall endorse for reimbursement only those courses that are directly job related, or related to a job that the employee may reasonably aspire to.

The department head shall review the employee's transcript and/or certification of completion and if satisfactory, certify the reimbursement.

County Employee's Responsibility

An eligible employee who wishes to apply for tuition reimbursement shall obtain information about the course and complete the refund application not later than three (3) weeks of enrollment in the course. The employee must allow sufficient time for the department head and the County Administrator to review and evaluate the completed form. It is within the discretion of the Board of Supervisors to approve a tuition reimbursement application. The employee must pay the tuition cost to the school at the time of registration.

An employee who enrolls in a course without prior approval from the Board of Supervisors is at his or her own monetary risk. Upon successful completion of the course, the employee shall provide an original grade report and receipt of tuition payment to his/her department head within thirty (30) days of the completion of the course.

SECTION 3.3 PAY PRACTICES

3.3.1 PAYROLL

Wages shall be paid every other Friday. The County makes direct deposit available to its employees and encourages the use of it.

To be eligible for any across the board budget pay raises unless specified by the Board of Supervisors, employees must have completed their 6-month introductory period prior to the implementation of the pay increase.

3.3.2 TIME RECORDS

All exempt employees will fill out the timecards in accordance with leave taken. Each nonexempt employee must complete a Payroll Time Sheet of his actual time and attendance worked. Each employee, who is required to punch a time card, must punch and initial only his/her time card, according to established procedure, whereby all hours worked are accurately reported. Each employee will initial the Time Sheet acknowledging his information is correct before it is signed by his/her department head or manager and turned into the Finance Department.

The exceptions to this policy are:

- Employee is on approved leave when the Time Sheets are due;
- Department head or manager is on approved leave and has designated a representative to sign and verify the actual time and attendance of that department's employees.

Properly completed Time Sheets are due at the Finance Department on the last working day of the pay period (except for Fire District employees). Incomplete and/or untimely submitted Time Sheets will NOT be processed for payment. When the Time Sheet is properly submitted, it will be paid on the next payroll.

3.3.3 OVERTIME OR COMPENSATORY TIME (COMP TIME)

Work in excess of the employee's regular work hours must be authorized by the employee's manager or the department head.

The Fair Labor Standards Act (FLSA) provides an element of flexibility for local government employers and choice for their employees regarding compensation for statutory overtime hours. The law authorizes a public agency to provide compensatory time (comp time) off in lieu of monetary overtime compensation, at a rate of not less than one and one-half hours of compensatory time for each hour of overtime worked.

If an employee works authorized overtime he or she may elect to accrue up to one hundred twenty (120) hours of compensatory time; since compensatory time is accumulated at time and one-half, this is only eighty (80) hours of actual overtime work, in lieu of overtime pay. Employees must be paid for any compensatory time over one hundred twenty (120) hours. Employee compensatory time records should be maintained by the employee's manager or department head, and must be reported on the form provided with the payroll record submitted to the Payroll Department.

Exempt personnel are not normally entitled to overtime unless a change in employment classification has occurred or a local emergency declaration has been approved by the Board of Supervisors. No deductions will be made from the salary of any exempt employee (FLSA exemptions: Executive, Administrative, Professional, and Computer) for partial day(s) worked unless the leave is: 1) FMLA 2) Civic Leave 3) Military Leave or 5) Discipline related.

In the event time lost is an absence of a day or more for personal reasons or for illness, employee leave time will be used if available and no deductions will be made from the employee's salary unless leave time is exhausted.

3.3.4 EMERGENCY PAY POLICY

In the event of a declared emergency by the Board of Supervisors or when the State of Mississippi has issued an emergency declaration that includes Jackson County, should the Board choose to implement Declared Emergency Pay, the following policy for overtime will apply:

During the time of the declaration, an employee may work up to forty-eight (48) hours during the first two (2) days with approval by his/her department head and up to sixteen (16) hours each of the following days of the emergency declaration.

This policy applies to all employees and is limited to actual time worked during the declared emergency. Exempt full-time employees (as defined by the Fair Labor Standards Act) are eligible for overtime to be paid at a rate of 1½ times their hourly salary rate for all hours worked outside their normal work hours and related to providing services (not within the employee's prescribed regular duties) for the declared emergency until normal County operations are re-established and the emergency declaration is lifted, or whichever occurs first. After such time, the employee's pay will revert to regular pay.

The management of each County department is responsible for determining whether overtime hours worked by exempt employees are related to providing services (not within an employee's prescribed regular duties) for the declared emergency.

As to nonexempt full-time employees, employees will be paid at a rate of 1½ times their hourly rate for all hours worked outside their normal work hours until normal County operations are re-established, the emergency declaration is lifted, or whichever occurs first.

The appropriate department head should direct those employees necessary to perform related emergency work outside their normal work hours, and such work should only be performed by those employees that are approved to do so. Department heads are responsible for recording all hours worked in excess of the employee's regular schedule and documenting defined duties performed and hours of work.

3.3.5 PAYROLL DEDUCTIONS

The County is required by law to make the following deductions from your paycheck:

1. Federal withholding tax;
2. State withholding tax;
3. Social Security Tax (FICA);
4. Garnishments and child support;
5. State retirement.

SECTION 3.4 LEAVES OF ABSENCE

3.4.1 FAMILY AND MEDICAL LEAVE

Jackson County will provide Family and Medical Leave to its eligible employees. The County posts the mandatory FMLA Notice and upon hire provides all new employees with notices required by the U.S. Department of Labor (DOL) on Employee Rights and Responsibilities under the Family and Medical Leave Act in the Human Resources Department and throughout various County departments.

The function of this policy is to provide employees with a general description of their FMLA rights. In the event of any conflict between this policy and the applicable law, employees will be afforded all rights required by law.

If you have any questions, concerns, or disputes with this policy, you must contact the Human Resources Director in writing.

A. General Provisions

Under this policy, Jackson County will grant up to twelve (12) weeks (or up to twenty-six (26) weeks of military caregiver leave to care for a covered service member with a serious injury, illness or deployment arrangements) during a twelve (12)-month period to eligible employees. The leave may be paid, unpaid or a combination of paid and unpaid leave, depending on the circumstances of the leave and as specified in this policy.

B. Eligibility

To qualify to take family or medical leave under this policy, the employee must meet all of the following conditions:

- 1) The employee must have worked for the County for twelve (12) months or fifty-two (52) weeks. The twelve (12) months or fifty-two (52) weeks need not have been consecutive. Separate periods of employment will be counted, provided that the break in service does not exceed seven years. Separate periods of employment will be counted if the break in service exceeds seven years due to National Guard or Reserve military service obligations or when there is a written agreement stating the employer's intention to rehire the employee after the service break. For eligibility purposes, an employee will be considered to have been employed for an entire week even if the employee was on the payroll for only part of a week or if the employee is on leave during the week.
- 2) The employee must have worked at least 1,250 hours during the twelve (12) month period immediately preceding the commencement of the leave. The 1,250 hours do not include time spent on paid or unpaid leave. Consequently, these hours of leave should not be counted in determining the 1,250 hours of eligibility test for an employee under FMLA.
- 3) The employee must work in a worksite where fifty (50) or more employees are employed by the County within seventy-five (75) miles of that office or worksite. The distance is to be calculated by using available transportation by the most direct route.

C. Type of Leave Covered

To qualify as FMLA leave under this policy, the employee must be taking leave for one of the reasons listed below:

- 1) The birth of a child and in order to care for that child.
- 2) The placement of a child for adoption or foster care and to care for the newly placed child.
- 3) To care for a spouse, child or parent with a serious health condition (described below).
- 4) The serious health condition (described below) of the employee.

An employee may take leave because of a serious health condition that makes the employee unable to perform the functions of the employee's position.

A serious health condition is defined as a condition that requires inpatient care at a hospital, hospice or residential medical care facility, including any period of incapacity or any subsequent treatment in connection with such inpatient care or a condition that requires continuing care by a licensed health care provider.

This policy covers illnesses of a serious and long-term nature, resulting in recurring or lengthy absences. Generally, a chronic or long-term health condition that would result in a period of three consecutive days of incapacity with the first visit to the health care provider within seven days of the onset of the incapacity and a second visit within thirty (30) days of the incapacity would be considered a serious health condition. For chronic conditions requiring periodic health care visits for treatment, such visits must take place at least twice a year.

Employees with questions about what illnesses are covered under this FMLA policy or under the County's sick leave policy are encouraged to consult with the designated Human Resources representative.

If an employee takes paid sick leave for a condition that progresses into a serious health condition and the employee requests unpaid leave as provided under this policy, the County may designate all or some portion of related leave taken as leave under this policy, to the extent that the earlier leave meets the necessary qualifications.

- 5) Qualifying exigency leave for families of members of the National Guard or Reserves or of a regular component of the Armed Forces when the covered military member is on covered active duty or called to covered active duty.

An employee whose spouse, son, daughter or parent either has been notified of an impending call or order to covered active military duty or who is already on covered active duty may take up to twelve (12) weeks of leave for reasons related to or affected by the family member's call-up or service. The qualifying exigency must be one of the following:

- a. *short-notice deployment*
- b. *military events and activities*
- c. *child care and school activities*
- d. *financial and legal arrangements*
- e. *counseling*
- f. *rest and recuperation*
- g. *post-deployment activities, and*
- h. *additional activities that arise out of active duty, provided that the employer and employee agree, including agreement on timing and duration of the leave.*

Eligible employees are entitled to FMLA leave to care for a current member of the Armed Forces, including a member of the National Guard or Reserves, or a member of the Armed Forces, the National Guard or Reserves who is on the temporary disability retired list, who has a serious injury or illness incurred in the line of duty on active duty for which he or she is undergoing medical treatment, recuperation, or therapy; or otherwise in outpatient status; or otherwise on the temporary disability retired list. Eligible employees may not take leave under this provision to care for former members of the Armed Forces, former members of the National Guard and Reserves, and members on the permanent disability retired list.

In order to care for a covered servicemember, an eligible employee must be the spouse, son, daughter, or parent, or next of kin of a covered servicemember.

- a) A "son or daughter of a covered servicemember" means the covered servicemember's biological, adopted, or foster child, stepchild, legal ward, or a child for whom the covered servicemember stood in loco parentis, and who is of any age.
- b) A "parent of a covered servicemember" means a covered servicemember's biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the covered servicemember. This term does not include parents "in law."
- c) Under the FMLA, a "spouse" means a husband or wife, including those in same-sex marriages, which were made legal in all 50 United States as of June 26, 2015.

d) The “next of kin of a covered servicemember” is the nearest blood relative, other than the covered servicemember's spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made, and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember's next of kin and may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember's only next of kin. For example, if a covered servicemember has three siblings and has not designated a blood relative to provide care, all three siblings would be considered the covered servicemember's next of kin. Alternatively, where a covered servicemember has a sibling(s) and designates a cousin as his or her next of kin for FMLA purposes, then only the designated cousin is eligible as the covered servicemember's next of kin. An employer is permitted to require an employee to provide confirmation of covered family relationship to the covered servicemember pursuant to § 825.122

“Covered active duty” means:

(a) “Covered active duty” for members of a regular component of the Armed Forces means duty during deployment of the member with the Armed Forces to a foreign country.

(b) (2) Covered active duty or call to covered active duty status in the case of a member of the Reserve components of the Armed Forces means duty during the deployment of the member with the Armed Forces to a foreign country under a Federal call or order to active duty in support of a contingency operation, in accordance with 29 CR 825.102.

The leave may commence as soon as the individual receives the call-up notice. (Son or daughter for this type of FMLA leave is defined the same as for child for other types of FMLA leave except that the person does not have to be a minor.) This type of leave would be counted toward the employee’s twelve (12)-week maximum of FMLA leave in a twelve (12)-month period.

6) Military caregiver leave (also known as covered servicemember leave) to care for an injured or ill servicemember or veteran.

An employee whose son, daughter, parent or next of kin is a covered servicemember may take up to twenty-six (26) weeks in a single twelve (12)-month period to take care of leave to care for that servicemember.

Next of kin is defined as the closest blood relative of the injured or recovering servicemember.
The term “covered servicemember” means:

(a) A member of the Armed Forces (including a member of the National Guard or Reserves) who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or

(b) A veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or

Reserves) at any time during the period of five (5) years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy.

The term "serious injury or illness" means:

(c) In the case of a member of the Armed Forces (including a member of the National Guard or Reserves), means an injury or illness that was incurred by the member in line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and

(d) In the case of a veteran who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during a period when the person was a covered servicemember, means a qualifying (as defined by the Secretary of Labor) injury or illness incurred by a covered servicemember in the line of duty on active duty that may render the servicemember medically unfit to perform the duties of his or her office, grade, rank or rating.

(e) Outpatient status, with respect to a covered servicemember, means the status of a member of the Armed Forces assigned to either a military medical treatment facility as an outpatient; or a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients.

D. Amount of Leave

An eligible employee can take up to twelve (12) weeks for the FMLA circumstances (1) through (5) above under this policy during any twelve (12)-month period. The County will measure the twelve (12)-month period as a rolling twelve (12)-month period measured backward from the date an employee uses any leave under this policy. Each time an employee takes leave, the County will compute the amount of leave the employee has taken under this policy in the last twelve (12) months and subtract it from the twelve (12) weeks of available leave, and the balance remaining is the amount the employee is entitled to take at that time.

An eligible employee can take up to twenty-six (26) weeks for the FMLA circumstance (6) above (military caregiver leave) during a single twelve (12)-month period. For this military caregiver leave, the County will measure the twelve (12)-month period as a rolling twelve (12)-month period measured forward. FMLA leave already taken for other FMLA circumstances will be deducted from the total of twenty-six (26) weeks available.

If spouses both work for the County and each wishes to take leave for the birth of a child, adoption or placement of a child in foster care, or to care for a parent (but not a parent "in-law") with a serious health condition, the spouses may only take a combined total of twelve (12) weeks of leave. If spouses both work for the County and each wishes to take leave to care for a covered injured or ill servicemember, the spouses may only take a combined total of twenty-six (26) weeks of leave.

E. Employee Status and Benefits During Leave

While an employee is on leave, the County will continue the employee's health benefits during the leave period at the same level and under the same conditions as if the employee had continued to work.

If the employee chooses not to return to work for reasons other than a continued serious health condition of the employee or the employee's family member or a circumstance beyond the employee's control, the

County will require the employee to reimburse the County the amount it paid for the employee's health insurance premium during the leave period.

Under current County policy, the employee pays a portion of the health care premium. While on paid leave, the employer will continue to make payroll deductions to collect the employee's share of the premium. While on unpaid leave, the employee must continue to make this payment, either in person or by mail. Payment arrangements must be current or made in advance with the Finance Department. If the payment is more than thirty (30) days late, the employee's health care coverage may be dropped for the duration of the leave.

The employer will provide fifteen (15) days' notification prior to the employee's loss of coverage.

If the employee contributes to a life insurance or disability plan, the employer will continue making payroll deductions while the employee is on paid leave. While the employee is on unpaid leave, the employee may request continuation of such benefits and pay his or her portion of the premiums, or the employer may elect to maintain such benefits during the leave and pay the employee's share of the premium payments. If the employee does not continue these payments, the employer may discontinue coverage during the leave. If the employer maintains coverage, the employer may recover the costs incurred for paying the employee's share of any premiums, whether or not the employee returns to work.

F. Employee Status After Leave

An employee who takes leave under this policy may be asked to provide a fitness for duty or return to work with or without restrictions from the health care provider. This requirement will be included in the employer's response to the FMLA request. Generally, an employee who takes FMLA leave will be able to return to the same position or a position with equivalent status, pay, benefits and other employment terms. The position will be the same or one which is virtually identical in terms of pay, benefits and working conditions. The County may choose to exempt certain key employees from this requirement and not return them to the same or similar position.

G. Use of Paid and Unpaid Leave

An employee who is taking FMLA leave because of the employee's own serious health condition or the serious health condition of a family member must use all compensatory time, paid vacation, personal or sick leave prior to being eligible for unpaid leave. Sick leave may be run concurrently with FMLA leave if the reason for the FMLA leave is covered by the established sick leave policy.

Disability leave for the birth of the child and for an employee's serious health condition, including workers' compensation leave (to the extent that it qualifies), will be designated as FMLA leave and will run concurrently with FMLA. For example, if an employer provides six weeks of pregnancy disability leave, the six weeks will be designated as FMLA leave and counted toward the employee's twelve (12)-week entitlement. The employee may then be required to substitute accrued (or earned) paid leave as appropriate before being eligible for unpaid leave for what remains of the twelve (12)-week entitlement. An employee who is taking leave for the adoption or foster care of a child must use all paid vacation, personal or family leave prior to being eligible for unpaid leave.

An employee who is using military FMLA leave for a qualifying exigency must use all paid vacation and personal leave prior to being eligible for unpaid leave. An employee using FMLA military caregiver leave must also use all paid vacation, personal leave or sick leave (as long as the reason for the absence is covered by the County's sick leave policy) prior to being eligible for unpaid leave.

H. Intermittent Leave or a Reduced Work Schedule

The employee may take FMLA leave in twelve (12) consecutive weeks, may use the leave intermittently (take a day periodically when needed over the year) or, under certain circumstances, may use the leave to reduce the workweek or workday, resulting in a reduced hour schedule. In all cases, the leave may not exceed a total of twelve (12) workweeks (or twenty-six (26) workweeks to care for an injured or ill servicemember over a twelve (12)-month period).

The County may temporarily transfer an employee to an available alternative position with equivalent pay and benefits if the alternative position would better accommodate the intermittent or reduced schedule, in instances of when leave for the employee or employee's family member is foreseeable and for planned medical treatment, including recovery from a serious health condition or to care for a child after birth, or placement for adoption or foster care.

For the birth, adoption or foster care of a child, the County and the employee must mutually agree to the schedule before the employee may take the leave intermittently or work a reduced hour schedule. Leave for birth, adoption or foster care of a child must be taken within one (1) year of the birth or placement of the child.

If the employee is taking leave for a serious health condition or because of the serious health condition of a family member, the employee should try to reach agreement with the County before taking intermittent leave or working a reduced hour schedule. If this is not possible, then the employee must prove that the use of the leave is medically necessary.

An employee whether non-exempt or exempt will be expected to use their accrued leave time for a reduced work week while on FMLA. Under FMLA, exempt employees are permitted to use their accrued leave for partial days worked without compromising their exempt status. Non-exempt or exempt employees are relieved of their job-related duties including but not limited to phone calls, texts, email, etc. If an exempt employee is released by their attending physician with limited restrictions, but are on intermittent FMLA, they may communicate by electronic means.

I. Certification for the Employee's Serious Health Condition

The County will require certification for the employee's serious health condition. The employee must respond to such a request within fifteen (15) days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave. Medical certification will be provided using the DOL Certification of Health Care Provider for Employee's Serious Health Condition.

The County may directly contact the employee's health care provider for verification or clarification purposes using a health care professional, an HR professional, leave administrator or management official. The County will not use the employee's direct supervisor for this contact. Before the County makes this direct contact with the health care provider, the employee will be given an opportunity to resolve any deficiencies in the medical certification. In compliance with HIPAA Medical Privacy Rules, the County will obtain the employee's permission for clarification of individually identifiable health information.

The County has the right to ask for a second opinion if it has reason to doubt the certification. The County will pay for the employee to get a certification from a second doctor, which the County will select. The

County may deny FMLA leave to an employee who refuses to release relevant medical records to the health care provider designated to provide a second or third opinion. If necessary to resolve a conflict between the original certification and the second opinion, the County will require the opinion of a third doctor. The County and the employee will mutually select the third doctor, and the County will pay for the opinion. This third opinion will be considered final. The employee will be provisionally entitled to leave and benefits under the FMLA pending the second and/or third opinion.

J. Certification for the Family Member's Serious Health Condition

The County will require certification for the family member's serious health condition. The employee must respond to such a request within fifteen (15) days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave. Medical certification will be provided using the DOL Certification of Health Care Provider for Family Member's Serious Health Condition.

The County may directly contact the employee's family member's health care provider for verification or clarification purposes using a health care professional, an HR professional, leave administrator or management official. The County will not use the employee's direct supervisor for this contact. Before the County makes this direct contact with the health care provider, the employee will be given an opportunity to resolve any deficiencies in the medical certification. In compliance with HIPAA Medical Privacy Rules, the County will obtain the employee's family member's permission for clarification of individually identifiable health information.

The County has the right to ask for a second opinion if it has reason to doubt the certification. The County will pay for the employee's family member to get a certification from a second doctor, which the County will select. The County may deny FMLA leave to an employee whose family member refuses to release relevant medical records to the health care provider designated to provide a second or third opinion. If necessary to resolve a conflict between the original certification and the second opinion, the County will require the opinion of a third doctor. The County and the employee will mutually select the third doctor, and the County will pay for the opinion. This third opinion will be considered final. The employee will be provisionally entitled to leave and benefits under the FMLA pending the second and/or third opinion.

K. Certification of Qualifying Exigency for Military Family Leave

The County will require certification of the qualifying exigency for military family leave. The employee must respond to such a request within fifteen (15) days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave. This certification will be provided using the DOL Certification of Qualifying Exigency for Military Family Leave.

L. Certification for Serious Injury or Illness of Covered Servicemember for Military Family Leave

The County will require certification for the serious injury or illness of the covered servicemember. The employee must respond to such a request within fifteen (15) days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave. This certification will be provided using the DOL Certification for Serious Injury or Illness of Covered Servicemember.

M. Recertification

The County may request recertification for the serious health condition of the employee or the employee's family member no more frequently than every thirty (30) days unless circumstances have changed significantly, or if the employer receives information casting doubt on the reason given for the absence, or if the employee seeks an extension of his or her leave. Otherwise, the County may request recertification for the serious health condition of the employee or the employee's family member every six (6) months in connection with an FMLA absence. The County may provide the employee's health care provider with the employee's attendance records and ask whether need for leave is consistent with the employee's serious health condition.

N. Procedure for Requesting FMLA Leave

All employees requesting FMLA leave must provide verbal or written notice of the need for the leave to the designated HR representative. Within five business days after the employee has provided this notice, the designated HR representative will complete and provide the employee with the DOL Notice of Eligibility and Rights.

When the need for the leave is foreseeable, the employee must provide the employer with at least thirty (30) days' notice. When an employee becomes aware of a need for FMLA leave less than thirty (30) days in advance, the employee must provide notice of the need for the leave either the same day or the next business day. When the need for FMLA leave is not foreseeable, the employee must comply with the County's usual and customary notice and procedural requirements for requesting leave, absent unusual circumstances.

O. Designation of FMLA Leave

Within five business days after the employee has submitted the appropriate certification form, the designated HR representative will complete and provide the employee with a written response to the employee's request for FMLA leave using the DOL Designation Notice. While employees are on an approved incapacitating medical leave they are relieved of all duties, including phone calls, texts and emails.

P. Intent to Return to Work from FMLA Leave

On a basis that does not discriminate against employees on FMLA leave, the County may require an employee on FMLA leave to report periodically on the employee's status and intent to return to work.

3.4.2 VACATION LEAVE

Purpose

The purpose of vacation leave is to provide each employee with annual vacation time and to provide time off for personal business.

Accrual

The following schedule specifies the amount of vacation leave hours earned for a corresponding period of continuous service.

Length of Continuous Service Completed	Accrual Rate	
	Regular Hours	Special (2nd payroll annually in January)
For the first 36 months	5.53 per pay period	5.75
37 months but less than 97 months	6.46 per pay period	6.50
97 months but less than 15 years	7.38 per pay period	7.50
15 years and over	8.30 per pay period	8.50

Vacation leave is accrued every pay period. In order to accrue the specified amount of hours per month, the regular rate is accrued for twenty-five (25) pay periods and on the 26th pay period a special rate is accrued annually on the second payroll in January.

Vacation leave is not earned during an unpaid leave of absence or sick leave that exceeds thirty (30) calendar days. Earning resumes upon return to active status.

Unused vacation leave may be paid to employees upon separation from employment provided they have completed at least one year of continuous service or may be credited as compensable time toward retirement if the employee so chooses. Upon separation of employment, each employee shall be paid for not more than thirty (30) days of accumulated personal leave. Unused personal leave in excess of thirty (30) days shall be counted as creditable service for the purposes of the retirement system as provided in Sections 25-11-103 and 25-13-5 of the Mississippi Code. Pay will be computed based on the accrual rate shown above at the rate earned at the time of termination of employment.

Scheduling

Vacation leave may be requested by full-time employees who have completed one (1) year of service. Vacation days must be scheduled in advance with the department head or manager. The department head or manager retains the right to approve and disapprove, in whole or in part, vacation requests and may reschedule vacation dependent upon the department’s operational needs. Emergency situations or unforeseeable events that prevent employees from requesting leave in advance may be considered on a case-by-case basis at the discretion of his or her department head. Vacation leave may be taken in quarter increments but less than a full day shall be mutually agreed upon by the employee and department head.

If an authorized holiday occurs within an employee’s scheduled vacation leave period, that day will not count against the employee’s vacation leave. If a medically documented illness occurs during a scheduled vacation leave period, sick leave may be substituted for those days during the vacation when the employee was ill starting with the second day of documented illness.

3.4.3 SICK LEAVE

Sick leave will be granted to full-time employees who have completed six (6) months of service and are eligible to earn annual leave. An employee must call, at the latest, no later than fifteen (15) minutes after time to report to work to request sick leave and must talk directly to the department head or manager. Full-time employees who work sixty-six (66) to eighty (80) hours or more scheduled work hours per pay period earn leave as follows:

Regular	Accrual Rate	
	Special (2nd payroll annually in January)	
2.30	2.50	

For the purposes of accruing benefits, the County will count twenty-six (26) pay periods per year.

A full-time employee shall be entitled to use earned sick leave for any one of the following reasons:

- Sickness, disability or serious health condition which incapacitates an employee. The term “serious health condition” means an illness, injury, impairment or physical or mental condition that involves inpatient care in a hospital, hospice, or residential medical care facility or continuing treatment by a health care provider for three (3) or more consecutive days. Serious health condition is a determining factor for Family Medical Leave either at the employee’s request or at the discretion of the Human Resources Department in compliance with the Family Medical Leave Act (FMLA) of 1993;
- Medical, dental, or optical appointments/treatment which are necessary during working hours; (this includes an employee’s immediate family members: spouse, parent, or dependent children)
- Any sickness or confinement at home because of quarantine; (this includes an employee’s immediate family members: spouse, parent, or dependent children)
- Workers’ Compensation injury or illness;
- Other reasons as stated under the Family Medical Leave Act (FMLA).

Department heads or designated managers shall examine each request for sick leave made by an employee and determine if the granting of sick leave is justified based on the provisions above. Department heads may require that an employee submit written evidence from a licensed physician, or other appropriate verification, to validate or support sick leave requests.

Whenever a department head determines that an employee has a medical condition that may seriously impair the employee’s ability to perform the duties and responsibilities of the employee’s position or may jeopardize the health or safety of the employee, fellow employees or the general public, the department head, after receiving a confirming medical opinion, may place the employee in a sick leave status pending corrective treatment or other resolution of the matter.

If a sick leave request is not approved by an employee’s department head, any absence of the employee from work notwithstanding shall be charged against the employee’s vacation leave account, or in the alternative, charged as leave without pay.

3.4.4 LEAVE (24 HOUR FIREFIGHTER)

Vacation Leave (24 Hour Firefighter)

Employees of the Fire Department working twenty-four (24) hour work shifts shall accrue annual leave and charge it against twenty-four (24) hour work shifts in accordance with the following schedule:

Firefighter Personnel (24 Hour Scheduled Shift)

Length of Continuous Service Completed	Accrual Work Days Per Year	Hours
For the first 36 months	4 scheduled days	96 hours
37 months but less than 6 years	5 scheduled days	120 hours
4 scheduled days	7 scheduled days	168 hours
121 months but less than 15 years	9 scheduled days	216 hours
Over 19 years	11 scheduled days	264 hours

Annual leave shall be utilized in accordance with the provisions of the Jackson County Employee Handbook except for the incremental use of taking leave. A twenty-four (24) hour firefighter may take

vacation leave in twelve (12) hour increments subject to the approval by the Fire Chief and/or Fire Coordinator.

Vacation leave requests signed by the fire chief and including the name of the person who will be replacing you on the shift must be turned in to the Fire Coordinator's Office for approval a minimum of two (2) weeks in advance. No more than one (1) person per department can be off on the same day. Once a vacation leave request has been submitted and approved, if for some reason you are unable to take that time off, you must notify the office immediately in order to rescind your request. After the fact notice is NOT sufficient and will not be accepted.

Sick Leave (24 Hour Firefighter)

All firefighters who work a twenty-four (24) hour shift shall accrue one hundred forty-four (144) hours of sick leave annually or twelve (12) hours monthly. Sick leave use shall be utilized in accordance with the provisions of the Jackson County Employee Handbook except for the incremental use of taking leave. A twenty-four (24) hour firefighter may take sick leave in twelve (12) hour incremental subject to the approval of the Fire Chief and/or Fire Coordinator.

Unused leave time may be credited towards retirement in accordance with the provisions of the Jackson County Employee Handbook and subject to the limits and regulations of PERS. Please note that unused leave may not be counted as creditable service towards retirement to the extent it exceeds the accrual rate under the state's leave law.

Sick leave must be called in to the department fire chief AND the Fire Coordinator's Office no later than 5:00 A.M. on the morning of the sick leave absence. If no one is available in the office to take your call, you must leave a voice mail message on one of the two office phones, (228.769.3110) or (228.769.3493) notifying office staff of your absence that day. A leave request for the sick leave absence must be turned in to the Fire Coordinator's Office no later than your next scheduled shift. A doctor's excuse will be required for more than two (2) consecutive sick leave absences upon your return to work.

This Sick Leave (24 Hour Firefighter) policy was approved by the Jackson County Board of Supervisors at their September 10, 2012 meeting and was made effective November 10, 2012.

3.4.5 LEAVE WITHOUT PAY

A department head may grant an employee leave without pay. Leave without pay may result when an employee: (1) has exhausted all accrued vacation or sick leave, (2) does not meet the requirements to use sick or vacation leave, e.g. has not completed introductory period or reached anniversary date, or (3) does not obtain approval for an absence from their department head or manager, which may result in disciplinary action. Leave without pay shall not exceed five (5) working days. If a medical reason is associated with leave without pay, the employee should immediately notify the Human Resources Department.

3.4.6 EXTENDED LEAVE OF ABSENCE

Extended Leave of Absence without pay may be granted to an employee who has completed one (1) year of service for personal or family needs, or educational development opportunities that are not under the requirements of, or pertaining to, the Family Medical Leave Act (FMLA). An extended leave may not exceed six (6) months and requires the approval of the department head and notification to the Board of Supervisors. A request for such leave must be in writing, stating the reason and date of return. Upon

completion of the leave, the County will make an effort to place the employee in the same position or one with like status and pay for which the employee is qualified, but cannot guarantee that placement will be available. The County does not guarantee nor insure that the same position will remain available or open, nor that the employee will be placed in a position with like status or pay. Group health and life insurance for the employee and family insurance may be retained while on an extended leave of absence; however, the employee must pay the full premium cost (employer and employee's contribution). No other benefits will accrue during the leave period. The employee shall give the department head a monthly status report concerning his/her leave and anticipated return from the extended leave of absence.

3.4.7 DONATED LEAVE

Any employee may donate a portion of his or her earned vacation or sick leave to another employee who is suffering from a catastrophic injury or illness, or to another employee who has a member of his or her immediately family (spouse, parent, stepparent, sibling, child, or stepchild) who is suffering from a catastrophic injury or illness, in accordance with the following:

- a) A catastrophic injury or illness means a life-threatening injury or illness of an employee or a member of an employee's immediate family which totally incapacitates the employee from work, as verified by a licensed physician, and forces the employee to exhaust all leave time earned by that employee, resulting in the loss of compensation from the Jackson County for the employee. Conditions that are short-term in nature, including, but not limited to, common illnesses such as influenza and the measles, and common injuries, are not catastrophic. Chronic illnesses or injuries such as cancer or major surgery, which result in intermittent absence from work and which are long-term in nature and require long recuperation periods may be considered catastrophic. (Section 25-3-91, Mississippi Code of 1972)
- b) The employee donating the leave (the "donor employee") shall designate the employee who is to receive the leave (the "recipient employee") and the amount of earned vacation leave and/or sick leave that is to be donated, and shall notify the donor employee's department head of his or her designation. The donor employee's department head shall then forward the request to the Finance Department.
- c) The maximum amount of earned vacation leave that an employee may donate to any other employee may not exceed a number of days that would leave the donor employee with fewer than twenty-one (21) days of vacation leave left, and the maximum amount of earned sick leave that an employee may donate to any other employee may not exceed twenty percent (20%) of the earned sick leave of the donor employee.
- d) In order to be eligible to receive donated leave, the employee shall:
 - (1) Complete one (1) year of continuous full-time employment with Jackson County; and
 - (2) Have exhausted all of his or her earned vacation leave and sick leave (subject to the further requirements hereinbelow)

OR

 - (1) Complete six (6) months service with the County; and
 - (2) Exhaust all accumulated sick leave and vacation leave prior to receiving donated leave (subject to the further requirements hereinbelow). In the event of a

catastrophic illness or injury, the requirement of one-year service prior to being able to utilize accumulated vacation leave will be waived; and

- (3) Upon exhaustion of all accumulated leave, the employee will be allowed to receive a maximum of thirty (30) days donated leave in the discretion of the department head and if the employee meets all other requirements of this policy. However, if an employee receives donated leave prior to the completion of one full year of service, he or she will not be eligible to receive donated leave again until one year from the employee's return to work after the qualifying catastrophic injury or illness.
- e) Before an employee may receive donated leave, he or she must provide the Human Resources Department with a physician's statement that states the beginning date of the catastrophic injury or illness, and description of the injury or illness, and a prognosis for recovery and the anticipated date that the recipient employee will be able to return to work. Once the Human Resources Department receives the necessary documentation, the request must be approved in writing by the employee's department head and top line manager (i.e.: County Administrator, Road Manager, Board Attorney, Comptroller, E-911 Director, Fire Coordinator and Justice Court Clerk) or appropriate elected official. If these two (2) prerequisites are met, the Human Resources Department will submit the request to the Board of Supervisors for final approval.
 - f) The maximum period of time that an employee may use donated leave without resuming work is ninety (90) days per rolling calendar year, which commences on the first day that the recipient employee uses donated leave.
 - g) Donated leave shall be used by the recipient for catastrophic injury or illness only. If the total amount of leave that is donated to any employee is not used by the recipient employee because the recipient employee has used that maximum amount of leave allowable or because the recipient employee no longer suffers from a catastrophic injury or illness, the donated leave shall be returned to the donor employees on a pro rata basis, based on the ratio of number of days of leave donated by each donor employee to the total number of days of leave donated by all donor employees.

3.4.8 BEREAVEMENT LEAVE

Bereavement Leave will be granted for the death of family members including parents, grandparents, stepparents, spouses, siblings, children, step children, in-laws by marriage, or a close relative who has been living with you. The County will provide paid bereavement leave limited to:

- Three (3) days for locations within a 200-mile radius from the closest County line;
- Five (5) days for locations outside a 200-mile radius from closest County line.

3.4.9 CIVIC LEAVE

You will be granted civic leave if you are summoned for jury duty, or subpoenaed to attend Court as a witness. You will be paid by the County the difference between jury pay or the witness fee and scheduled work hours at your regular rate of pay for each day of jury duty. You must submit a copy of any summons or subpoena to your department head. When you return to work, you must provide a statement of attendance and the amount paid by the Court from the Clerk of the Court. If you are released from jury duty four (4) hours or more before the end of your shift, you must report to work within one (1) hour

after being released by the Court. Time spent on civic leave will not be counted as hours worked for the purpose of computing overtime pay.

3.4.10 MILITARY LEAVE

To the extent provided by law, an employee will be granted a leave of absence for up to five years in the military. You will receive your full straight time pay for the first fifteen (15) days to participate in regularly scheduled training activities at any of the reserve branches of the military service in a calendar year. All other military leave will be unpaid. In order to qualify for military leave, employees must notify their department head within three (3) work days of their being called to fulfill a military obligation (e.g., called to active duty or summer camp). Normally, intermittent leaves of absence for military service will be counted cumulatively when determining whether the allowable five (5) years of available leave has been exhausted.

Upon return from leave, employees are required to give notice of their intent to return and may be required to submit applications. To the extent provided by law, employees will be promptly re-employed in the position they would have with reasonable certainty held had they remained on the job. In certain circumstances, an employee may be placed in a job similar with regard to pay, skill and seniority to the one he held prior to his leave. During the military leave period, an employee will continue to accrue seniority and seniority-based benefits that would have been attained with reasonable certainty had he remained previously employed.

3.4.11 DISASTER, EXTREME WEATHER CONDITIONS OR OTHER EMERGENCIES

Employees are requested to stay tuned to local radio and TV stations for announcements of closings of Jackson County facilities which will be made when necessary due to severe weather conditions or other emergencies.

When Regular County Operations are Suspended: The Board of Supervisors may elect to send employees home, including requesting that employees stay home, and grant administrative leave with pay in the event of local or state-wide disaster, extreme weather conditions or other emergency. Employees that have scheduled vacation or sick leave or who have been designated on FMLA or workers' compensation will not be charged their leave time for paid administrative leave. In the event a facility(ies) close(s) before normal close of business, employees who were not present for the workday will not receive pay for that day. Selective functions will be identified as essential during such times. Employees in these areas will be made aware of this designation and may be required to report to work at the request of their department head.

During emergency times, all employees are expected to report to work as requested by their department head, manager, or superintendent unless other arrangements have been made.

Disaster, Extreme Weather Conditions, or Other Emergency - When County is Open: In the event the Board of Supervisors does not suspend regular County operations, employees who do not report to work must use accrued leave to cover the absence or take leave without pay, which must be duly authorized.

CHAPTER 4: MISCELLANEOUS

SECTION 4.1 PERSONNEL RECORDS

4.1.1 OFFICIAL PERSONNEL RECORDS

Records policy: Personnel records and documents contained in each employee's personnel file shall be regarded as confidential information and shall not be made available to members of the general public except for those persons described in Section 4.1.5 of this chapter, and except under circumstances otherwise authorized by applicable state and federal statute and any regulations authorized pursuant thereto.

4.1.2 OFFICIAL CUSTODIAN

For those departments, which utilize the County's Human Resources Department for administering personnel services, the County Administrator shall be the official custodian of all official employee personnel files and of all records and documents contained in each such file. The official personnel file includes any file that contains documents relating to employment with the County, including, but not limited to:

- Application
- Resumes
- Documentation of disciplinary actions and related appeals
- Counseling forms
- Processed payroll action notice (PAN) forms
- Job-related letters of recommendation
- Training certificates
- Service awards
- Job-related personal information
- Personal information provided by the employee, such as emergency telephone numbers and next of kin designation
- Resignation letters/forms.

Pre-employment physical examination or fitness for duty examination reports and evaluation, records of required vaccinations or related waivers, infectious disease exposure reports, and benefits election and designation forms shall be maintained separately and in a manner that protects the confidentiality of medical information relating to the employee.

4.1.3 MAINTENANCE AND DISPOSITION

An official personnel file shall contain all records and documents relating to employment from initial appointment through final termination of County employment. Employee personnel records are classified as either temporary records or permanent records. Employee personnel records procedures provide for the disposal of temporary records and the retention of permanent records. The County takes every precaution to ensure privacy issues for all personnel records.

4.1.4 VERIFICATION OF INFORMATION

Human Resources Department may, for the purpose of assisting a former or current employee in establishing credit or upon the inquiry of an employer of a former or current employee, verify any such employee's full name, address of record, date of employment, title and salary.

4.1.5 INSPECTION OF PERSONNEL FILES

Pursuant to procedures established by the Human Resources Department, an employee's personnel file may be reviewed by the following:

- The employee in interest or any person to whom the employee in interest has given prior written authorization;
- The present or proposed department head of the employee in interest, if for a work-related purpose which the department head articulates in writing;
- The County, State or Federal Auditor, as necessary for the proper performance of the duties and responsibilities and as authorized by law;
- The Board of Supervisors, County Administrator, Board Attorney and Road Manager, as necessary for job-related investigations or the proper performance of their duties and responsibilities;
- The County Equal Employment Opportunity Officer for purposes of investigating particular allegations or grievances in matters regarding possible discrimination violations; and
- Any other person who has been specifically authorized by law to inspect such files.

If any person, described in Section 4.1.5, above, has inspected any employee's personnel files, any such person shall, thereafter, maintain all information acquired as a result thereof in a confidential manner and shall not divulge or make available in any manner any of said information to the general public, except for information regarding the employee's name and title.

If the employee in interest inspects said employee's own personnel file, as provided under section (4.1.5), above, said employee shall be entitled to file a signed statement for inclusion in said file where the employee finds any information contained therein inaccurate or incomplete.

SECTION 4.2 EMPLOYEE COMMUNICATIONS

4.2.1 BULLETIN BOARDS

Each employee is urged to watch the bulletin board in his/her department or the County bulletin board maintained by the Human Resources Department for notices.

4.2.2 COUNTY WEBSITE

The Jackson County website is full of information for the employees and the community. Many contacts and information regarding "What's New" around the County, history and other useful links are provided on the website. The website has also been designed to assist you with common search engines such as job opportunities and County departments. A few select services are provided as your Mississippi "1" Stop: Job Applications, Renew Car Tags, Pay Property Tax, and Property Tax Search, you can also find the most commonly used financial forms for County employees. If there are any questions or concerns with the Jackson County website, please email the Public Relations Department. PublicRelations@co.jackson.us.ms

4.2.3 THE COUNTY CONNECTION

The Jackson County Employee Newsletter “The County Connection” is a monthly publication designed to inform employees of County, community activities and other significant events. The County newsletter also keeps the employees up to date on Service Anniversaries, Birthdays, Award Recognitions, and Holiday activities. If anyone is interested in posting information for the County newsletter, you may contact the Public Relations Department at 769-3260.

PROPERTY INTEREST OR CONTRACT RIGHT DISCLAIMER

JACKSON COUNTY PURCHASING DEPARTMENT
MEMORANDUM

TO: BOARD OF SUPERVISORS
FROM: CINDY STEEN, PURCHASING DIRECTOR
DATE: JANUARY 23, 2018
SUBJECT: CENTRAL BIDDING – ELECTRONIC BIDDING

REQUEST:

In accordance with HB1106 and HB1109, Jackson County Board of Supervisors must select a platform to provide as an additional bidding option, a secure electronic interactive system for the submittal of bids and reverse auctions as the primary methods for receiving bids during the competitive bidding process for commodities costing over \$50,000.00. There is no agreement or contract with this request.

BACKGROUND:

The Mississippi Legislature enacted new requirements during the 2017 Regular Legislative Session. HB1106 and HB1109 was passed by the Mississippi Legislature on April 3, 2017 and signed by Governor Phil Bryant on April 6, 2017. This bill requires changes to the procurement code that include reverse auction as well as electronic bidding. The Bill reads in part:

HB1106 and HB1109 makes this change to sealed bidding:

“Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically....Agencies and Governing Authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section...the provisions of this subparagraph (v) shall not require any bidder to submit bids electronically.

Central Bidding is a leader in both reverse auctions as well as electronic bidding. Central Bidding will offer Jackson County their standard services for electronic bidding at NO cost to the County having to comply with these new procurement requirements.

RECOMMENDATION:

The Purchasing Department recommends approval for Central Bidding to conduct our electronic bidding on an “AS NEEDED BASIS” according to State Contract (RFP NO. 4029) for a trial period of 6 months ending August 5, 2018.

Memorandum

To: Local Governmental Entities in Mississippi
From: Craig P. Orgeron, Ph. D.
Date: December 28, 2017 (*revised January 5, 2018*)
Re: Instructions for Use for Electronic Bidding Services (RFP No. 4029)

Introduction to RFP No. 4029

ITS, on behalf of the Mississippi Department of Finance and Administration (DFA), issued RFP No. 4029 for the acquisition of Reverse Auction and Electronic Bidding Services in September 2017, with an award to five vendors for Electronic Bidding Services published on December 18, 2017. All 5 awarded vendors have signed Agreements (i.e., contracted vendors) to be able to offer electronic bidding services through this award:

- Central Auction House dba Central Bidding
- EASiBuy, LLC
- eSolutionsGroup Limited
- FedBid, Inc.
- Quest Construction Data Network, LLC

This multi-award, and the resulting contracts, meets or exceeds the requirements for procuring services by local governmental entities in Mississippi, when used as directed in this Instructions for Use Memorandum.

RFP No. 4029 was issued to provide local governmental entities in Mississippi with an option for implementation of the requirements in House Bills 1106 and 1109 from the 2017 Regular Session of the Mississippi Legislature. An award for Reverse Auction Services has not been made.

Background for Electronic Bidding Services

House Bill 1106 revised Mississippi Code Section 31-7-13(c)(v) and requires local governmental entities to provide a "secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically." The only exceptions to this requirement are for local governmental entities who are currently without available high-speed internet access and counties having a population of less than twenty thousand and municipalities having a population of less than ten thousand.

The requirement for the receipt of electronic bids is effective January 1, 2018, and is applicable to procurements governed by Mississippi Code Section 31-7-13.

Board Members - Rodney Pearson, Chairman • J. Keith Van Camp, Vice-Chairman • Alan Lange • June Songy • Thomas A. Wicker
Legislative Advisors - Senator Sampson Jackson, II • Representative Gary V. Staples

"Local Governmental Entities" as used herein means governing authorities as defined by Mississippi Code Section 31-7-1(b).

Scope

The use of this award for Electronic Bidding Services is optional for local governmental entities in Mississippi. Local governmental entities using this award are not required to exclusively select a single contracted vendor (i.e., may use any or all contracted vendors for any period of time). Local governmental entities using this award will not be required to select a contracted vendor for any minimum period of time (i.e., may use any or all contracted vendors for any period of time).

The services provided through this award are limited to the provision of electronic bidding services. Contracted vendors cannot offer services for roles or work traditionally performed by public servants through this award, including but not limited to solicitation preparation, requirements/specifications development, specifications research/development, prequalification of bidding vendors/suppliers, and follow-on services (i.e., services performed after the electronic bid is awarded).

Contracted vendors must offer electronic bidding services for procurements valued at \$50,000.01 and above.

Master Contract Effective Dates

Master Software as a Service Agreements have been executed with the 5 awarded vendors. The initial 2-year term of the Agreements expires on December 21, 2019. Contracted vendors are not allowed to require signature of any other contract documents with local governmental entities choosing to use this award.

The State reserved the right for local governmental entities to require contracted vendors to sign addendums to the Master Agreement, when additional terms and conditions are required by federal partners or for other funding agents. Any additional terms and conditions required by the local governmental entity should be executed prior to beginning use of the service.

The terms and conditions of the Master Software as a Service Agreement are included in this Memorandum. Copies of the signed Agreements are available through the MAGIC/Transparency website (URL: <https://www.msegov.com/dfa/transparency/contracts/contracts.aspx>), or by contacting Lynn Ainsworth, ITS, at (601) 432-8150 or Lynn.Ainsworth@its.ms.gov.

Who May Use

The use of this award for Electronic Bidding Services is optional for local governmental entities in Mississippi.

Mississippi state agencies cannot use this award. State agencies must use the State's Enterprise Resource Planning System, MAGIC, administered through DFA, for electronic bidding.

Dollar Limitations of Use

Fees to use the electronic bidding services are paid by the bidding vendors/suppliers choosing to use the service to submit their bids. There are no fees charged to the local governmental entities using the services.

How to Use this Award

The contracted vendor pool for Electronic Bidding Services intentionally offers multiple options in order to best accommodate the unknowns regarding volume of use across all local governmental entities in Mississippi and the differences among contracted vendors in how the electronic bidding services are delivered. DFA encourages your feedback when using this award.

Local governmental entities are encouraged to critically review the fee schedule below when making the decision to engage one of the contracted vendors. Because the fee structures provided by the contracted vendors varies so greatly, DFA encourages local governmental entities to contact several of the vendors to discuss their services and the basis of their fee before selecting one for use.

What Goes in Your Purchase/Audit File for Use of Electronic Bidding Services

A copy of this Memorandum, along with notes made in the selection of a contracted vendor. Refer to the How to Use This Award section above.

How to Use Electronic Bidding Services

How-To-Get-Started Guides for each of the contracted vendors are included in this Memorandum.

Local governmental entities using this award should download the results of each bid as soon as it is completed, such that the download is maintained as documentation of the procurement activities in accordance with the Mississippi Procurement Manual (published at this URL:

<http://www.dfa.ms.gov/dfa-offices/purchasing-travel-and-fleet-management/purchasing-and-travel/procurement-manual/>) and any additional policies specific to the local entity.

Local governmental entities are reminded that bidding vendors/suppliers may not be required to submit bids electronically, pursuant to Mississippi Code Section 31-7-13(c)(v). We have made each contracted vendor aware of this condition. Should the winning low bid be a paper submission, no fee may be assessed against that bidding vendor/supplier. If both paper and electronic bids are received, a separate bid tabulation should be made in addition to the report generated by the Electronic Bidding Services provider to reflect all bids.

At no additional charge, each contracted vendor offers training to both local governmental entities and bidding vendors/suppliers. Additionally, each contracted vendor has the capability to "onboard" your current bidding vendors/suppliers who may wish to utilize these services when bidding. Please refer to the contracted vendors' How-To-Get-Started Guides for additional information.

How-to-Get-Started Guide: Central Auction House dba Central Bidding

CENTRAL BIDDING
FROM CENTRAL AUCTION HOUSE

HOW TO GET STARTED GUIDE FOR MISSISSIPPI VENDORS USING RFP #4209

Central Bidding works to assure all local governmental agencies are provided the tools for success when using our electronic bidding and reverse auction services. We believe this begins with a proper introduction to our services as well as in-depth, pertinent and onsite training when a local governmental agency is ready to begin using our services.

Central Bidding begins by setting up a web page for each local governmental agency within the Central Bidding Web Site. To set up the individual web page for each local governmental agency, the local governmental agency can call or email Finley Ward, Central Bidding Sales Representative for Mississippi (225) 333-9572, finley@centralbidding.com. The information Finley will require include the following:

1. Name of the local governmental agency (as you want it to appear on your web page)
2. Logo or likeness of the local governmental agency (as you want it to appear on your web page)
3. Contact name for person responsible for the local governmental agency (main contact for electronic bidding and reverse auction services).
4. Email address for the person responsible for the local governmental agency (main contact for electronic bidding and reverse auction services).
5. Phone number for the person responsible for the local governmental agency (main contact for electronic bidding and reverse auction services).
6. Physical address for the person responsible for the local governmental agency (main contact for electronic bidding and reverse auction services).

Once the web page for the local governmental agency is completed, Central Bidding is ready to set up training with the local governmental agency. This can be set up by calling or emailing Finley Ward, Central Bidding Sales Representative for Mississippi (225) 333-9572, finley@centralbidding.com. Central Bidding suggests onsite, in person training for each local governmental agency at the time when the local governmental agency is prepared to use the specific service. It is rare when an agency will be ready to upload an electronic bid and a reverse auction at the same time, so it is the suggestion of Central Bidding to schedule training sessions specific to each service at the time when the local governmental agency is ready to use that service. Training typically requires 30 to 45 minutes. Training requires access to the internet (Wi-Fi or an internet connected device).

Central Bidding will also set up credentials for as many users as requested by the local governmental agency. This is discussed at the time of the first training session. Users can be added and deleted at the direction of the local governmental agency.

Note regarding heading above: The RFP reference should be 4029 (rather than 4209).

- 4) On this kick-off call, you will cover: a) Knowledge Base access; b) Help desk ticket system; c) Available support packages; and d) System basics
- 5) Once you have started using the system, EASiBuy remains available for many levels of support engagement. A representative is always happy to assist you.

SOFTWARE OVERVIEW

This guide will introduce the concepts used throughout the software. We recommend reading this overview completely prior to diving in and using the software.

Please note: The terminology we use throughout this guide is appropriate for a reverse auction. The software is capable of running forward auctions as well. In these cases, the auction originator and bidder roles are reversed. Therefore, in a **Reverse Auction**, the Originator is known as the Buyer, while the Bidder is the Seller. For a **Forward Auction**, the Originator would be the Seller, with Bidders as Buyers.

EVENTS

Events are the container for everything that happens during the sourcing process. They provide a mechanism for managing who will participate in the process, publishing documents and receiving responses, and collecting pricing in reverse auction format, as well as electronic price collection without reverse auction rules.

The screenshot displays three main sections of the software interface:

- Participants:** A header with a dark background and white text. Below it, there are two groups of icons representing users. The first group is labeled "Observers" and the second group is labeled "Bidders".
- Pricing:** A section with a dark background and white text. It contains a list of items: "Lot 1" with a sub-item "Line Item 1", and "Lot 2" with sub-items "Line Item 1" and "Line Item 2".
- Document Package:** A section with a dark background and white text. It contains a list of tasks: "Task 1", "Task 2", and "Task 3".

Here, we see a visual representation of all the components within an event. Let's take a closer look:

PARTICIPANTS

Participants are the people who will interact with the software throughout the sourcing event. What a participant sees is determined by what role they will play in the sourcing event.

Bidders review and respond to document packages and place bids.

Editors are Buyer staff who have the ability to make changes to the event.

Observers are Buyer staff who have read-only access to an event.

As you progress through the sourcing event, participants will move through "stages". These stages are used to control bidder access to document packages and the price submission interface.

DOCUMENT PACKAGES

Document packages provide a means for buyers to publish information and files, and for bidders to respond by completing tasks and uploading files. An important aspect of document packages is their access level. Access to document packages can be limited to participants of a particular stage. This allows you to progressively release documents to groups of bidders as they pass through from stage to stage.

Bidders interact with document packages by completing tasks and uploading attachments. Observers are able to see bidder responses, and editors are able to "flag" tasks that are not compliant. These flagged items will be reflected on the bidder's interface, indicating to them that they need to address deficiencies.

LOTS & LINE ITEMS

Line Items are the things you intend to purchase, which are organized into lots. You create lots and line items either through the web interface, or by uploading them using an auction layout spreadsheet.

When bidders submit pricing, they log in to the bidding interface, and select a lot. From there, they can submit prices on individual line items, or they can upload a spreadsheet with all their bids at once. The bids placed are validated against the auction rules, and bidders receive feedback in real time.

REVERSE AUCTIONS & ELECTRONIC BIDDING EVENTS

During the eProcurement, buyers use the observer interface to monitor the bid. This interface provides a means to monitor and control a procurement. From this screen, buyers are able to pause the event, see which bidders are logged in, and monitor the time remaining.

Bidder Overview - Sums all baseline and bid information for each bidder, displaying overall rank, bid, and savings information.

Line Item Overview - Shows the 1st place bid for each line item, with bid and savings information.

Line Item Detail - Details information for a specific line item, including each bidder, bid amount, and savings information.

Together, these views provide a comprehensive, live-updated view into auction performance.

REPORTING

Reports provide information about auction activity and bidding results. Once the bid has closed, buyers can run reports in several formats. Each format provides a different level of detail, with some reports focused on statistical auction performance, and others focused on providing a comparison of pricing submitted by suppliers: a) **Event** - Overview providing auction activity information; b) **Lot** - Ranked bid tabs with audit log of all bids placed in an event; c) **Line Item** - Ranked bid tabulations and an audit log for a specific line item; and d) **Bidder** - Comprehensive, side-by-side report of all bidders and all lines.

Terms and Conditions from Master Software As A Service Agreement

**PROJECT NUMBER 43766
MASTER SOFTWARE AS A SERVICE AGREEMENT
BETWEEN
INSERT VENDOR NAME
AND
MISSISSIPPI DEPARTMENT OF INFORMATION TECHNOLOGY SERVICES
AS CONTRACTING AGENT FOR THE
LOCAL GOVERNMENTAL ENTITIES OF THE STATE OF MISSISSIPPI**

This Master Software as a Service Agreement (hereinafter referred to as "Master Agreement") is entered into by and between INSERT VENDOR NAME, a INSERT STATE OF INCORPORATION corporation having its principal offices at INSERT VENDOR STREET ADDRESS (hereinafter referred to as "Contractor") and the Mississippi Department of Information Technology Services, having its principal place of business at 3771 Eastwood Drive, Jackson, Mississippi 39211 (hereinafter referred to as "ITS"), as contracting agent for the local governmental entities of the State of Mississippi (hereinafter referred to as "Customer"). ITS and Customer are sometimes collectively referred to herein as "State".

WHEREAS, ITS, pursuant to Request for Proposals ("RFP") Number 4029 requested proposals in order to assemble a list of approved contractors who may provide a Software as a Service ("SaaS") solution for reverse auctions and/or electronic bidding services; and

WHEREAS, the Contractor was one of the successful respondents in an open, fair and competitive procurement process to provide electronic bidding services; and

WHEREAS, ITS and Contractor desire to enter into this Master Agreement which contains the terms and conditions which will govern any orders placed by the local governmental entities within the state of Mississippi for electronic bidding services;

NOW THEREFORE, in consideration of the mutual understandings, promises, consideration and agreements set forth, the parties hereto agree as follows:

ARTICLE 1 TERM OF AGREEMENT

Unless terminated as prescribed elsewhere herein, this Master Agreement will become effective on the date it is signed by all parties (the "Effective Date") and will continue in effect for two (2) years thereafter, or until all warranties provided by Contractor to Customer have expired, whichever occurs last ("Initial Term"). At the end of the Initial Term, the Master Agreement may, upon the written agreement of ITS and Contractor, be renewed for three (3) additional one (1) year terms. Contractor will notify ITS sixty (60) days in advance prior to the expiration of the initial or any renewal term and ITS shall have thirty (30) days in which to notify Contractor of its intention to either renew or cancel this Master Agreement.

ARTICLE 2 DEFINITIONS

The following terms as used herein shall have the following meanings:

2.1 "Active User" means vendors submitting proposals for a particular RFP, Customer employees and any third party consultants or outsourcers engaged by Customer who are actively participating on the system in any given month of operation and who shall be bound to the terms and conditions of this Master Agreement.

2.2 "Application(s)" or "SaaS Application(s)" means those Contractor software application programs which are made accessible for Active Users to use under the terms of this Master Agreement.

2.3 "Available Date" means the date upon which Contractor notifies Customer that the Applications may be accessed on the Contractor's SaaS server and Customer may begin acceptance testing.

2.4 "Cloud Services" or "SaaS Services" means those services related to Contractor's private cloud environment provided to Customer, including but not limited to, infrastructure, equipment, bandwidth, server monitoring, backup services, disaster recovery services, storage area network (SAN) services, security services, system administration, connectivity services, performance tuning, update installation and maintenance services related thereto.

2.5 "Content" means any data provided by or through Active Users into the Services.

2.6 "Contractor" means INSERT VENDOR NAME, and its successors and assigns.

2.7 "Customer" means, in each instance, the local governmental entity of the state of Mississippi who engages Contractor to perform reverse auctions and/or electronic bidding services pursuant to this Master Agreement.

2.8 "Documentation" means the user and technical manuals and documentation published by Contractor relating to the use of the Services or Applications; the help files included within the Applications, and any files containing presentation materials or manuals or other related materials to train and educate Customer and the Active Users on the use of the Applications.

2.9 "Initial Term" means the two (2) year term of Services as indicated in Article 1.

2.10 "Order Form" means the document pursuant to which, among other things, Customer orders the Services from Contractor.

2.11 "Services" means any Cloud Services, on-line user access, customizations, interface development, consulting, education, SaaS installation, system administration, training, maintenance, support, and Help Desk services provided by Contractor to Customer.

ARTICLE 3 MODIFICATION OR RENEGOTIATION

This Master Agreement may be modified only by written agreement signed by the parties hereto. The parties agree to renegotiate the Master Agreement and pertinent Order Forms in the event that federal and/or state revisions of any applicable laws or regulations make changes in this Master Agreement necessary.

ARTICLE 4 INCLUDED PARTIES AND PRICING

Contractor will accept orders from and furnish the Services under this Master Agreement to any local governmental entity within Mississippi. Pricing will be based on Contractor's pricing submitted in its proposal in response to RFP No. 4029 and attached hereto as Exhibit A. Contractor guarantees the pricing in the attached Exhibit A for the Initial Term.

ARTICLE 5 ADDITIONAL TERMS AND CONDITIONS

All provisions in this Master Agreement are in addition to the requirements of RFP No. 4029 and Contractor's Proposal in response thereto, which are both incorporated into and made a part of this Master Agreement.

ARTICLE 6 ORDERS

6.1 The State does not make any guarantee as to volume of Services procured or dollars to be spent under this Master Agreement.

6.2 When a Customer decides to procure any Services from Contractor, the Customer shall follow ITS' then-current, published instructions for use memorandum and applicable laws and shall submit an Order Form to Contractor to request the particular Services to be procured. All Order Forms shall be governed by, and incorporate by reference, the terms and conditions of this Master Agreement. The terms and conditions of this Master Agreement shall supersede any conflicting terms and conditions set forth in any subsequent documents provided by Contractor or its subcontractors to Customer. The parties agree that the Customer has the right to adjust the quantities of Services procured based upon the availability of funding or as determined necessary by the Customer.

6.3 Contractor acknowledges and agrees that state agencies within Mississippi can NOT use this Master Agreement. Additionally, Contractor further acknowledges and agrees that this Master Agreement can only be used for reverse auction and/or electronic bidding services and not for any other purpose.

ARTICLE 7 METHOD AND TIME OF PAYMENT

The parties agree that the Bidding Vendors/Suppliers who elect to use Contractor's electronic bidding services shall remit payment for same to Contractor as specified in the attached Exhibit A.

ARTICLE 8 DELIVERY AND ACCEPTANCE

8.1 Contractor shall make available the Software and Documentation to the Contractor's hosting environment pursuant to the delivery schedule mutually agreed to by the parties.

8.2 Unless a different acceptance period is agreed upon by Contractor and Customer, the Customer shall have ten (10) business days after the Available Date to evaluate and test the Services to confirm that they perform without any defects and perform in accordance with RFP No. 4029, Contractor's Proposal in response thereto, and Contractor's user Documentation. Customer shall immediately thereafter notify Contractor in writing of any defects in the Software or Services which must be corrected prior to payment being made. Thereafter, Contractor shall have ten (10) business days or such other time period as may be agreed upon by the parties, in which to either repair or replace the defective Software or re-perform the Services, all at Contractor's expense. In the event Contractor is unable to repair the defect within this ten (10) day period, Customer may terminate its Order Form pursuant to the Termination Article herein.

ARTICLE 9 SCOPE OF SERVICES

9.1 The Contractor agrees to provide Customer a SaaS based reverse auction and/or electronic bidding system as described in this Master Agreement. While the scope of work for this project is defined by the contract documents set forth herein in the article titled "Entire Agreement", a summary of such work is outlined in Article 9.2 below.

9.2 Contractor shall be responsible for the following:

- A. Ensuring that all deliverables are complete and accepted by Customer pursuant to a mutually agreed upon project work plan;
- B. Tracking date sensitive items to ensure timely updates;
- C. Acknowledging that the Content is and shall remain the sole and exclusive property of Customer. Upon the termination or expiration of Customer's Order Form or this Master Agreement,

Contractor shall provide such Content in its possession to Customer pursuant to a mutually agreed upon release schedule and in a format acceptable to Customer;

- D. Working with Customer to achieve access rates that meet Customer's needs;
- E. Providing security for the site that is agreeable to Customer with Contractor responsible for all necessary equipment and software related to security;
- F. Maintaining the accessibility of the site twenty-four (24) hours a day, seven (7) days a week at an uptime rate of 99% or greater, subject to the limitations set forth in this Master Agreement, including but not limited to, those in Article 10.4;
- G. Completing daily backups of the site;
- H. Notifying Customer at least three (3) business days prior to any anticipated service interruption, with said notice containing a general description of the reason for the service interruption;
- I. Proposing and adhering to a disaster recovery plan and providing access to such plan to the State, all at Contractor's expense;
- J. Participating with Customer in disaster recovery planning and testing based on a mutually agreed upon schedule;
- K. Maintaining the confidentiality of the information entered;
- L. Providing access to all of the technical information concerning operation of the system, including but not limited to, server specifications, Internet connection information, personnel requirements and software implementations;
- M. Identifying any commercially available software, by vendor and version number, integrated into the Applications and describing the particular functionality of any software that is proprietary to the Contractor;
- N. Maintaining the host site, with the cost for such support, maintenance, and hosting for years following the Initial Term not increasing annually beyond three percent (3%) or the percent increase in the consumer price index for all Urban Consumers, US City Average (C.P.I.-U) for the preceding year, whichever is less;
- O. Providing 24x7x365 support of the site;
- P. Providing redundant internet connections;
- Q. Providing Transport Layer Security ("TLS") secure server support;
- R. Maintaining sufficient bandwidth and server capacity to meet Customer's needs and Active Users' demand as it may fluctuate and increase during the term of this Master Agreement, and;
- S. Ensuring that all Customer data remains within the continental United States;
- T. Partitioning Customer's data from other customer data so Customer's access is not impaired due to e-discovery, seizure, or the like, and
- U. Ensuring that upon termination or expiration of the Order Form or this Master Agreement that transition from the Contractor to Customer or to a successor host will be accomplished at no cost to Customer.

9.3 In the event Contractor creates any revisions to or upgrades of the system, Contractor shall provide thirty (30) days written notification of such revision or upgrade, and shall, upon request of Customer, furnish such revision or upgrade to Customer free of charge as part of the SaaS fees.

ARTICLE 10 SCOPE OF LICENSE AND RIGHT TO USE

10.1 Subject to the terms and conditions of this Master Agreement, Contractor hereby grants to Customer a non-exclusive and non-transferable license to access the Applications over the Internet and to use it for Customer's business operations and use it on the Contractor's host server for the term specified in the Order Form and any subsequent renewal terms in accordance with, and subject to, the terms and conditions set forth in this Master Agreement. Customer and Active Users are granted access to the Applications and Services twenty-four (24) hours a day, seven (7) days a week, three hundred and sixty five (365) days a year, subject to regularly scheduled maintenance and required repairs.

10.2 Contractor will provide Customer storage space on and access to Contractor's Applications via the Internet and provide Internet access to the Applications and Cloud Services to the Active Users through Contractor's site ("SaaS Services").

10.3 In connection with the SaaS Services, Contractor will provide and maintain all Applications and hardware, including, but not limited to, the server hardware and software, telecommunications hardware and software, security hardware and software and other software that is reasonably necessary to operate and maintain the Services.

10.4 The Applications and Services will be accessible at least ninety-nine percent (99%) of the time, twenty-four (24) hours a day, seven (7) days a week, except for scheduled maintenance and required repairs, and except for any loss or interruption of the SaaS Services due to causes beyond the control of Contractor. In the event that Customer or an Active User is unable to achieve the 99% application availability during any given month, excluding scheduled maintenance, required repairs, and unavailability due to causes beyond the control of Contractor, the State reserves the right to terminate the Order Form and/or this Master Agreement. Contractor shall maintain the server at a secured location with restricted access.

10.5 Contractor shall provide the Customer with its standard managed firewall service, which shall enable secure delivery of Contractor's Services using fully redundant hardware-based firewalls. Contractor's managed firewall service will be available twenty-four (24) hours a day, seven (7) days a week.

10.6 The use of the Services by Active Users will be governed solely by the terms and conditions of this Master Agreement.

10.7 Customer acknowledges that Contractor retains ownership of all right, title and interest to the Services, all of which are protected by copyright and other intellectual property rights, and that, other than the express rights granted herein and under any other agreement in writing with Customer, shall not obtain or claim any rights in or ownership interest to the Services or Applications or any associated intellectual property rights in any of the foregoing. Customer agrees to comply with all copyright and other intellectual property rights notices contained on or in any information obtained or accessed by Customer through the Services.

ARTICLE 11 DATA SECURITY

11.1 As part of the Services, Contractor shall provide administrative, physical, and technical safeguards for protection of the security, confidentiality and integrity of Content. Contractor agrees to comply with all applicable privacy or data protection statutes, rules, or regulations governing the respective activities of the parties under this Master Agreement.

11.2 Prior to initiation of the Services under this Master Agreement and on an ongoing basis thereafter, Customer agrees to provide notice to Contractor of any extraordinary privacy or data protection statutes, rules, or regulations which are or become applicable to Customer's industry and which could be imposed on Contractor as a result of provision of the Services.

11.3 Contractor shall maintain a hosting environment that undergoes examinations from an independent auditor in accordance with the American Institute of Certified Public Accounts SSAE 16 (i.e. SOC 1) and the AICPA Trust Services Principles Section 100a, Trust Services for Security, Availability, Processing Integrity, Confidentiality and Privacy (i.e. SOC 2). Contractor's private cloud shall be evaluated for the principles of Security, Availability and Confidentiality by the independent auditor. The data center in which Contractor's private cloud is located shall undergo pertinent security

examinations. Management access to Contractor's private cloud shall be limited to Contractor's authorized support staff and Customer's authorized staff. The Applications shall provide Customer with the ability to configure application security and logical access per Customer's business processes. In the event Customer identifies a security issue, Customer will notify Contractor.

11.4 At a minimum, Contractor's safeguards for the protection of protected health information ("PHI") and personally identifiable information ("PII"), if any, shall include: (i) limiting access of PHI and PII to authorized employees; (ii) securing business facilities, data centers, paper files, servers, back-up systems and computing equipment, including, but not limited to, all mobile devices and other equipment with information storage capability; (iii) implementing network, device application, database and platform security; (iv) securing information transmission, storage and disposal; (v) implementing authentication and access controls within media, applications, operating systems and equipment; (vi) encrypting PII and PHI stored on any mobile media; (vii) encrypting PII and PHI transmitted over public or wireless networks; (viii) strictly segregating PII and PHI from information of Contractor or its other customers so that PII and PHI is not commingled with any other types of information; (ix) implementing appropriate personnel security and integrity procedures and practices, including, but not limited to, conducting background checks consistent with applicable law; and (x) providing appropriate privacy and information security training to Contractor's employees. Any and all subcontractors shall adhere to the aforementioned protection and encryption (in transit and at rest) of PHI and PII, as well as follow the stated breach policy.

11.5 Contractor will comply with all applicable federal and state laws to resolve security breaches, and, to the extent Contractor is responsible for such security breaches, will cover the cost of remedial measures as required by such laws and otherwise consistent with this Master Agreement. Customer may seek equitable relief including a restraining order, injunctive relief, specific performance, and such other relief that may be available from a court in addition to any other remedy to which Customer may be entitled at law or in equity. Such remedies shall not be deemed to be exclusive but shall be in addition to all other remedies available at law or in equity.

11.6 At any time during the term of the applicable Order Form or this Master Agreement at Customer's request or upon the termination or expiration of the Order Form or this Master Agreement for any reason, Contractor shall promptly return to Customer all copies, whether in written, electronic or other form or media, of PHI and PII in its possession, or securely dispose of all such copies, and certify in writing to Customer that such has been returned to Customer or disposed of securely. Contractor shall comply with all reasonable directions provided by Customer with respect to the return or disposal of PHI and PII.

11.7 Upon Customer's request, to confirm Contractor's compliance with this Master Agreement, as well as any applicable laws, regulations and industry standards, Contractor grants Customer or, upon Customer's election, a third party on Customer's behalf, permission to perform an assessment, audit, examination or review of all controls in Contractor's physical and/or technical environment in relation to all PHI or PII being handled and/or services being provided to Customer pursuant to this Master Agreement. Contractor shall fully cooperate with such assessment by providing access to knowledgeable personnel, physical premises, Documentation, infrastructure and application software that processes, stores or transports PHI or PII for pursuant to this Master Agreement.

11.8 It is understood and agreed that at least once per year, Contractor shall conduct site audits of the information technology and information security controls for all facilities used in complying with its obligations under this Master Agreement, including but not limited to, obtaining a network-level vulnerability assessment performed by a recognized third-party audit firm based on the recognized industry best practices. Contractor shall make the reports available to Customer for review. Any

exceptions noted on the Statement on Standards for Attestation Engagements (SSAE) report or other audit reports will be promptly addressed with the development and implementation of a corrective action plan by Contractor's management and resolved, at Contractor's sole expense, within thirty (30) calendar days of the audit.

ARTICLE 12 WARRANTIES

12.1 Contractor represents and warrants that it has the right to license the Applications provided under this Master Agreement.

12.2 Contractor represents and warrants that the Services provided by Contractor shall meet or exceed the minimum specifications set forth in RFP No. 4029 and Contractor's Proposal, as accepted by ITS, in response thereto.

12.3 During the term of this Master Agreement, the Contractor represents and warrants that its Services hereunder shall be performed by competent personnel and shall be of professional quality consistent with generally accepted industry standards for the performance of such Services and shall comply in all respects with the requirements of this Master Agreement. For any breach of this warranty, Contractor shall perform the Services again, at no cost to the State, or if Contractor is unable to perform the Services as warranted, the State reserves the right to terminate the Order Form and/or this Master Agreement.

12.4 Contractor represents and warrants that the Application shall not contain a disabling code, lockup program or device. Contractor further agrees that it will not, under any circumstances including enforcement of a valid contract right, (a) install or trigger a lockup program or device, or (b) take any step which would in any manner interfere with Customer's or Active User's licensed use of the Applications and/or which would restrict Customer from accessing its data files or in any way interfere with the transaction of Customer's business. For any breach of this warranty, Contractor at its expense shall, within ten (10) business days after receipt of notification of the breach, remove any such disabling code, lockup program or device.

12.5 Contractor represents and warrants that it has tested and will test (not less than on a daily basis) the Applications using commercially reasonable methods to ensure that the Applications provided to Customer do not and will not contain or incorporate any computer code, programs, procedures, mechanisms or programming devices (including but not limited to, viruses, trojan horses, or worms) that are designed to, or would enable Contractor or any third-party to, disrupt, modify, delete, damage, deactivate, disable, harm or otherwise impede the operation of the Contractor's system, or any other associated software, firmware, hardware, computer system or network, including Customer's applications and Content. For any breach of this warranty, Contractor at its expense shall, within five (5) business days after receipt of notification of the breach, be responsible for repairing, at Contractor's expense, any and all damage done by the virus or such to Customer's applications and Content.

12.6 If applicable under the given circumstances, Contractor represents and warrants that it will ensure its compliance with the Mississippi Employment Protection Act, Section 71-11-1, et seq. of the Mississippi Code Annotated (Supp2008), and will register and participate in the status verification system for all newly hired employees. The term "employee" as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, "status verification system" means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. Contractor agrees to maintain records of such compliance and, upon request of the State and approval of the Social Security Administration or Department of Homeland Security where required, to provide a copy of each such

verification to the State. Contractor further represents and warrants that any person assigned to perform services hereunder meets the employment eligibility requirements of all immigration laws of the State of Mississippi. Contractor understands and agrees that any breach of these warranties may subject Contractor to the following: (a) termination of this Master Agreement and ineligibility for any state or public contract in Mississippi for up to three (3) years, with notice of such cancellation/termination being made public, or (b) the loss of any license, permit, certification or other document granted to Contractor by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year, or (c) both. In the event of such termination/cancellation, Contractor would also be liable for any additional costs incurred by the State due to contract cancellation or loss of license or permit.

ARTICLE 13 INFRINGEMENT INDEMNIFICATION

13.1 Contractor represents and warrants, to the best of its knowledge, that neither the Applications and Services provided to Customer under this Master Agreement nor their use by Customer will violate or infringe on any copyright, patent, trade secret or other proprietary right of any person or entity. Contractor, at its own expense, shall defend or settle any and all infringement actions filed against Contractor or Customer which involve the Applications, Services or other items provided under this Master Agreement and shall pay all costs, attorney fees, damages and judgment finally awarded against Customer provided that: (a) Customer notifies Contractor in writing of any such claim of which it has knowledge; (b) Contractor has, to the extent authorized by Mississippi law, sole control of the defense of any actions or negotiations related to the defense or settlement of any such claim, and (c) Customer cooperates in the defense of the claim by supplying Contractor all relevant information currently available and in its possession, all at Contractor's expense. In no event shall the State compromise, settle or adversely impact the defense of any actions or negotiations without the prior, written consent of Contractor. Further, in no event shall Contractor compromise or settle any such actions or negotiations without the prior written consent of Customer if such compromise or settlement would create an obligation or liability upon Customer or the State. If, in any such suit arising from such claim, the continued use of the items for the purpose intended is enjoined or threatened to be enjoined by any court of competent jurisdiction, Contractor shall, at its expense: (a) first procure for Customer the right to continue using such Applications or Services, or upon failing to procure such right; (b) modify or replace them with non-infringing items with equivalent functionality.

13.2 Contractor shall have no obligation for infringement claims caused by: (a) an unauthorized modification of the Applications or Service by Customer or a third party; (b) use of the Service other than in accordance with the Documentation for the Service or as authorized herein; (c) use of the Services in conjunction with any data, equipment or software not provided by Contractor where the Services would not otherwise be infringing except for such combination; or (d) use of the Services or Application by Customer other than in accordance with this Master Agreement.

ARTICLE 14 EMPLOYMENT STATUS

14.1 Contractor shall, during the entire term of this Master Agreement, be construed to be an independent contractor. Nothing in this Master Agreement is intended to nor shall be construed to create an employer-employee relationship, or a joint venture relationship.

14.2 Contractor represents that it is qualified to perform the duties to be performed under this Master Agreement and that it has, or will secure, if needed, at its own expense, applicable personnel who shall be qualified to perform the duties required under this Master Agreement. Such personnel shall not be deemed in any way, directly or indirectly, expressly or by implication, to be employees of Customer.

14.3 Any person assigned by Contractor to perform the Services hereunder shall be the employee of Contractor, who shall have the sole right to hire and discharge its employee. Customer may, however, direct Contractor to replace any of its employees under this Master Agreement.

14.4 Contractor shall pay when due, all salaries and wages of its employees and it accepts exclusive responsibility for the payment of federal income tax, state income tax, social security, unemployment compensation and any other withholdings that may be required. Neither Contractor nor employees of Contractor are entitled to state retirement or leave benefits.

ARTICLE 15 BEHAVIOR OF EMPLOYEES/SUBCONTRACTORS

Contractor will be responsible for the behavior of all its employees and subcontractors while on the premises of any Customer location. Any Contractor employee or subcontractor acting in a manner determined by the administration of that location to be detrimental, abusive or offensive to any of Customer's staff, will be asked to leave the premises and may be suspended from further work on the premises. All Contractor employees and subcontractors who will be working at such locations shall be covered by Contractor's comprehensive general liability insurance policy.

ARTICLE 16 AUTHORITY, ASSIGNMENT AND SUBCONTRACTS

16.1 In matters of proposals, negotiations, contracts, and resolution of issues and/or disputes, the parties agree that Contractor represents all contractors, third parties, and/or subcontractors Contractor has assembled for any given Customer project. The Customer is only required to negotiate with Contractor, as Contractor's commitments are binding on all proposed contractors, third parties, and subcontractors.

16.2 Neither Customer nor Contractor may assign or otherwise transfer the Order Form and this Master Agreement or its obligations hereunder without the prior written consent of the other party, which consent shall not be unreasonably withheld. Any attempted assignment or transfer of its obligations without such consent shall be null and void. The Order Form and this Master Agreement shall be binding upon the parties' respective successors and assigns.

16.3 Contractor must obtain the written approval of the State before subcontracting any portion of the Order Form and this Master Agreement. No such approval by the State of any subcontract shall be deemed in any way to provide for the incurrence of any obligation of Customer in addition to the total fixed price, if any, agreed upon in the Order Form. All subcontracts shall incorporate the terms of the applicable Order Form and this Master Agreement and shall be subject to the terms and conditions of same and to any conditions of approval that Customer may deem necessary.

16.4 Contractor represents and warrants that any subcontract agreement Contractor enters into shall contain a provision advising the subcontractor that the subcontractor shall have no lien and no legal right to assert control over any funds held by the Customer, and that the subcontractor acknowledges that no privity of contract exists between the Customer and the subcontractor and that Contractor is solely liable for any and all payments which may be due to the subcontractor pursuant to its subcontract agreement with Contractor. Contractor shall indemnify and hold harmless the State from and against any and all claims, demands, liabilities, suits, actions, damages, losses, costs and expenses of every kind and nature whatsoever arising as a result of Contractor's failure to pay any and all amounts due by Contractor to any subcontractor, materialman, laborer or the like.

16.5 All subcontractors shall be bound by any negotiation, arbitration, appeal, adjudication or settlement of any dispute between Contractor and the Customer, where such dispute affects the subcontract.

ARTICLE 17 TERMINATION

17.1 Termination Upon Mutual Agreement: An Order Form may be terminated in whole or in part upon the mutual written agreement of Contractor and the Customer.

17.2 Termination Due To Bankruptcy: Should Contractor become the subject of bankruptcy or receivership proceedings, whether voluntary or involuntary, or execute an assignment for the benefit of its creditors, the Customer may, upon the giving of thirty (30) days prior written notice to Contractor, terminate its Order Form and this Master Agreement without the assessment of penalties, solely as between those parties.

17.3 Termination Other Than For Cause: A Customer may terminate an Order Form and this Master Agreement as to itself only, in whole or in part and without the assessment of penalties, for any reason by giving thirty (30) calendar days written notice specifying the effective date thereof to Contractor.

17.4 Termination For Cause: If either party fails to comply with the terms and conditions of the Order Form or this Master Agreement and that breach continues for thirty (30) days after the defaulting party receives written notice from the other party, then the non-defaulting party has the right to terminate the Order Form and this Master Agreement solely as between those two parties. The non-defaulting party may also pursue any remedy available to it in law or in equity.

17.5 Termination of Master Agreement: ITS may terminate this Master Agreement without the assessment of penalties for any reason after giving thirty (30) calendar days written notice specifying the effective date thereof to Contractor but any Order Form entered into prior to the termination date of this Master Agreement shall survive the termination of the Master Agreement. The terms of this Master Agreement shall survive its termination/expiration with respect to any un-expired Order Forms.

ARTICLE 18 GOVERNING LAW

This Master Agreement and each Order Form shall be construed and governed in accordance with the laws of the State of Mississippi and venue for the resolution of any dispute shall be Jackson, Hinds County, Mississippi. Contractor expressly agrees that under no circumstances shall Customer or ITS be obligated to pay an attorneys fee, prejudgment interest or the cost of legal action to Contractor. Further, nothing in this Master Agreement shall affect any statutory rights Contractor and Customer may have that cannot be waived or limited by contract.

ARTICLE 19 WAIVER

Failure of either party hereto to insist upon strict compliance with any of the terms, covenants and conditions hereof shall not be deemed a waiver or relinquishment of any similar right or power hereunder at any subsequent time or of any other provision hereof, nor shall it be construed to be a modification of the terms of this Master Agreement. A waiver by the State to be effective, must be in writing, must set out the specifics of what is being waived, and must be signed by an authorized representative of the State.

ARTICLE 20 SEVERABILITY

If any term or provision of an Order Form or this Master Agreement is prohibited by the laws of the State of Mississippi or declared invalid or void by a court of competent jurisdiction, the remainder of the Order Form or this Master Agreement shall be valid and enforceable to the fullest extent permitted by law provided that the Customer's purpose for entering into the Order Form can be fully achieved by the remaining portions of the Order Form that have not been severed.

ARTICLE 21 CAPTIONS

The captions or headings in this Master Agreement are for convenience only, and in no way define, limit or describe the scope or intent of any provision or section of this Master Agreement.

ARTICLE 22 HOLD HARMLESS

To the fullest extent allowed by law, Contractor shall indemnify, defend, save and hold harmless, protect and exonerate Customer, ITS and the State, its Board Members, officers, employees, agents and representatives from and against any and all claims, demands, liabilities, suits, actions, damages, losses, costs and expenses including without limitation, court costs, investigative fees and expenses, attorney fees and claims for damages arising out of or caused by Contractor and/or its partners, principals, agents, employees or subcontractors in the performance of or failure to perform the Order Form and this Master Agreement.

ARTICLE 23 THIRD PARTY ACTION NOTIFICATION

Contractor shall notify Customer in writing within five (5) business days of Contractor filing bankruptcy, reorganization, liquidation or receivership proceedings or within five (5) business days of its receipt of notification of any action or suit being filed or any claim being made against Contractor or Customer by any entity that may result in litigation related in any way to the Order Form or this Master Agreement and/or which may affect Contractor's performance under the Order Form or this Master Agreement. Failure of Contractor to provide such written notice to Customer shall be considered a material breach of this Master Agreement and the Customer may, at its sole discretion, pursue its rights as set forth in the Termination Article herein and any other rights and remedies it may have at law or in equity.

ARTICLE 24 AUTHORITY TO CONTRACT

Contractor warrants that it is a validly organized business with valid authority to enter into this Master Agreement; that entry into and performance under this Master Agreement is not restricted or prohibited by any loan, security, financing, contractual or other agreement of any kind, and notwithstanding any other provision of this Master Agreement to the contrary, that there are no existing legal proceedings, or prospective legal proceedings, either voluntary or otherwise, which may adversely affect its ability to perform its obligations under an Order Form and this Master Agreement.

ARTICLE 25 NOTICE

Any notice required or permitted to be given under this Master Agreement shall be in writing and personally delivered or sent by electronic means provided that the original of such notice is sent by certified United States mail, postage prepaid, return receipt requested, or overnight courier with signed receipt, to the party to whom the notice should be given at their usual business address. ITS' address for notice is: Craig P. Orgeron, Ph.D., Executive Director, Mississippi Department of Information Technology Services, 3771 Eastwood Drive, Jackson, Mississippi 39211. Contractor's address for notice is: INSERT NAME, TITLE, & ADDRESS OF VENDOR PERSON FOR NOTICE. Customer's address for notice will be set forth in the applicable Order Form. The parties understand and agree that copies of any notices issued hereunder shall also be sent to Mississippi Department of Finance and Administration at the following address: Ms. Aubrey Leigh Goodwin, Deputy Executive Director, Mississippi Department of Finance and Administration, 210 East Capitol Street, Suite 1400, Jackson, Mississippi 39201. Notice shall be deemed given when actually received or when refused. The parties agree to promptly notify each other in writing of any change of address or points of contact.

ARTICLE 26 RECORD RETENTION AND ACCESS TO RECORDS

Contractor shall establish and maintain financial records, supporting documents, statistical records and such other records as may be necessary to reflect its performance of the provisions of this Master Agreement and the Order Form. The Customer, ITS, any state or federal agency authorized to audit Customer, and/or any of their duly authorized representatives, accountants or attorneys, shall, at their

expense and upon prior reasonable notice to Contractor, have unimpeded, prompt access to the Order Form, this Master Agreement, and to any of Contractor's proposals, books, documents, papers and/or records that are pertinent to the Order Form and this Master Agreement to make audits, copies, examinations, excerpts and transcriptions at the State's or Contractor's office as applicable where such records are kept during normal business hours. All records relating to this Master Agreement and the Order Form shall be retained by Contractor for three (3) years from the date of receipt of final payment under this Master Agreement and the Order Form. However, if any litigation or other legal action, by or for the state or federal government has begun that is not completed at the end of the three (3) year period, or if an audit finding, litigation or other legal action has not been resolved at the end of the three (3) year period, the records shall be retained until resolution.

ARTICLE 27 INSURANCE

Contractor represents that it will maintain workers' compensation insurance as prescribed by law which shall inure to the benefit of Contractor's personnel, as well as comprehensive general liability and employee fidelity bond insurance. Contractor will, upon request, furnish Customer with a certificate of conformity providing the aforesaid coverage.

ARTICLE 28 DISPUTES

28.1 Should disputes arise with respect to an Order Form or this Master Agreement, Contractor and Customer agree to act immediately to resolve such disputes. Time is of the essence in the resolution of disputes. Contractor agrees that, the existence of a dispute notwithstanding, it will continue without delay to carry out all of its responsibilities under the Order Form and/or this Master Agreement. Should Contractor fail to continue without delay to perform its responsibilities under the Order Form and/or this Master Agreement in the accomplishment of all work, any additional costs incurred by Contractor or Customer as a result of such failure to proceed shall be borne by Contractor and Contractor shall make no claim against Customer for such costs.

28.2 Any dispute concerning a question of fact under the Order Form and/or this Master Agreement which is not disposed of by agreement of the Contractor and Customer, shall be decided by the Executive Director of ITS or his/her designee. This decision shall be reduced to writing and a copy thereof mailed or furnished to the parties. Disagreement with such decision by either party shall not constitute a breach under the terms of this Master Agreement. Such disagreeing party shall be entitled to seek such other rights and remedies it may have at law or in equity.

ARTICLE 29 COMPLIANCE WITH LAWS

29.1 Contractor shall comply with, and all activities under the Order Form and/or this Master Agreement shall be subject to, all Customer policies and procedures which Contractor has received copies of, and all applicable federal, state, and local laws, regulations, policies and procedures as now existing and as may be amended or modified. Specifically, but not limited to, Contractor shall not discriminate against any employee nor shall any party be subject to discrimination in the performance of the Order Form and this Master Agreement because of race, creed, color, sex, age, national origin or disability. Further, if applicable, Contractor shall comply with the provisions of the Davis-Bacon Act including, but not limited to, the wages, recordkeeping, reporting and notice requirements set forth therein.

29.2 Contractor represents and warrants that it will comply with the state's data breach notification laws codified at Section 75-24-29 of the Mississippi Code Annotated (Supp. 2012). Further, to the extent applicable, Contractor represents and warrants that it will comply with the applicable provisions of the Family Educational Rights & Privacy Act (FERPA) of 1974 (34 CFR Part 99); HIPAA Privacy Rule and Security Regulations (45 CFR Parts 160, 162 and 164) ("Privacy Rule" and "Security Regulations", individually; or "Privacy and Security Regulations", collectively); and the provisions of the

Health Information Technology for Economic and Clinical Health Act, Title XIII of the American Recovery and Reinvestment Act of 2009, Pub. L. No. 111-5 (the "HITECH Act").

ARTICLE 30 CONFLICT OF INTEREST

Contractor shall notify Customer of any potential conflict of interest resulting from the representation of or service to other clients. If such conflict cannot be resolved to Customer's satisfaction, Customer reserves the right to terminate the Order Form and this Master Agreement as to itself only.

ARTICLE 31 SOVEREIGN IMMUNITY

By entering into this Master Agreement with Contractor, the State of Mississippi does in no way waive its sovereign immunities or defenses as provided by law.

ARTICLE 32 CONFIDENTIAL INFORMATION

32.1 Contractor shall treat all Customer data and information to which it has access by its performance under the Order Form and this Master Agreement as confidential and shall not disclose such data or information to a third party without specific written consent of Customer. In the event that Contractor receives notice that a third party requests divulgence of confidential or otherwise protected information and/or has served upon it a subpoena or other validly issued administrative or judicial process ordering divulgence of such information, Contractor shall promptly inform Customer and thereafter respond in conformity with such subpoena to the extent mandated by state and/or federal laws, rules and regulations. This Article shall survive the termination or completion of the Order Form or this Master Agreement and shall continue in full force and effect and shall be binding upon the Contractor and its agents, employees, successors, assigns, subcontractors or any party or entity claiming an interest in the Order Form or this Master Agreement on behalf of, or under the rights of the Contractor following any termination or completion of the Order Form or this Master Agreement.

32.2 The parties understand and agree that the Order Form and this Master Agreement do not constitute confidential information, and may be reproduced and distributed by the State without notification to Contractor.

ARTICLE 33 EFFECT OF SIGNATURE

Each person signing an Order Form or this Master Agreement represents that he or she has read the Order Form and this Master Agreement in its entirety, understands its terms, is duly authorized to execute the Order Form or this Master Agreement on behalf of the parties and agrees to be bound by the terms contained herein. Accordingly, the Order Form and this Master Agreement shall not be construed or interpreted in favor of or against the State or the Contractor on the basis of draftsmanship or preparation hereof.

ARTICLE 34 STATE PROPERTY

Contractor shall be responsible for the proper custody of any Customer-owned property furnished for Contractor's use in connection with work performed pursuant to any Order Form. Contractor shall reimburse the Customer for any loss or damage, normal wear and tear excepted.

ARTICLE 35 NEWS RELEASES

News releases pertaining to an Order Form or this Master Agreement or the Services to which it relates will not be made without the State's prior written approval, and then only in accordance with the explicit written instructions from the State.

ARTICLE 36 SURVIVAL

Articles 12, 13, 18, 22, 26, 31, 32, and all other articles which, by their express terms so survive or which should so reasonably survive, shall survive any termination or expiration of the Order Form or this Master Agreement.

ARTICLE 37 ENTIRE AGREEMENT

37.1 This Master Agreement constitutes the entire agreement of the parties with respect to the subject matter contained herein and supersedes and replaces any and all prior negotiations, understandings and agreements, written or oral, between the parties relating hereto, including all terms of any unsigned or "shrink-wrap" license included in any package, media or electronic version of Contractor-furnished Software, or any "click-wrap" or "browse-wrap" license presenting in connection with a purchase via the internet. The Order Form, RFP No. 4029, and Contractor's Proposal, as accepted by the State, in response thereto are hereby incorporated into and made a part of this Master Agreement as far as the individual Customer is concerned.

37.2 The Master Agreement made by and between the parties hereto shall consist of, and precedence is hereby established by the order of the following: (NOTE: We will also include the State's Request for Best & Final Offer (BAFO) and the Contractor's BAFO response in the order below.)

- A. This Master Agreement signed by Contractor and ITS;
- B. Any Exhibits attached to this Master Agreement;
- C. The Order Form(s), as applicable;
- D. RFP No. 4029 and all written clarifications/addenda, and
- E. Contractor's Proposal, as accepted by ITS, in response to RFP No. 4029.

37.3 The intent of the above listed documents is to include all items necessary for the proper execution and completion of the services by Contractor. The documents are complementary, and what is required by one shall be binding as if required by all. A higher order document shall supersede a lower order document to the extent necessary to resolve any conflict or inconsistency arising under the various provisions thereof; provided, however, that in the event an issue is addressed in one of the above mentioned documents but is not addressed in another of such documents, no conflict or inconsistency shall be deemed to occur by reason thereof. The documents listed above are shown in descending order of priority, that is, the highest document begins with the first listed document ("A. This Master Agreement") and the lowest document is listed last ("E. Contractor's Proposal").

ARTICLE 38 DEBARMENT AND SUSPENSION CERTIFICATION

Contractor certifies that neither it nor its principals: (a) are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from covered transactions by any federal department or agency; (b) have, within a three (3) year period preceding this Master Agreement, been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain or performing a public (federal, state or local) transaction or contract under a public transaction; violation of federal or state anti-trust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property; (c) are presently indicted of or otherwise criminally or civilly charged by a governmental entity with the commission of fraud or a criminal offense in connection with obtaining, attempting to obtain or performing a public (federal, state or local) transaction or contract under a public transaction; violation of federal or state anti-trust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property, and (d) have, within a three (3) year period preceding this Master Agreement, had one or more public transaction (federal, state or local) terminated for cause or default.

ARTICLE 39 NON-SOLICITATION OF EMPLOYEES

Contractor agrees not to employ or to solicit for employment, directly or indirectly, any of Customer's employees until at least one (1) year after the expiration/termination of the Order Form unless mutually agreed to the contrary in writing by the Customer and Contractor and provided that such an agreement between these two entities is not a violation of the laws of the State of Mississippi or the federal government.

ARTICLE 40 COMPLIANCE WITH ENTERPRISE SECURITY POLICY

Contractor and Customer understand and agree that all Services provided by Contractor under this Master Agreement must be and remain in compliance with the State of Mississippi's Enterprise Security Policy. The parties understand and agree that the State's Enterprise Security Policy is based on industry-standard best practices, policy, and guidelines at the time of contract execution. The State reserves the right to introduce a new policy during the term of this Master Agreement and require Contractor to comply with same in the event the industry introduces more secure, robust solutions or practices that facilitate a more secure posture for the State of Mississippi.

ARTICLE 41 STATUTORY AUTHORITY

By virtue of Section 25-53-21 of the Mississippi Code Annotated, as amended, the executive director of ITS is the purchasing and contracting agent for the State of Mississippi in the negotiation and execution of all contracts for the acquisition of information technology equipment, software and services. The parties understand and agree that ITS as contracting agent is not responsible or liable for the performance or non-performance of any of the Customer's or Contractor's contractual obligations, financial or otherwise, contained within this Master Agreement. The parties further acknowledge that ITS is not responsible for ensuring compliance with any guidelines, conditions, or requirements mandated by Customer's funding source.

ARTICLE 42 TRANSPARENCY

In accordance with the Mississippi Accountability and Transparency Act of 2008, §27-104-151, et seq., of the Mississippi Code of 1972, as Amended, the American Accountability and Transparency Act of 2009 (P.L. 111-5), where applicable, and §31-7-13 of the Mississippi Code of 1972, as amended, where applicable, a fully executed copy of this Master Agreement and any subsequent amendments and change orders shall be posted to the State of Mississippi's accountability website at: <https://www.transparency.mississippi.gov>. Prior to ITS posting the Master Agreement and any subsequent amendments and change orders to the website, any attached exhibits which contain trade secrets or other proprietary information and are labeled as "confidential" will be redacted by ITS. Notwithstanding the preceding, however, it is understood and agreed that pursuant to §25-61-9(7) of the Mississippi Code of 1972, as amended, the contract provisions specifying the commodities purchased or the services provided; the price to be paid; and the term of this Master Agreement shall not be deemed a trade secret or confidential commercial or financial information and shall thus not be redacted.

For the faithful performance of the terms of this Master Agreement, the parties have caused this Master Agreement to be executed by their undersigned representatives.

Re: **Professional Services for Proposed Soccer Field at
Ball Park Road, Vanceleave, MS
(C.E. Job No.: P17-038)**

Dear Mr. Hamilton:

Compton Engineering is pleased to offer professional services to the Jackson County Board of Supervisors for providing topographical survey, environmental assessment, and construction documents for the above referenced project. The purpose for this work is to provide design and construction documents for a new soccer field in the location as illustrated in Exhibit C.

The professional services provided will address the tasks and deliverables listed below:

Basic Services

1. Based on preliminary data, wetland conditions exist within the footprint of the proposed site as per Exhibit D. A joint permit application will be prepared and submitted to the Mississippi Department of Marine Resources (DMR). Permitting services will also include meetings, site visits, and correspondence as necessary with the DMR, US Army Corps of Engineers, Mississippi Department of Environmental Quality, US Fish and Wildlife Service, National Marine Fisheries Service, and Mississippi Department of Archives and History. Because the property has not been cleared, our fee will include clearing as necessary in the forested area to assess the ground conditions.
2. Additional services may be requested by various agencies such as a threatened and endangered species survey and cultural resources survey. These additional services will be included within a separate proposal if required by the agencies.
3. Provide topographic survey of approximately 4.5 acres as shown in Exhibit C.
4. Provide schematic fill plan and section of the proposed parking and roadway with minimal fill requirements identified as necessary to submit permit application.
5. Provide design services to complete construction documents to include grading, drainage, and erosion control plan, for proposed soccer field approximately 230'x350'. The following items will not be included in the scope of this package: geotechnical testing, geotechnical report, fencing design, and site lighting design. These professional services can be provided via a separate agreement if requested.
6. Preparation of a SWPPP in accordance with local codes for the proposed drainage improvements referenced above.

7. Review and evaluate the bids received on the project and make a recommendation for award to lowest responsible, responsive, qualified bidder.
8. Monitor the progress of construction of the work on a periodic (bi-monthly) basis to review and make recommendations for payment during the progress of the work. A part-time or full-time Resident Project Representative is not included, but may be provided at the County's request.
9. Perform a final inspection with the Jackson County Board of Supervisors and make a recommendation for final payment to the contractor and prepare contract close documents.
10. Deliverables will include a permit, SWPPP, and construction documents.

Fee, Schedule & Billing

The work will be provided on a lump sum basis including the basic services listed above for a fee of **\$32,500.00**. A breakdown of the fee is as follows:

• Topographic Survey	\$ 3,000.00
• Wetlands Assessment/Permit Application	\$ 4,000.00
• SWPPP	\$ 1,500.00
• Design Services	\$16,000.00
• Bid Phase Services	\$ 3,000.00
• Construction Administration	<u>\$ 5,000.00</u>
TOTAL	\$32,500.00

Compton will bill monthly for the work performed up to the billing cut-off date. We will begin work within fourteen (14) days of receipt of an executed agreement, and complete the bid documents within forty-five (45) days. Any work in addition to the above amount will not be performed until the Owner, Jackson County Board of Supervisors, has agreed in writing as reflected upon its minutes. Payment for our services will be due and payable as set forth in the attached Exhibit A, General Terms and Conditions.

General Terms and Conditions

This proposal, the General Terms and Conditions (Exhibit A), and the 2017 Rate Schedule (Exhibit B) represents the entire understanding between Jackson County Board of Supervisors and Compton Engineering with respect to the services to be provided and may only be modified in writing by both parties. If this proposal is satisfactory, please sign two copies in the space provided and return one to us.

GENERAL TERMS AND CONDITIONS (UPDATED 04/2014)

1. **Relationship Between Engineer and Client.** Engineer shall serve as Client's professional engineering consultant in those phases of the Project to which this Agreement applies. The relationship is that of a buyer and seller of professional services and it is understood that the parties have not entered into any joint venture or partnership with the other. The Engineer shall not be considered to be the agent of the Client. The client is the Jackson County Board of Supervisors acting by and through its official minutes.

services, or any defect or nonconformance in the work of any construction contractor

Client shall examine all documents presented by Engineer, obtain advice of an attorney or other consultant as Client deems appropriate for such examinations and provide decisions pertaining thereto within a reasonable time.
2. **Responsibility of the Engineer.** Engineer will perform services under this Agreement in a manner consistent with that standard of care and skill ordinarily exercised by members of the profession currently practicing in the same locality under similar conditions. No other representation, express or implied, and no warranty or guarantee is included or intended in this Agreement or in any report, opinion, document, or otherwise.

Notwithstanding anything to the contrary which may be contained in this Agreement or any other material incorporated herein by reference, or in any agreement between the Client and any other party concerning the Project, the Engineer shall not have control of and shall not be responsible for the means, methods, techniques, sequences or procedures of construction; or the safety, safety precautions or programs of the Client, the construction contractor, other contractors or subcontractors performing any of the work or providing any of the services on the Project. Nor shall the Engineer be responsible for the acts or omissions of the Client, or for the failure of the Client, any contractor or subcontractor, or any other engineer, architect or consultant not under contract to the Engineer to carry out their respective responsibilities in accordance with the Project documents, this Agreement or any other agreement concerning the Project.

Engineer shall determine the amounts owing to the construction contractor and recommend in writing payments to the contractor in such amounts. By recommending any payment, the Engineer will not thereby be deemed to have represented that exhaustive, continuous, or detailed reviews or examinations have been made to check the quality or quantity of the contractor's work.
3. **Responsibility of the Client.** Client shall provide all criteria and full information as to his requirements for the Project, including budgetary limitations. Client shall arrange for Engineer to enter upon public and private property and obtain all necessary approvals and permits required from all governmental authorities having jurisdiction over the Project. Engineer shall assist Client in obtaining all necessary permits required for the Project.

Client shall give prompt written notice to the Engineer whenever Client observes or otherwise becomes aware of any development that affects the scope or timing of Engineer's
4. **Designation of Authorized Representatives.** Each party shall designate one or more persons to act as a liaison on its behalf with respect to appropriate aspects of the Project. The persons designated shall review and respond promptly to all communications received from the party. No change or alteration in time, price, design, or services requested shall be made without approval of Jackson County Board of Supervisors reflected on its minutes.
5. **Ownership of Documents.** Drawings, specifications, reports and any other documents prepared by Engineer in connection with any or all of the services furnished hereunder shall be the property of the Client. Engineer shall have the right to retain copies of all documents and drawings for its files.
6. **Reuse of Documents.** All documents, including drawings and specifications furnished by Engineer pursuant to this Agreement, are intended for use on the Project only. They should not be used by Client or others on extensions of the Project or on any other project, without written verification or adaptation by Engineer.
7. **Opinions of Cost.** Since the Engineer has no control over the cost of labor, materials, equipment or services furnished by the contractor, or over the contractor's methods of determining prices, or over competitive bidding or market conditions, the Engineer cannot and does not guarantee that proposals, bids or actual construction costs will not vary from his opinions or estimates of constructions costs.
8. **Changes.** Client reserves the right to seek changes in requirements, amount of work or engineering time schedule adjustments, and may seek to negotiate adjustments in fee and / or schedule acceptable to both parties to accommodate any changes. All proposed change orders, schedule and pay adjustments, etc. must be approved by Client by written Resolution.
9. **Subcontracts.** Engineer may subcontract portions of the services, but each subcontractor must be approved by Client in writing reflected on its minutes.
10. **Suspension of Services.** Client may, at any time, by written order to Engineer, require Engineer to stop all, or any part, of the services required by this Agreement. Upon receipt of such an order, Engineer shall immediately comply with its terms and take all reasonable steps to minimize the occurrence of costs allocable to the services covered by the order. Engineer will not be obligated to provide the same personnel employed

prior to suspension when the services are resumed in the event the period of any suspension exceeds 30 days. However, in no event shall the total payment due to Engineer under this proposal exceed \$32,500.00.

11. **Termination.** This Agreement may be terminated by either party upon 30 days' written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party. This Agreement may be terminated by Client, under the same terms, whenever Client shall determine that termination is in its best interests. If terminated by the Client without just cause, all amounts due and owing to Engineer at the time of termination will be paid by Client.

This agreement is subject to ratification of the future governing authorities of Jackson County.

12. **Notices.** Any notice or designation required to be given by either party hereto shall be in writing and, unless receipt of such notice is expressly required by the terms hereof, it shall be deemed to be effectively served when deposited in the mail with sufficient first class postage affixed and addressed to the party to whom such notice is directed at such party's place of business or such other address as either party shall hereinafter furnish to the other party by written notice as herein provided.
13. **Indemnification.** Engineer shall defend, indemnify and hold harmless Client, its agents, servants, employees, successors and assigns from actions, causes, suits, costs, claims, damages, expenses and demands whatsoever in law or in equity, including but not limited to attorneys' fees, with respect to, or on account of, any injury, including bodily injury, disability or death, or damages to property, including loss of the use thereof, in any way attributable to or in connection with performance of the Engineer under this Contract.
14. **Legal Proceedings.** In the event Engineer's employees are at any time required by Client to provide testimony, answer interrogatories or otherwise provide information ("testimony") in preparation for or at a trial, hearing, proceeding on inquiry ("proceeding") arising out of the services that are the subject of this Agreement, where Engineer is not a party to such proceeding, Client will compensate Engineer for its services and reimburse Engineer for all related direct costs incurred in connections with providing such testimony. This provision shall be of no effect if the parties have agreed in a separate agreement of an amendment to this Agreement to terms which specifically supersede this provision, nor shall this provision apply in the event Client engages Engineer to provide expert testimony or litigation support, which services shall be the subject of a separate agreement or an amendment to this Agreement.
15. **Successors and Assigns.** To the extent allowed by law, the terms of this Agreement shall be binding upon and inure to the benefit of the parties and their respective successors and assigns; provided however, that neither party shall assign this Agreement in whole or in part without the prior written approval of the other.

16. **Insurance.** Within the context of prudent business practices, Engineer shall maintain workmen's compensation and unemployment compensation of a form and in an amount as required by state law. Engineer shall maintain comprehensive general liability insurance, automotive liability, and professional liability insurance in an amount not less than \$1,000,000 each occurrence.

17. **Information Provided by the Client.** The Engineer shall indicate to the Client the information needed, which the Engineer cannot ascertain or confirm itself, for rendering of services hereunder. The Client may elect to provide this information (including services by others) to the Engineer. In this case, the Client recognizes that the Engineer cannot assure the sufficiency of such information.

18. **Subsurface Conditions and Utilities.** Client recognizes that a comprehensive sampling and testing program implemented by trained and experienced personnel of Engineer or Engineer's subconsultants with appropriate equipment may fail to detect certain hidden conditions. Client also recognizes that actual environmental, geological and geotechnical conditions that Engineer properly inferred to exist between sampling points may differ significantly from those that actually exist.

Engineer will locate utilities which will affect the project from information provided by the Client and utility companies and from Engineer's surveys. In that these utility locations are based, at least in part, on information from others, Engineer cannot and does not warrant their completeness and accuracy.

19. **Hazardous Materials.** When hazardous materials are known, assumed or suspected to exist at a project site, Engineer is required to take appropriate precautions to protect the health and safety of his personnel, to comply with the applicable laws and regulations and to follow procedures deemed prudent to minimize physical risks to employees and the public. Client hereby warrants that, if he knows or has any reason to assume or suspect that hazardous materials may exist at the project site, he will inform Engineer in writing prior to initiation of services under this Agreement.

Hazardous materials may exist at a site where there is no reason to believe they could or should be present. Client agrees that the discovery of unanticipated hazardous materials constitutes a changed condition mandating a renegotiation of the scope of work or termination of services. Engineer agrees to notify Client as soon as practically possible should unanticipated hazardous materials or suspected hazardous materials be encountered.

20. **Anticipated Change Orders.** All change orders must be approved by Client by written Resolution.
21. **Payment.** Following receipt of the Engineer's invoice, it will be placed on the next regular claims docket for approval and will be paid subsequent to obtaining approval.
22. **Force Majeure.** Neither Client nor Engineer shall be liable for any fault or delay caused by any contingency beyond their control, including, but not limited to, acts of God, wars,

strikes, walkouts, fires, natural calamities, or demands or requirements of governmental agencies.

23. **Compliance with Laws.** To the extent they apply to its employees or its services, the Engineer shall comply with all applicable United States, state, territorial and commonwealth laws, including ordinances of any political subdivisions or agencies of the United States, any state, territory or commonwealth thereof.
24. **Separate Provisions.** If any provisions of this Agreement are held to be invalid or unenforceable, the remaining provisions shall be valid and binding.
25. **Governing Law.** This Agreement shall be governed by and construed in accordance with the laws of the State of Mississippi

26. **Amendment.** This Agreement shall not be subject to amendment unless another instrument is executed by duly authorized representatives of each of the parties.

27. **Entire Understanding of Agreement.** This Agreement represents and incorporates the entire understanding of the parties hereto, and each party acknowledges that there are no warranties, representations, covenants or understandings of any kind, matter or description whatsoever, made by either party to the other except as expressly set forth herein. Client and Engineer hereby agree that any purchase orders, invoices, confirmations, acknowledgements or other similar documents executed or delivered with respect to the subject matter hereof that conflict with the terms of this Agreement shall be null, void and without effect to the extent they conflict with the terms of this Agreement.

Mr. Jack Hamilton, Recreation Director
Jackson County Board of Supervisors

Re: Professional Services for Future Improvements to Jackson County Soccer Complex at
4400 Audubon Lane in Gautier, MS
(C.E. Job No.: P17-028)

Dear Mr. Hamilton:

Compton Engineering is pleased to offer professional services to the Jackson County Board of Supervisors for providing boundary survey, topographical survey, environmental assessment, and construction documents for the above referenced project. The purpose for this work is to determine the area within the property to be utilized for proposed parking, drive, and future field improvements based on the schematic plan attached as Exhibit C.

The professional services provided will address the tasks and deliverables listed below:

Basic Services

1. Based on preliminary data, wetland conditions exist along the north and east side of the county parcel as per Exhibit D. Additional parking and a roadway is being proposed in this area as per Exhibit C. A joint permit application will be prepared and submitted to the Mississippi Department of Marine Resources (DMR). Permitting services will also include meetings, site visits, and correspondence as necessary with the DMR, US Army Corps of Engineers, Mississippi Department of Environmental Quality, US Fish and Wildlife Service, National Marine Fisheries Service, and Mississippi Department of Archives and History. Because the property has not been cleared, our fee will include clearing as necessary in the forested area to assess the ground conditions.
2. Additional services may be requested by various agencies such as a threatened and endangered species survey and cultural resources survey. These additional services will be included within a separate proposal if required by the agencies.
3. Provide a boundary survey of the approximately 50 acre parcel and establish property corners by setting monuments at each of the four corners. Monuments will consist of round concrete post set flush to grade and recorded with geographical data for future reference. Fee will include deed research and will exclude a title search for easements.
4. Provide topographic survey of nearly 50 acres, excluding the site specific to the animal shelter bounded mostly by a fence, as shown in Exhibit C and excluding the entrance road from Highway 90. The west end of the complex was improved in 2012. As-built conditions will be surveyed in this area for the proposed improvements around these three fields and parking area. Because the property has not been cleared, our fee will include clearing lanes as necessary in the forested area.
5. Provide schematic fill plan and section of the proposed parking and roadway with minimal fill requirements identified as necessary to submit permit application.

PASCAGOULA

BILOXI

BAY ST. LOUIS

6. Provide design services to complete construction documents to include grading, drainage, erosion control plan, paving, and striping for proposed parking lot approximately 186' x 700' and proposed two-lane drive approximately 24' x 1200' as illustrated in "Exhibit C". The following items will not be included in the scope of this package: geotechnical testing, geotechnical report, fencing design, site lighting design, and soccer field improvements. These professional services can be provided via a separate agreement if requested.
7. Preparation of a SWPPP in accordance with local codes for the proposed drainage improvements referenced above.
8. Review and evaluate the bids received on the project and make a recommendation for award to lowest responsible, responsive, qualified bidder.
9. Monitor the progress of construction of the work on a periodic (bi-monthly) basis to review and make recommendations for payment during the progress of the work. A part-time or full-time Resident Project Representative is not included, but may be provided at the County's request.
10. Perform a final inspection with the Jackson County Board of Supervisors and make a recommendation for final payment to the contractor and prepare contract close documents.
11. Deliverables will include a permit, SWPPP, survey, and construction documents.

Fee, Schedule & Billing

The work will be provided on a lump sum basis including the basic services listed above for a fee of **\$77,500.00**. A breakdown of the fee is as follows:

• Boundary and Topographic Survey	\$19,500.00
• Clearing for Wetlands Assessment and Survey	\$ 2,500.00
• Wetlands Assessment/Permit Application	\$ 5,000.00
• SWPPP	\$ 2,500.00
• Design Services	\$35,000.00
• Bid Phase Services	\$ 3,000.00
• Construction Administration	<u>\$10,000.00</u>
TOTAL	\$77,500.00

Compton will bill monthly for the work performed up to the billing cut-off date. We will begin work within fourteen (14) days of receipt of an executed agreement, and complete the bid documents within ninety (90) days. Any work in addition to the above amount will not be performed until the Owner, Jackson County Board of Supervisors, has agreed in writing as reflected upon its minutes. Payment for our services will be due and payable as set forth in the attached Exhibit A, General Terms and Conditions.

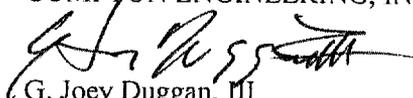

General Terms and Conditions

This proposal, the General Terms and Conditions (Exhibit A), and the 2017 Rate Schedule (Exhibit B) represents the entire understanding between Jackson County Board of Supervisors and Compton Engineering with respect to the services to be provided and may only be modified in writing by both parties. If this proposal is satisfactory, please sign two copies in the space provided and return one to us.

We appreciate the opportunity to provide these services and look forward to working with you on this project.

Sincerely,

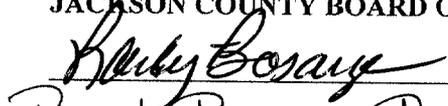

COMPTON ENGINEERING, INC.

GENERAL TERMS AND CONDITIONS

(UPDATED 04/2014)

1. **Relationship Between Engineer and Client.** Engineer shall serve as Client's professional engineering consultant in those phases of the Project to which this Agreement applies. The relationship is that of a buyer and seller of professional services and it is understood that the parties have not entered into any joint venture or partnership with the other. The Engineer shall not be considered to be the agent of the Client. The client is the Jackson County Board of Supervisors acting by and through its official minutes.

2. **Responsibility of the Engineer.** Engineer will perform services under this Agreement in a manner consistent with that standard of care and skill ordinarily exercised by members of the profession currently practicing in the same locality under similar conditions. No other representation, express or implied, and no warranty or guarantee is included or intended in this Agreement or in any report, opinion, document, or otherwise.

Notwithstanding anything to the contrary which may be contained in this Agreement or any other material incorporated herein by reference, or in any agreement between the Client and any other party concerning the Project, the Engineer shall not have control of and shall not be responsible for the means, methods, techniques, sequences or procedures of construction; or the safety, safety precautions or programs of the Client, the construction contractor, other contractors or subcontractors performing any of the work or providing any of the services on the Project. Nor shall the Engineer be responsible for the acts or omissions of the Client, or for the failure of the Client, any contractor or subcontractor, or any other engineer, architect or consultant not under contract to the Engineer to carry out their respective responsibilities in accordance with the Project documents, this Agreement or any other agreement concerning the Project.

Engineer shall determine the amounts owing to the construction contractor and recommend in writing payments to the contractor in such amounts. By recommending any payment, the Engineer will not thereby be deemed to have represented that exhaustive, continuous, or detailed reviews or examinations have been made to check the quality or quantity of the contractor's work.

3. **Responsibility of the Client.** Client shall provide all criteria and full information as to his requirements for the Project, including budgetary limitations. Client shall arrange for Engineer to enter upon public and private property and obtain all necessary approvals and permits required from all governmental authorities having jurisdiction over the Project. Engineer shall assist Client in obtaining all necessary permits required for the Project.

Client shall give prompt written notice to the Engineer whenever Client observes or otherwise becomes aware of any development that affects the scope or timing of Engineer's

services, or any defect or nonconformance in the work of any construction contractor

Client shall examine all documents presented by Engineer, obtain advice of an attorney or other consultant as Client deems appropriate for such examinations and provide decisions pertaining thereto within a reasonable time.

4. **Designation of Authorized Representatives.** Each party shall designate one or more persons to act as a liaison on its behalf with respect to appropriate aspects of the Project. The persons designated shall review and respond promptly to all communications received from the party. No change or alteration in time, price, design, or services requested shall be made without approval of Jackson County Board of Supervisors reflected on its minutes.

5. **Ownership of Documents.** Drawings, specifications, reports and any other documents prepared by Engineer in connection with any or all of the services furnished hereunder shall be the property of the Client. Engineer shall have the right to retain copies of all documents and drawings for its files.

6. **Reuse of Documents.** All documents, including drawings and specifications furnished by Engineer pursuant to this Agreement, are intended for use on the Project only. They should not be used by Client or others on extensions of the Project or on any other project, without written verification or adaptation by Engineer.

7. **Opinions of Cost.** Since the Engineer has no control over the cost of labor, materials, equipment or services furnished by the contractor, or over the contractor's methods of determining prices, or over competitive bidding or market conditions, the Engineer cannot and does not guarantee that proposals, bids or actual construction costs will not vary from his opinions or estimates of construction costs.

8. **Changes.** Client reserves the right to seek changes in requirements, amount of work or engineering time schedule adjustments, and may seek to negotiate adjustments in fee and / or schedule acceptable to both parties to accommodate any changes. All proposed change orders, schedule and pay adjustments, etc. must be approved by Client by written Resolution.

9. **Subcontracts.** Engineer may subcontract portions of the services, but each subcontractor must be approved by Client in writing reflected on its minutes.

10. **Suspension of Services.** Client may, at any time, by written order to Engineer, require Engineer to stop all, or any part, of the services required by this Agreement. Upon receipt of such an order, Engineer shall immediately comply with its terms and take all reasonable steps to minimize the occurrence of costs allocable to the services covered by the order. Engineer will not be obligated to provide the same personnel employed

prior to suspension when the services are resumed in the event the period of any suspension exceeds 30 days. However, in no event shall the total payment due to Engineer under this proposal exceed \$77,500.00.

11. **Termination.** This Agreement may be terminated by either party upon 30 days' written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party. This Agreement may be terminated by Client, under the same terms, whenever Client shall determine that termination is in its best interests. If terminated by the Client without just cause, all amounts due and owing to Engineer at the time of termination will be paid by Client.

This agreement is subject to ratification of the future governing authorities of Jackson County.

12. **Notices.** Any notice or designation required to be given by either party hereto shall be in writing and, unless receipt of such notice is expressly required by the terms hereof, it shall be deemed to be effectively served when deposited in the mail with sufficient first class postage affixed and addressed to the party to whom such notice is directed at such party's place of business or such other address as either party shall hereinafter furnish to the other party by written notice as herein provided.
13. **Indemnification.** Engineer shall defend, indemnify and hold harmless Client, its agents, servants, employees, successors and assigns from actions, causes, suits, costs, claims, damages, expenses and demands whatsoever in law or in equity, including but not limited to attorneys' fees, with respect to, or on account of, any injury, including bodily injury, disability or death, or damages to property, including loss of the use thereof, in any way attributable to or in connection with performance of the Engineer under this Contract.
14. **Legal Proceedings.** In the event Engineer's employees are at any time required by Client to provide testimony, answer interrogatories or otherwise provide information ("testimony") in preparation for or at a trial, hearing, proceeding on inquiry ("proceeding") arising out of the services that are the subject of this Agreement, where Engineer is not a party to such proceeding, Client will compensate Engineer for its services and reimburse Engineer for all related direct costs incurred in connections with providing such testimony. This provision shall be of no effect if the parties have agreed in a separate agreement of an amendment to this Agreement to terms which specifically supersede this provision, nor shall this provision apply in the event Client engages Engineer to provide expert testimony or litigation support, which services shall be the subject of a separate agreement or an amendment to this Agreement.
15. **Successors and Assigns.** To the extent allowed by law, the terms of this Agreement shall be binding upon and inure to the benefit of the parties and their respective successors and assigns; provided however, that neither party shall assign this Agreement in whole or in part without the prior written approval of the other.

16. **Insurance.** Within the context of prudent business practices, Engineer shall maintain workmen's compensation and unemployment compensation of a form and in an amount as required by state law. Engineer shall maintain comprehensive general liability insurance, automotive liability, and professional liability insurance in an amount not less than \$1,000,000 each occurrence.

17. **Information Provided by the Client.** The Engineer shall indicate to the Client the information needed, which the Engineer cannot ascertain or confirm itself, for rendering of services hereunder. The Client may elect to provide this information (including services by others) to the Engineer. In this case, the Client recognizes that the Engineer cannot assure the sufficiency of such information.

18. **Subsurface Conditions and Utilities.** Client recognizes that a comprehensive sampling and testing program implemented by trained and experienced personnel of Engineer or Engineer's subconsultants with appropriate equipment may fail to detect certain hidden conditions. Client also recognizes that actual environmental, geological and geotechnical conditions that Engineer properly inferred to exist between sampling points may differ significantly from those that actually exist.

Engineer will locate utilities which will affect the project from information provided by the Client and utility companies and form Engineer's surveys. In that these utility locations are based, at least in part, on information from others, Engineer cannot and does not warrant their completeness and accuracy.

19. **Hazardous Materials.** When hazardous materials are known, assumed or suspected to exist at a project site, Engineer is required to take appropriate precautions to protect the health and safety of his personnel, to comply with the applicable laws and regulations and to follow procedures deemed prudent to minimize physical risks to employees and the public. Client hereby warrants that, if he knows or has any reason to assume or suspect that hazardous materials may exist at the project site, he will inform Engineer in writing prior to initiation of services under this Agreement.

Hazardous materials may exist at a site where there is no reason to believe they could or should be present. Client agrees that the discovery of unanticipated hazardous materials constitutes a changed condition mandating a renegotiation of the scope of work or termination of services. Engineer agrees to notify Client as soon as practically possible should unanticipated hazardous materials or suspected hazardous materials be encountered

20. **Anticipated Change Orders.** All change orders must be approved by Client by written Resolution.
21. **Payment.** Following receipt of the Engineer's invoice, it will be placed on the next regular claims docket for approval and will be paid subsequent to obtaining approval.
22. **Force Majeure.** Neither Client nor Engineer shall be liable for any fault or delay caused by any contingency beyond their control, including, but not limited to, acts of God, wars,

strikes, walkouts, fires, natural calamities, or demands or requirements of governmental agencies.

23. **Compliance with Laws.** To the extent they apply to its employees or its services, the Engineer shall comply with all applicable United States, state, territorial and commonwealth laws, including ordinances of any political subdivisions or agencies of the United States, any state, territory or commonwealth thereof.
24. **Separate Provisions.** If any provisions of this Agreement are held to be invalid or unenforceable, the remaining provisions shall be valid and binding.
25. **Governing Law.** This Agreement shall be governed by and construed in accordance with the laws of the State of Mississippi

26. **Amendment.** This Agreement shall not be subject to amendment unless another instrument is executed by duly authorized representatives of each of the parties.

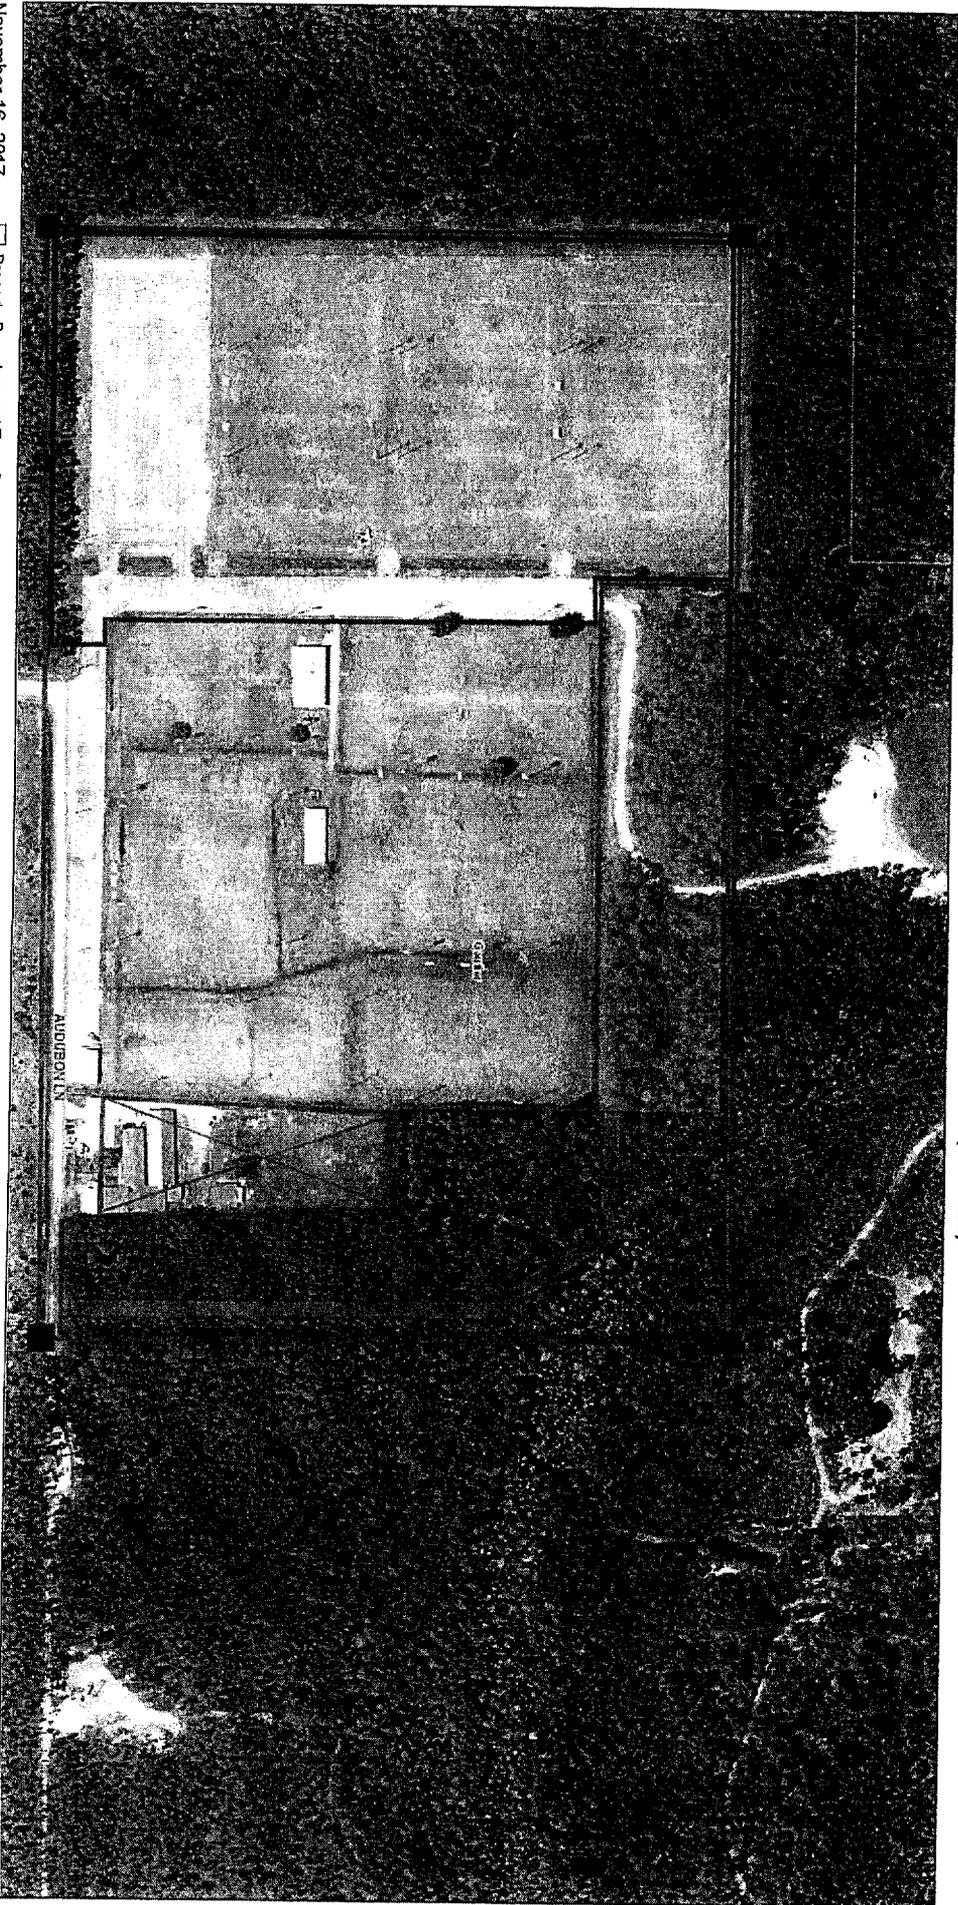

27. **Entire Understanding of Agreement.** This Agreement represents and incorporates the entire understanding of the parties hereto, and each party acknowledges that there are no warranties, representations, covenants or understandings of any kind, matter or description whatsoever, made by either party to the other except as expressly set forth herein. Client and Engineer hereby agree that any purchase orders, invoices, confirmations, acknowledgements or other similar documents executed or delivered with respect to the subject matter hereof that conflict with the terms of this Agreement shall be null, void and without effect to the extent they conflict with the terms of this Agreement.

RE: Proposal for St. Andrews
Canfield Property Drainage Easement
Revised Route

Dear Mr. O'Neal,

Batson and Brown, Inc. wishes to submit the following proposal for providing Surveying Services for the above referenced project.

Surveying and Engineering Services:

Phase I:

1. Surveying Services sufficient to determine if the Proposed provided revised route will be adequate for drainage.
2. Provide a plan and profile sheet with revised layout route for approval.

PHASE I LUMP SUM PRICE: \$2800

Phase II:

1. Survey approximately 3,500 feet along revised route for locations and elevations. Add additional Cross Sections that will be taken on 100 feet stations.
2. Solve property lines for preparation of drainage easement plats and incorporate future Planned Urban Development (PUD) into existing drawings.
3. Prepare survey plats across the following properties:
PID# 07150051.050
PID# 07150122.100
4. Determine drainage area and drainage slope for sizing the structures.
5. Size drainage structure at 3 locations.
6. Show overall map with control/benchmarks with proposed flowlines of pipes.
7. Prepare a plan and profile sheet for slopes, cuts and flow lines.
8. Locations will be referenced to NAD 83(11), Mississippi State Plane Coordinates, East Zone (2301) in U.S. Surveyors feet.
9. Vertical Datum will be referenced to NGVD 88(12) in U.S. Surveyors feet.
10. The survey plats will be signed and sealed plats meeting the Standards of Practice of Surveys as set forth by the Mississippi Board of Licensure for Professional Engineers and Surveyors.

PHASE II LUMP SUM PRICE: \$8000

000367

Thank you for giving Batson and Brown, Inc. the opportunity to provide this proposal to you. If you foresee any items not listed above or any items listed that should not be included in our cost, please contact us and we will revise our proposal.

Respectfully Submitted,

B. Aron Chesney

RECESS MEETING OF JANUARY 16, 2018

Be it remembered that the Mayor and Board of Aldermen of the City of Ocean Springs met in a Recess Meeting at City Hall in the City of Ocean Springs at 6:00 p.m. on January 16, 2018. *Mayor Pro Tem* Gill presiding, Aldermen Authement, Bellman, Cox, Papania, Blackman, and Impey were present. Also present was City Clerk Shelly Ferguson and City Attorney Kevin Melchi. The Mayor was absent.

The *Mayor Pro Tem* called the meeting to order.

Alderman Ken Papania gave the invocation and the *Mayor Pro Tem* led the Pledge of Allegiance.

PROCLAMATIONS

Alderman Impey read a proclamation proclaiming **January 16, 2018 Lakota Lancaster Day** in the City of Ocean Springs. The proclamation was presented to her parents Tansy and Rodney Lancaster with Lakota Lancaster present via FaceTime. (Exhibit 3-a)

The proclamation for the Ocean Springs High School Cheerleaders was rescheduled to the February 6, 2018 Regular Meeting of the Ocean Springs Mayor and Board of Aldermen. (Exhibit 3-b)

OLD BUSINESS

Ron Vincent came before the Board to discuss CrossFit Gym but asked to reschedule until February 6, 2018 since Mayor Dobson is out sick. (Exhibit 4-a)

The discussion regarding golf cart legislation, item (4-b) was moved to the end of the agenda following Executive Session.

NEW BUSINESS

Helene Hicks, President of Pink Pawz Spay & Neuter, came before the Board to clarify some incorrect information given by The Feral Feline Coalition. Ms. Hicks stated Pink Pawz has been spay & neutering cats for 9 1/2 years. She said the deepest impact from her program has been Ocean Springs as far as helping feral cats and the community animals. Ms. Hicks said she has talked to the Mayor and asked to be the liaison for Ocean Springs and animal control as far as the cats are concerned. She wants to continue this service in Ocean Springs and Jackson County.

The *Mayor Pro Tem* asked Ms. Hicks and the representative from The Feral Feline Coalition to leave their contact information with the Deputy City Clerk so a meeting can be arranged with Pink Pawz, The Feral Feline Coalition, and some representatives from the City to work out all the differences with the hopes that everyone can work together.

CONSENT

Motion made by Alderman Impey, seconded by Alderman Authement and unanimously carried to accept the consent agenda with the exception of items (6-m) and (6-n) pulled by Alderman Authement, (6-s) pulled by Alderman Cox, and (6-t) pulled by Alderman Blackman.

Alderman Authement asked to table items (6-m) and (6-n) until a meeting between Pink Pawz, The Feral Feline Coalition and the City takes place to determine how we can all work together on this issue.

Motion made by Alderman Authement, seconded by Alderman Impey and unanimously carried to table items (6-m) and (6-n) until after a meeting is held before moving forward.

Alderman Cox pulled item (6-s) to ask the Community Development and Grants Administrator for some input on the Ocean Springs Front Beach Living Shoreline project. The Community Development and Grants Administrator said this is the Tidelands Grant the City received to do the outfalls for this project. She stated that Allen Engineering has done some design work on the project but now the City needs to get them under contract in order to meet with the county and go over the coordination of the project. This contract in the amount of \$65,000.00 is in addition to the Tidelands Grant fund.

Motion made by Alderman Cox, seconded by Alderman Impey and unanimously carried to approve item (6-s) authorizing the Mayor to execute the engineering contract with Allen Engineering & Science for Tidelands Project FY18-P501-050S Ocean Springs Front Beach Living Shoreline in the amount of \$65,000.00.

Alderman Blackman pulled item (6-t) to table until the Board meeting on February 6, 2018 to give the developer additional time to look at other options before the Board completely denies the application from Elliot Homes for a Zoning change from R-1 to R-3 for property located at 8900 Old Spanish Trail Road, PID #60135060.000, 60135060.030 and 60135060.020.

Motion made by Alderman Blackman, seconded by Alderman Authement and unanimously carried to table item (6-t) until the February 6, 2018 Regular Meeting of the Ocean Springs Mayor and Board of Aldermen.

DEPARTMENT REPORTS

City Clerk:

Motion made by Alderman Blackman, seconded by Alderman Bellman and unanimously carried to pull (2) two payments to the Jackson County Chamber of Commerce in the amount of \$1250.00 each off the docket of claims. (Exhibit 7-a)

Alderman Papania asked to pull several items on the docket of claims for clarification. The first item he pulled for discussion is to ask if FEMA will reimburse the City for the payment of \$57,976.75 to Applewhite Recycling Systems, LLC. The City Clerk stated she hopes they will reimburse the City 75% of the debris removal.

Alderman Papania asked the police chief if the payment in the amount of \$13,995.00 to The Southern Connection Police Supplies for some weapons was in the police department budget. The Police Chief stated it is in the seizures and forfeitures fund.

Alderman Papania also asked the Public Works Director if the payment to Graham Construction in the amount of \$13,869.50 for work on Walton Drive is complete. The Public Works Director said they had to lay some new pipe and he believes that portion of the job is complete but the sidewalk still needs to be done.

Motion made by Alderman Blackman, seconded by Alderman Impey and unanimously carried to approve the docket of claims. (Exhibit 7-a)

Community Development & Planning:

The *Mayor Pro Tem* asked the Community Development and Grants Administrator to explain the request for an amendment to the ordinance. The Community Development and Grants Administrator said it addresses an issue that has been a reoccurring problem with houses that have to be elevated due to FEMA rules. It allows the staircase to go into the setback up to 50% or the 12 ½ feet without having to go through a variance for homes that are required to be elevated because of FEMA regulations.

Motion made by Alderman Papania, seconded by Alderman Blackman to adopt an Amendment to the Code of Ordinances for the City of Ocean Springs, Mississippi, Amending Appendix D Regarding Set-Back Restrictions in Zoning Laws. Motion passes with all aldermen voting aye during the roll call vote. (Exhibit 7-b)

Alderman Gill	<u>Mayor Pro Tem</u>
Alderman Authement	<u>Aye</u>
Alderman Bellman	<u>Aye</u>
Alderman Cox	<u>Aye</u>
Alderman Papania	<u>Aye</u>
Alderman Blackman	<u>Aye</u>
Alderman Impey	<u>Aye</u>

Building Department:

Alderman Impey pulled item (7-c) to table this item regarding the discussion on reinstating the residential sprinkler ordinance with modifications because the Building Official is not present at the meeting to discuss. (Exhibit 7-c)

PUBLIC COMMENT:

Mr. James Lewis, 805 Canebrake Drive, (Ward 5) said he was at the Planning Commission Meeting where a zoning change from R-1 to R-3 was requested. Mr. Lewis said traffic is already chaos in this area. Mr. Lewis stated his concerns about the property value going down in the Canebrake area if the zoning change to R-3 is approved due to the smaller lots and possibility of duplexes that would be allowed in this area under the R-3 zone.

ALDERMEN'S FORUM

Alderman Authement stated the Director of Parks and Recreation sent a letter to the Board of Supervisors requesting assistance for the parking lot improvements at Taconi. Alderman Authement said he was notified today that the Board needs to make a motion giving her permission to resubmit the letter documented in the minutes.

Motion made by Alderman Authement, seconded by Alderman Impey and unanimously carried to allow the Director of Parks and Recreation to resubmit a letter to the Board of Supervisors requesting assistance for the parking improvements at Taconi.

Alderman Authement talked about the Run/Walk permit application that was submitted by Chic Cody. The walk is a charity walk to raise money to help the previous Ward 2 Alderman Matt McDonnell's son, Harris, to help with his medical bills from a car accident he was involved in.

Mr. Chic Cody said the run/walk is going to be held on Sunday, January 28, 2018 from 2:00 – 4:00 p.m. beginning at the Ocean Springs Yacht Club and will go down the Front Beach pathway to the harbor and back to the Ocean Springs Yacht Club. The cost to participate in the walk is \$25.00 and a sponsorship is \$100.00. Mr. Cody asked all the Aldermen to join in the walk and challenged them to become a sponsor.

Alderman Papania reassured Dr. Moore that the work done on Weeks Bayou was something that needed to be done quickly to save someone's property and not the work the Corp. of Engineers was going to do that was previously discussed.

Alderman Blackman asked the Community Development and Grants Administrator if all of the submittals for the Government Street Sidewalk Project were received. The Planning

& Grants Administrator said they have all be received and submitted to MDOT for approval.

Alderman Blackman wanted to let everyone know that there will be a delayed opening of 10:00 a.m. tomorrow for some of the departments in the City due to the freezing temperatures.

Alderman Impey stated the Mayor and several Aldermen went to Jackson last week for some very productive meetings at the capitol. Alderman Impey wanted to publically thank Representative Zuber for his hospitality and support.

Alderman Cox asked the Public Works Director for an update on the Colonial Estates water issue. The Public Works Director stated the City is still waiting on the permits. The City Clerk said the City has asked the president and treasurer of that homeowners association to set up a meeting with the residents. She also stated they do not want to sign the documents because they do not have the means to tie into our system once we put it in. The City has not heard back from them at this time so we are waiting on them to decide how they want to move forward.

Alderman Blackman asked what the City Clerk meant about not having the means to tie in. The City Clerk stated they will be on a master meter; therefore, the City would be shutting off water to all of the residents in the event of an emergency or failure to pay.

The City Clerk has asked for a list of residents so representatives from the City can have a meeting to discuss this with them.

Alderman Cox asked the Public Works Director to get the plaque from the Building Official and get it mounted on the wall at the Ryan Youth Center. Alderman Cox also mentioned removing the vent from the gable at the Ryan Youth Center.

EXECUTIVE SESSION

Motion made by Alderman Cox, seconded by Alderman Bellman and unanimously carried to go into closed session to determine the necessity of remaining in Executive Session.

Motion made by Alderman Impey, seconded by Alderman Bellman and unanimously carried to come out of Executive Session and enter into regular meeting.

OLD BUSINESS

Motion made by Alderman Authement, seconded by Alderman Cox and unanimously carried to have the City Attorney draft a new request for general legislation regarding

golf carts and low-speed vehicles on the streets of Ocean Springs to Representative Hank Zuber. (Item 4-b)

Motion made by Alderman Bellman, seconded by Alderman Blackman and unanimously carried to adjourn the meeting.

The meeting ended at 6:56 p.m.

Re: Cook Road Extension
State Aid Project # MS-0134-30(1)

Dear Mr. Foster;

The Conservation Fund understands that Jackson County requires stream mitigation credits for impacts associated with the referenced project. As I understand, Jackson County has a need for 3,257.1 stream credits. The Conservation Fund has these credits available for purchase, and hereby offers to sell the same for \$80 per credit, or a total of \$260,568.00.

Please understand that The Conservation Fund does not guarantee credits until a contract for purchase is executed. If your client would like to proceed with this purchase, please let me know and we will provide you with our standard contract for sale of mitigation credits. Please understand that this letter is in no way meant as a contract.

Thank you for considering our response to your request for proposal. If you have questions, do not hesitate to contact me for further clarification.

**LIMITED USE AGREEMENT BETWEEN THE CITY OF GAUTIER, MISSISSIPPI
AND JACKSON COUNTY, MISSISSIPPI**

This Limited Use Agreement of Real Property ("Agreement") is executed to be effective the 5th day of February, 2018, between the City of Gautier, Mississippi ("City") and Jackson County, Mississippi ("County").

WHEREAS, the City is the lessee of certain real property located on the north side of Highway 90 known as the Gautier Town Center (formerly Singing River Mall); and

WHEREAS, the County desires to host Jackson County's Annual "Amnesty Day" Household Hazardous Waste Collection Event on Saturday, April 21, 2018, at the parking area located at Gautier Town Center (formerly Singing River Mall) ("Parking Area"); and

WHEREAS, the County has previously obtained written authorization from the property owner for such use of the premises; and

WHEREAS, the City desires to allow the County to utilize this Parking Area for the purpose of hosting its annual "Amnesty Day" Household Hazardous Waste Collection Event held on Saturday, April 21, 2018.

THEREFORE, in consideration of the following mutual covenants and conditions it is hereby agreed as follows:

1. PARKING AREA

The Parking Area is graphically depicted on attached Exhibit A.

2. REPRESENTATIONS

The Parties represent and warrant that (i) each, and its authorized signatory, has full right, power and authority to execute this Agreement; and (ii) execution and performance of this Agreement will not violate any laws, ordinances, covenants, mortgages, licenses or other agreements

binding on either Party.

3. TIME FRAME

The Parking Area may be utilized by the County on April 21, 2018.

4. LIMITED USE

A. The use of the Parking Area by the County shall be solely for the purpose of hosting its annual "Amnesty Day" Household Hazardous Waste Collection Event.

B. The County, in consideration for the use of the property during the above time frame, agrees to perform any necessary limited preparation for use of the property for the Event but agrees not to damage the property or make any permanent alterations to said property.

C. The County, in consideration for the use of the property during the above time frame, agrees to leave the property in the same condition as it existed before the Event.

5. COMPENSATION

The Parties agree that due to the benefit provided to their citizens, the City grants the County the use of the Parking Area without monetary compensation.

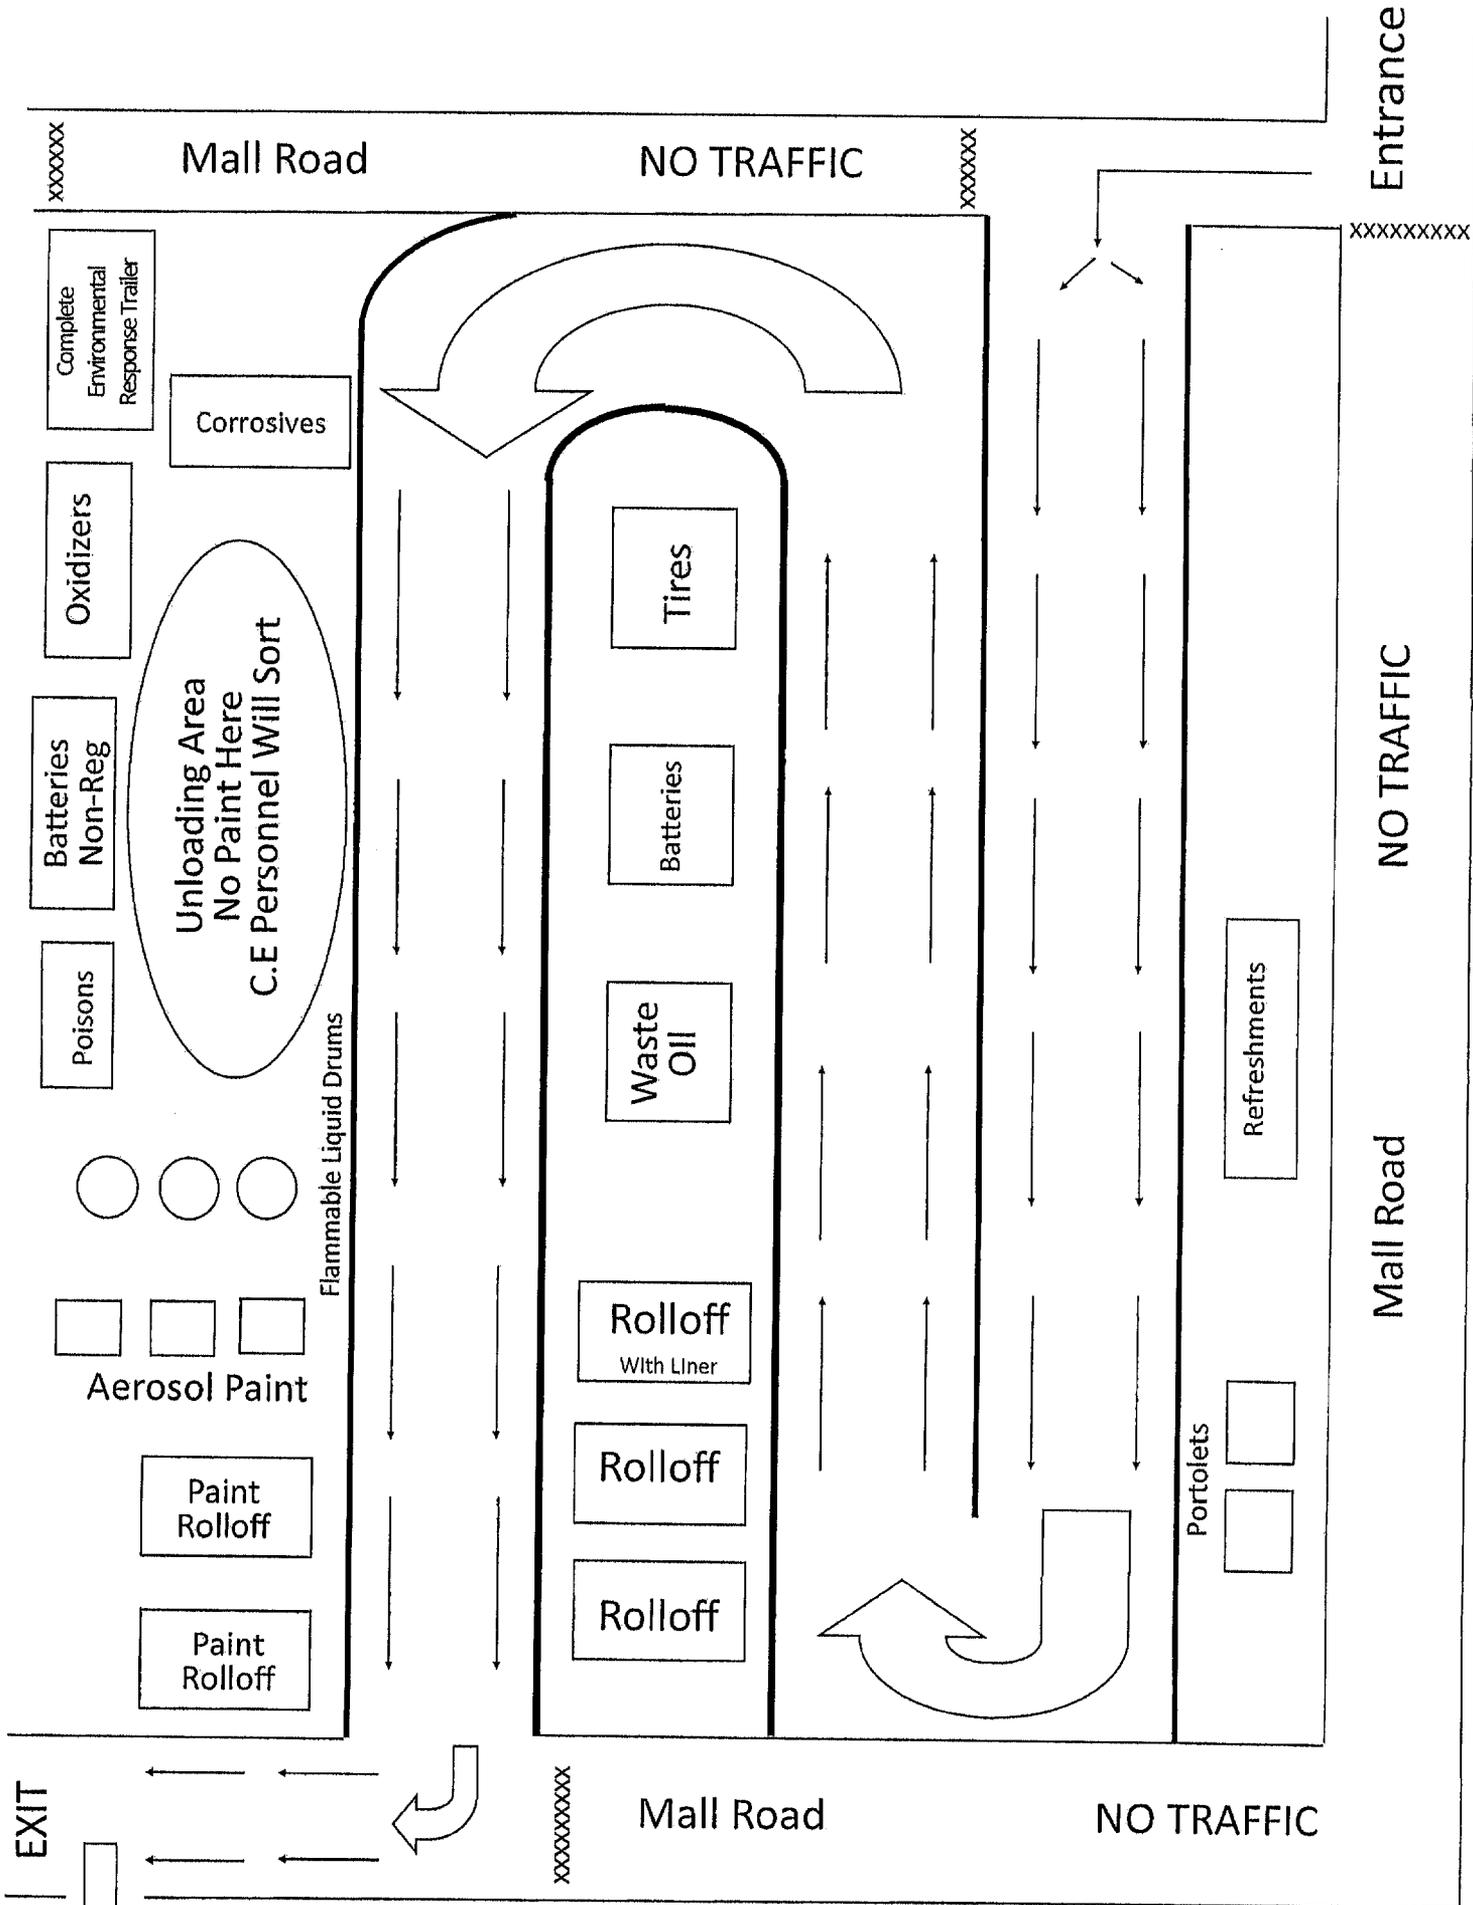

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed on the dates shown below.

RESOLUTION OF THE BOARD OF SUPERVISORS
OF JACKSON COUNTY, MISSISSIPPI
DECLARING NO PUBLIC INTEREST IN
A PORTION OF 8TH STREET AND FRONT STREET
AS PLATTED IN THE TOWN OF HURLEY SUBDIVISION

WHEREAS, the Town of Hurley Subdivision, recorded in Plat Book 1 at Page 28 of the Records of Plats of Jackson County, Mississippi dedicated certain roads to the public; however, the dedicated roads in said subdivision were not formally accepted by the Board of Supervisors; and

WHEREAS, the Board of Supervisors has received a request to declare no public interest of a portion of platted roads identified as 8th Street and Front Street in the Town of Hurley Subdivision, which has never been opened or utilized by the public; and

WHEREAS, the Board of Supervisors has determined these portions of 8th Street and Front Street 1) do not provide primary access to occupied properties, 2) that the roads have never been opened, utilized or maintained by the public, and 3) that there is no public interest in these portions of platted, unopened roads; and

WHEREAS, the Attorney General has opined that the public character of a road may be unequivocally abandoned by protracted non-use and absence of maintenance;

BE IT, THEREFORE, RESOLVED that the Board of Supervisors hereby declares no public interest in that portion of 8th Street that runs along the east sides of Lots 157 thru 162 as recorded in the Town of Hurley Subdivision, as per plat or map thereof recorded in Plat Book 1 at Page 28 of the Records of Plats of Jackson County, Mississippi;

BE IT, THEREFORE, RESOLVED that the Board of Supervisors hereby declares no public interest in that portion of Front Street that runs along the east sides of Lots 162 thru 164 as recorded in the Town of Hurley Subdivision, as per plat or map thereof recorded in Plat Book 1 at Page 28 of the Records of Plats of Jackson County, Mississippi;

BE IT FURTHER RESOLVED that a certified copy of this resolution be recorded in the Land Records of Jackson County and noted on the aforesaid plat.

The motion to approve the foregoing resolution was made by Supervisor Taylor, seconded by Supervisor Cumbest, and the following vote was recorded:

RE: Appraisal: **P.I.D. #s 03017120.010, 03020010.025 & 03020010.010**, Sections 17 & 20, Township 7 South, Range 8 West, Jackson County, Mississippi
Bayou Talla Road Right-of-Way Project
Property Owner: Moran Timber Farms, LLC

Dear Mr. O'Neal:

In response to your authorization, I have conducted the required investigation, gathered the necessary data, and made certain analysis that has enabled me to form an opinion of the market value of the fee simple interest of the property being acquired for the above referenced project. As required by the Mississippi State Highway Department, a Before and After approach was utilized to compute the "just compensation" due the property owner for the acquisition.

Based on the inspection of the property, and analyses undertaken, I have formed the opinion that, as of August 21, 2017, and subject to the Assumptions and Limiting Conditions listed in this report, the *just compensation* due the property owner is:

SUMMARY OF JUST COMPENSATION:

Land Acquired for ROW Acquisition:	\$ 98,418
Improvements (Site) within Acquisition areas:	\$ 0
Temporary Construction Easement Area:	\$ 0
Damages to Remainder:	<u>\$ 0</u>
Total Just Compensation:	\$ 98,418

I have completed an Appraisal Report, which is intended to comply with the reporting requirements set forth under Standards Rule 2-2(a), 8-2(a) and 10-2(a) of the Uniform Standards of Professional Appraisal Practice (USPAP) for an Appraisal Report. As such, it includes most discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value based on the needs of the intended user Jackson County Road Department. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's file.

Supporting documentation concerning the data, reasoning, and analyses is retained in my file. The depth of discussion contained in this report is specific to the needs of my client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.

Respectfully submitted,
Myers & Company, Inc

PURPOSE OF THE APPRAISAL:

The purpose of this appraisal is to provide the appraiser's best estimate of the market value of the subject's real property in both the before and after condition as of August 21, 2017 to determine the Just Compensation due the property owner.

Market Value is defined by the federal financial institutions regulatory agencies * as follows:

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition are the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

(1) Buyer and seller are typically motivated;

(2) Both parties are well informed or well advised, and acting in what they consider their own best interests;

(3) A reasonable time is allowed for exposure in the open market;

(4) Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and

(5) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

* Source: Office of the Comptroller of the Currency under 12 CFR, Part 34, Subject C-Appraisals, 34.42 Definitions.

Just Compensation is defined as the full and fair equivalent for the loss sustained by the taking of private property for public use, or may be stated as the Market Value of the Severed Land and Improvements plus severance damage, if any.

Severance Damage is defined as the loss in value to the remaining property after a taking of part of the whole property.

FUNCTION AND INTENDED USE OF REPORT:

The sole function of this report is to assist my client, the Jackson County Road Department, in estimating the "Just Compensation" due the property owner for the proposed acquisition needed for the Old Fort Bayou Road Right-of-Way Project (P.I.D. #s 03017120.010, 03020010.025 & 03020010.010). Any unauthorized use of this report by others is not permitted without the express written consent of the author of this report. It is further understood that all factual data, analyses of such data, and conclusions relating to any and all value estimates contained within the confines of this report are the sole property of the client identified herein and cannot be made available to any third party, including the general public, without the written consent of John D. Myers.

INTEREST VALUED: Fee Simple.

EFFECTIVE DATE OF VALUE: August 21, 2017

DATE OF INSPECTION OF PROPERTY: August 21, 2017

DATE OF REPORT: August 21, 2017

THREE YEAR SALES HISTORY: According to the information provided, it is our understanding that the current owner has occupied the property for more than three years. The appraiser is unaware of any other transfer of title or transaction involving the subject tract over the three years prior to August 21, 2017.

APPRAISAL DEVELOPMENT AND REPORTING PROCESS:

I have completed an Appraisal Report, which is intended to comply with the reporting requirements set forth under Standards Rule 2-2(a), 8-2(a) and 10-2(a) of the Uniform Standards of Professional Appraisal Practice (USPAP) for an Appraisal Report. As such, it includes most discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value based on the needs of the intended user Jackson County Road Department. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's file. The information contained in this report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.

In preparing this appraisal, the appraiser:

1. Inspected the subject property and all dimensions (measurements) were provided on the survey. At the site, the right-of-way markers were identified. All information concerning the property was estimated from the survey provided or from the certificate of title provided that was completed by Katy E. Fulghum (Attorney at Law). The site is currently a vacant (unimproved) tract of residential land. The appraiser was of the opinion that there were no site improvements of contributing value situated within the proposed acquisition area.
2. Gathered information on comparable land sales as of the effective date of August 21, 2017 to estimate the market value of the land that is to be acquired. However, no other approaches to value were utilized. As noted, there were no site (no building improvements) of contributing value within the acquisition area. It does not appear to be any damages to the remainder because of the proposed right-of-way.

Therefore, the Before and After Approaches are limited to Land Valuation only.

3. The appraiser contacted the property owner (Fred Moran) via telephone and letter forwarding him an opportunity to inspect the property with the appraiser. The property owner met with the appraiser (at his office) but chose not to physically meet with the appraiser at the site on the inspection date.
4. Jackson County is calling for land to be purchased for a right-of-way which is acquired, from the property owner, so the property owner will not own the land area within the acquisition.
5. The reader should be aware that the land area as specified on the survey is not the land area utilized in this report. The total land area in the before condition was recalculated based on the fact that the subject property "larger parcel" contains three adjoining-adjacent tax parcels for a total land area of 11,397,910 square feet. However, according to the plat-survey the proposed total acquisition area is 246,045 square feet (5.65 acres) which would result in the After Condition containing 11,151,865 square feet.

The primary source of information was both the appraisers' files and the local Multiple Listing Service. I also have information provided by other local appraisers and some area brokers. Additional Information relied upon in the preparation of this report included municipal services, publications and real property assessment records. At the request of my client, to develop the opinion of value to determine the just compensation, the

appraiser performed the appraisal process, as defined by the Uniform Standards of Professional Appraisal Practice.

However, I only completed the Market Comparison (Vacant Land) Approach to Value. I have only summarized for the reader my findings and conclusions. In addition, the value stated in this report is not considered to be misleading to the general public, and I have not misrepresented the market value of the proposed acquisition area of the subject property.

Hypothetical Conditions (as defined in USPAP):

“That which is contrary to what exists but is supposed for the purpose of analysis.”

Note: No Hypothetical Conditions are noted in this report impacting statement of market value estimates.

Extraordinary Assumption (as defined in USPAP):

“An assumption, directly related to a specific assignment, which if found to be false, could alter the appraiser’s opinions or conclusions.”

Note: No Extraordinary Assumptions are noted in this report impacting statement of market value estimates.

This Appraisal Report is a brief recapitulation of the appraisers’ data, analyses, and conclusions. Supporting documentation is retained in the appraisers’ file.

DESCRIPTION OF REAL ESTATE APPRAISED:

Location Description. The subject property is south of Interstate 10, east of McNair Boulevard, on the east and west sides of Bayou Talla Road and the south side of Old Fort Bayou Road, Jackson County, Mississippi. The neighborhood is primarily a combination of commercial and residential. The single-family homes in the neighborhood are typically on tracts ranging from 1/4 to 15 acre tracts. Most sites in this area do have utilities available. The subject falls within the St. Martin School District.

APPRAISERS NOTE:

The subject property is a portion of a larger parcel that contains adjoining land to the south that fronts the north side of the Fort Bayou body of water (see aerial photo on the following page). The plat and land size of 207.16 acres (Before condition) are of just the land area of the two parcels included in the right-of-way and does not include the parcel that abuts the northernmost tract which according to the county GIS data would be an additional 54.5 acres (Tax Parcel 03020010.025) for a total larger parcel of 261.66 acres (or 11,397,910 square feet). For the purpose of this analysis, the Land area in the Before condition is as computed (11,397,910 SF) and the Land area in the After Condition will be the Before size less the right-of-way 246,045 (SF) or 11,151,865 SF.

SUBJECT AERIAL PHOTO

*Aerial view of subject property in green –ROW parcel *
(See Appraiser's Note on Previous Page)

Property Description – Whole Tract Before Taking. As noted on the previous page (Appraisers Note) the site (total) contains 11,397,910 square feet (257.16 acres) in the before condition. The subject is zoned R-1, Single Family Residential District by the Jackson County Planning Department. The neighborhood does currently have access to community water and sewer along this corridor.

The subject is assessed under the auspices of Jackson County for tax purposes. The Tax Parcel numbers (for all three parcels – larger parcel) the total appraised value for the parcel is: \$53,370 (Appraised Improvement Value: \$NA; Appraised Land Value: \$53,370. see copy of tax parcel statements in addenda.

Property Description – Whole Tract After Taking. The parcel in the after condition will retain many of the same attributes it had in the before condition. According to the survey provided, the site will contain a total of 11,151,865 square feet in the after condition.

Property Description – (Right-of-Way Acquisition). The acquisition area is an irregular-shaped tract that contains a total of 246,045 square feet within the acquisition area (See Plats). The appraiser estimated that there were no site improvements within the acquisition area other than native growth and so there were not any site improvements that have contributing value for compensation, as it is included in the land value.

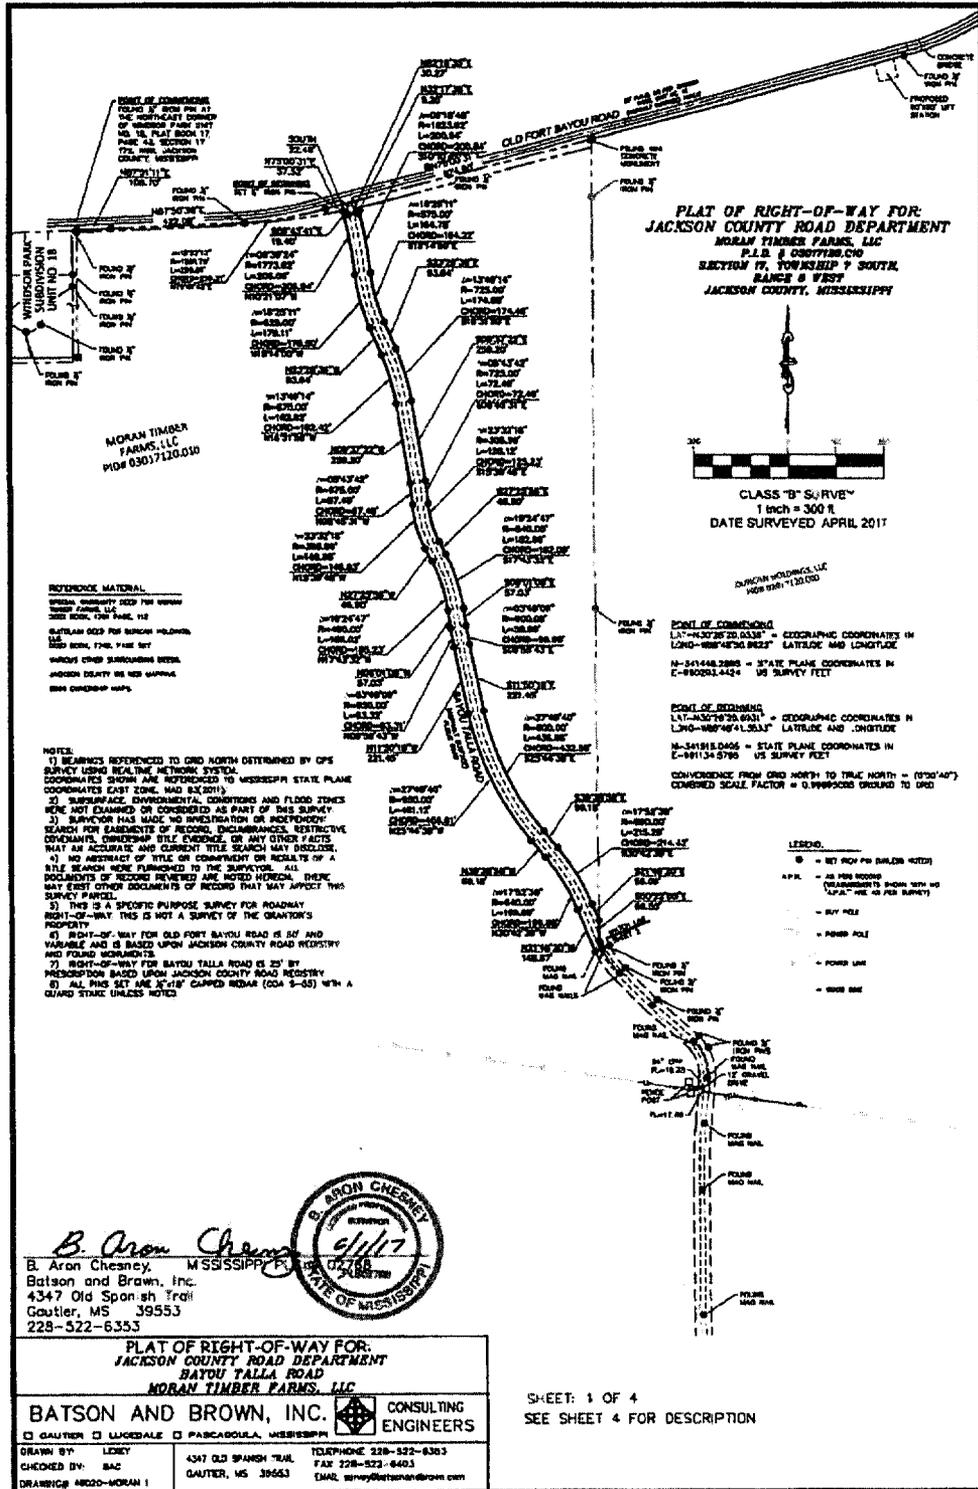

Property Description – Temporary Construction Easement area. None.

Property Description – Site Improvements within Acquisition area:

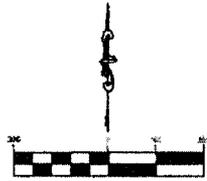

The appraiser noted at the time of the inspection, there are no building or site improvements of contributing value to the land located within or near the acquisition and considered in this analysis.

Highest and best use “as vacant.” The subject is zoned R-1, Single Family Residential District by the Jackson County Planning Department. The immediate neighborhood is a primarily residential. The highest and best use of the site parallels its current zoning and that is for a single family residential development use.

SUMMARY OF VALUATION:

As mentioned previously, the Market Comparison Approach "for Land only" will be utilized. The Cost, Income and Market Comparison for Improved Properties Approaches were not deemed necessary for this appraisal.

In the Market Comparison Approach, land is generally valued as if vacant and available for development. The value estimate is based upon the land's Highest and Best Use. Sales of unimproved properties are sought, which can be directly compared to the subject, with adjustments made to those sales for inequalities between the subject and other unimproved sites on an item-by-item basis. Location, size, time of sale, topography, and soil conditions are some of the major land characteristics, which require adjustment. There have been very few land sales in the subject neighborhood, which is primarily due to the fact that it is an older established area, which is largely developed.

My research for land sales included the following criteria:

- Vacant sites available for immediate development;
- Sites that have a Highest and Best Use of SFR subdivision development in similarly developed areas of Jackson or Harrison County;
- Sites that are in similar neighborhoods or stages of development and have similar physical attributes (utilities, frontage, etc.) within the area;
- Size parameters are those sites that were primarily greater than 50 acres; but any recent land acquired for SFR subdivision was considered;
- Sales dates primarily since 2012 to 2016 or the most relevant for the area.

Subject with Commercial Land Comparables 1-7

Shown below is a summary of the land comparables used in this analysis (details are retained in addenda).

Land Sales Discussion

A brief re-cap of the sales follows. All land sales sold between 2012 and 2016 and are located in either Jackson County area or Harrison County within 15 miles of the subject location in St Martin. The sales varied in size from 15 to 341 acres; and all sales are either zoned for or acquired for SFR development use. The subject has utilities (sales #1, #3, #6 and #7 all were similar; while sales #2, #4 and #5 were all inferior. The sales represented a broad range of value from \$0.12 to \$0.38 per square foot for gross land area. It should be noted that the subject's larger parcel fronts on the bayou (deep waterfront) and hence sales #2, #4 and #6 all had river frontage; while the other sales (#1, #3, #7 had no water frontage and sale #5 had a lake.

The more critical component was the amount of wetlands each of the sales contained; which obviously correlated into the balance of land being uplands, or land that could readily be developed. As noted above, the range of sales price per gross land area ranged from \$0.12 to \$0.38 per square foot; the sales price per uplands presented a range of \$0.26 to \$0.64 per square foot. The amount of wetlands-uplands contained on the subject property is beyond the scope of this report. The overall average of unit prices for uplands was \$0.40 per square foot; which considering the subject's bayou frontage places that average in the upper end of the gross unit prices.

For this report, I have only attempted to make qualitative analysis as exact quantitative adjustments were difficult to ascertain. The comparable sales presented are reflective of the subject and as noted some have utilities; are zoned for residential use but vary in degrees of location being water or non-waterfront. Although, the range presented covers many of the subject's attributes; the subject's location on the deep water bayou makes it difficult to correlate current market value range without a detailed wetlands delineation. Nonetheless, I am of the opinion that a reasonable unit value is \$0.40 per square foot range for this gross land size tract at this time.

BEFORE CONDITION - FINAL CORRELATION OF LAND VALUE

Based on the comparable sales presented, if the unit price of \$0.40 per square foot were applied to the subject total area, it would indicate a price for the 11,397,910 square feet of around \$4,559,164. *I am of the opinion that based on the available data the estimated value appears more than reasonable.*

Therefore the Before Land Value computes to:

BEFORE VALUE

<u>Total Area (SF)</u>	<u>\$ / SF</u>	<u>Total Value</u>
11,397,910.00	\$0.40	\$4,559,164

AFTER CONDITION - LAND VALUE

The same analysis applies for the land value in the after condition. Therefore the After Land Value computes to:

AFTER VALUE

<u>Total Area (SF)</u>	<u>\$ / SF</u>	<u>Total Value</u>
11,151,865.00	\$0.40	\$4,460,746

FINAL CORRELATION OF LAND VALUE:

<u>Total Area (SF)</u>	<u>\$ / SF</u>	<u>Total Value</u>
11,151,865.00	\$0.40	\$4,460,746

TOTAL COMPENSATION LAND VALUE:

\$98,418

TEMPORARY CONSTRUCTION EASEMENT:

As noted on the survey provided by my client; JCRD does not require any land area on the subject property for a temporary construction easement.

SUMMARY OF IMPROVEMENT – SITE IMPROVEMENT VALUE:

According to my inspection there were no site improvements of any contributing value within the acquisition area.

SUMMARY - ESTIMATE OF JUST COMPENSATION

Based on the previous estimates in the Before and After conditions, the estimated Just Compensations due the property owners is computed as follows:

BEFORE VALUE

<u>Total Area (SF)</u>	<u>\$ / SF</u>	<u>Total Value</u>
11,397,910.00	\$0.40	\$4,559,164

ASSUMPTIONS AND LIMITING CONDITIONS:

1. I have completed an Appraisal Report, which is intended to comply with the reporting requirements set forth under Standards Rule 2-2(a), 8-2(a) and 10-2(a) of the Uniform Standards of Professional Appraisal Practice (USPAP) for an Appraisal Report. As such, it includes most discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value based on the needs of the intended user Jackson County Road Department. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's file. The information contained in this report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.
2. No responsibility is assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.
3. The property is appraised free and clear of any or all liens and encumbrances unless otherwise stated in this report.
4. Responsible ownership and competent property management are assumed unless otherwise stated in this report.
5. The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.
6. All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.
7. It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.
8. It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless otherwise stated in this report.
9. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.
10. It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.
11. Any sketch in this report may show approximate dimensions and is included to

assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied unless otherwise stated in this report. No survey has been made for the purpose of this report.

12. It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property described and that there is no encroachment or trespass unless otherwise stated in this report.
13. The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.
14. Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.
15. Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.
16. The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.
17. Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event, only with proper written qualification and only in its entirety.
18. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and approval of the appraiser.

19. *In accepting this appraisal report, the intended user(s) or third party recipients of this report accept this disclaimer as a condition of the appraisal process and appraisal report, and release the appraisers signing this report from any obligations regarding the certification or warranty associated with the appraisers' inspection of the appraised property.*

Remarks

This is a tract of undeveloped acreage on Half Moon Lake with a house and barn on site of no value. Approximately 9 acres of wetlands were marked on a survey that the Realtor made available. The tract was both partially cleared and partially wooded. Though no details about Oak Landing Subdivision have yet been made available, initial permitting was obtained from MDEQ in October 2012.

The rear land has frontage on the Biloxi River, though it is separated from the front land by Half Moon Lake, and the land between these two bodies of water is all in the floodway. Although there is no street sign marking Fairfax Lane, it is a dirt road from Ollie Road. It is the dirt driveway where the gate is destroyed. A 1-acre lot is accepted from this tract that is accessible via Fairfax Lane.

As of January 2017 all of the infrastructure for the subdivision had been installed

**“OTHER” 16TH SECTION LIEU LAND
LEASE AGREEMENT**

THIS “OTHER” 16TH SECTION LIEU LAND LEASE AGREEMENT, (hereafter "Lease Agreement"), made and entered into this the 5th day of February, 2018, by and between the **Board of Trustees of the Pascagoula-Gautier School District**, (hereafter "LESSOR"), whose address is Pascagoula-Gautier School District, P. O. Box 250, Pascagoula, Mississippi 39568-0250, Telephone #: (228) 938-6495 and, **The United States of America Department of the Interior Fish and Wildlife Service** (hereinafter "LESSEE"), whose address is 1875 Century Boulevard, Division of Realty, Suite 420, Atlanta, Georgia 30345, Telephone #: (404) 679-7103.

WITNESSETH:

That, for the term and in consideration of the rentals hereinafter set forth, and the covenants, conditions, and by the authority and under the direction of the Board of Trustees of the Pascagoula-Gautier School District, LESSOR does hereby lease and rent unto LESSEE the following described lieu land (hereinafter called "subject property") to-wit:

Section 16 - Township 7 South, Range 7 West, St. Stephens Meridian; in Section 3, East ½ SW ¼ and the NW ¼ SW ¼ of Section 3, containing 120 acres, more or less.

1. Term. Subject to the other provisions herein contained, the term of this Lease Agreement shall be for five (5) years, beginning the ____ day of _____, 2018, and ending on the ____ day of _____, 2023, (called the "primary term"). It is expressly agreed and understood by all the parties hereto that part of the consideration given for the execution and delivery of this instrument is that LESSEE is hereby granted an option to renew this Lease Agreement for an additional "secondary term" of five (5) years, under the same terms, conditions, and stipulations set forth herein, except the annual rental shall be based upon the fair market value of the land with a five (5) percent rate of return, excluding buildings and improvements not then owned by the LESSOR, as determined by a qualified appraiser selected by LESSOR hereto who performs his or her appraisal not more than twelve months and not less than three months prior to the expiration of the initial primary term. LESSEE shall exercise said option to renew for the additional secondary term of five (5) years by notifying LESSOR in writing no less than twelve (12) months in advance of the expiration of the primary term and by tendering the determined annual rental to LESSOR at its above-stated address prior to the expiration of the initial primary term as may be required by statute. The cost of the new appraisal shall be borne by the LESSEE. A new lease agreement shall be executed to effectuate the renewal term.

2. Rent. LESSEE covenants and agrees to pay as rent to LESSOR the sum of Thirteen Thousand Eight Hundred and 00/100 Dollars (\$13,800.00) per year on the anniversary date; provided, however, that the payment of rent for this lease shall be due at the time of approval by the Board of Trustees of the Pascagoula-Gautier School District. In the event of termination or cancellation, any rental payment made shall be refunded on a *pro rata* basis.

3. Remedies. In the event of any FORFEITURE, DEFAULT, OR CANCELLATION of this Lease Agreement or termination of the term therefore aforesaid, said LESSEE shall quit, deliver up and surrender possession of the subject property, and all LESSOR-owned structures and improvements thereon to the said LESSOR, and thereupon this Lease Agreement and all agreements and covenants on the LESSOR'S behalf to be performed and kept, shall cease, terminate, and be utterly void, the same as if the Lease Agreement had not been made, except for such obligations, agreements or covenants that expressly survive termination. At LESSOR'S option, LESSEE shall be required to remove all LESSEE-owned improvements. In addition thereto, LESSOR shall be entitled to whatever remedies it may have at law or equity for any other sums for damages or otherwise, that it may have sustained on account of the LESSEE'S nonfulfillment or nonperformance of the terms and conditions of this Lease Agreement, including costs for removing LESSEE-owned improvements.

Immediately upon the termination of this Lease Agreement, whether by FORFEITURE, DEFAULT, or CANCELLATION, LESSOR shall be entitled to take possession of the subject property and all LESSOR-owned improvements thereon absolutely, and custom, usage, or law to the contrary notwithstanding. Any removal of property from the subject property shall be

accomplished so as to leave the subject property in a condition satisfactory to LESSOR. At LESSOR'S option, LESSEE shall remove all of the LESSEE'S property within one hundred and eighty (180) days of the said event.

4. Curing Default. Notwithstanding any provisions of this Lease Agreement containing a DEFAULT provision, LESSEE shall have the right of a thirty (30) day notice of default within which to cure any DEFAULT. In addition, for any other DEFAULT for which a forfeiture of said Lease Agreement may be invoked, LESSEE shall be entitled to a NOTICE in writing of the claimed DEFAULT and shall have a reasonable time, which shall not be less than Thirty (30) days, to correct such DEFAULT.

5. Assignment. LESSEE shall have the full right and authority to lease, sell, assign, transfer, and/or convey to others this Lease Agreement in whole and to encumber the same. However, any lease, assignment, transfer or conveyance shall be subject to the prior written consent of LESSOR which shall not be unreasonably withheld, and to the required consent and additional requirements, if any, of the Secretary of State of the State of Mississippi or other applicable government officials.

6. Regulatory Compliance. To the extent authorized by law, LESSEE shall comply with all applicable laws, rules, and regulations concerning LESSEE'S use of the property and/or obligations under this instrument. This obligation shall include, but not be limited to, compliance with federal, state and local environmental regulations concerning the air, water and soil, endangered species, wetlands, and other laws, rules and regulations that may presently exist or hereafter be adopted. In the event of contamination of the air, water or soils arising out of any LESSEE use, LESSEE shall be responsible for all mandated remediation and monitoring with this obligation to survive termination of this Lease Agreement. Notwithstanding the requirements of this paragraph, LESSEE:

(a) Will not use, generate, manufacture, produce, store, release, discharge or dispose of on, under or about the subject property or transport to or from the subject property any hazardous substance or pollutant (as either may be defined by any present or future laws or regulations of any governmental authority or by any administrative or judicial decisions) or any solid wastes and will not allow any other person to do so.

(b) Shall keep and maintain the subject property in compliance with and shall not cause or permit the subject property to be in violation of any environment laws or regulations nor any laws or regulations pertaining to the disposal of solid, liquid, or gaseous wastes, both hazardous, and non-hazardous.

(c) Shall give prompt written notice to LESSOR of:

(1) Any proceeding or inquiry by any governmental authority with respect to the presence of any solid wastes or hazardous substance on the subject property or the migration thereof from or to other property.

(2) All claims made or threatened by any governmental authority with respect to the presence of any solid wastes or hazardous substance on the subject property or the migration thereof from or to other property.

(3) LESSEE'S discovery of any occurrence or condition that would cause the leased premises to be subject to any restrictions on the ownership, occupancy, transferability or use of the subject property under any environmental or solid waste disposal law, regulation, ordinance or ruling.

7. Environmental Accidents. LESSEE shall immediately furnish written notice of all spills, leaks, accidents or similar matters on the premises to LESSOR at the address provided in this instrument. LESSEE shall also furnish LESSOR a copy of all filings, including but not limited to, concerning environmental issues, required bylaws, rules or regulations arising out of any spills, leaks, accidents, or other matters arising out of the use and occupation of the premises by LESSEE. Nothing in this paragraph shall place any duty of cleanup or remediation of property upon LESSOR with those duties being exclusively LESSEE'S.

8. Notices. All notices specified by this instrument shall be in writing and sent by registered or certified mail, postage prepaid at the following addresses or hand-delivered in person, by facsimile or otherwise to the following persons. By written notice, either party may change the persons or addresses.

To LESSOR:
Wayne Rodolfich
16th Section Manager
Pascagoula-Gautier School District
P.O. Box 250
Pascagoula, Mississippi 39568-0250

To LESSEE:
U.S. Fish and Wildlife Service
Division of Realty, Suite 420
1875 Century Blvd. NE
Atlanta, Georgia 30345

9. Waste. LESSEE shall be responsible for any damage that may be caused to LESSOR'S property by the activities of the LESSEE, its employees, agents, contractors, and invitees under this Lease Agreement, and, shall exercise reasonable care in the protection of all improvements, timber and other property of LESSOR, which may be located on the subject property or in the vicinity whereon, against fire or damage from any and all other causes. LESSEE, its employees, agents, contractors, and invitees shall exercise reasonable care in conducting the activities described above, and shall not, in any event, commit waste or allow waste to be committed.

10. Quiet Possession. LESSEE shall have quiet and peaceful possession of the subject property as long as compliance is made with the terms of this agreement.

11. Condemnation. If the whole of the subject property, or such portion thereof as will make the subject property unsuitable for LESSEE'S normal business activity, should be condemned for any public use or conveyed under threat of condemnation, then this lease shall terminate on the date possession is acquired by the condemning authority, and rent shall be apportioned as of that date and refunded on a pro rata basis. All compensation awarded or paid upon such total or partial taking of the subject property shall belong to the LESSOR without participation by LESSEE except to the extent the award fairly represents the value of improvements which are the property of LESSEE. It is provided, however, that nothing herein shall preclude the LESSEE from prosecuting any claim directly against the condemning authority for loss of business, cost of relocation or any other amounts to which a tenant may be entitled provided that no such claim shall diminish or otherwise adversely affect the amount of LESSOR'S award.

12. Clarification/Use.

(a) The lands herein have been classified as "Other" in accordance with §29-3-33 *et seq* Miss. Code Ann. (1972) as amended.

(b) LESSOR warrants that the subject property shall be permitted to be used as a Sandhill Crane Refuge for the duration of the term. This warranty does not apply to any change in use which may be required by governmental authority or other means beyond the control of LESSOR.

(c) LESSEE shall not use the subject property for any of the following purposes: Activities that are considered hazardous including, but not limited to, demolition or the storage or use of dangerous substances. Any activity considered to be a nuisance. Any activity that is unlawful or immoral. Any activity at the discretion of the LESSOR is inappropriate upon 16th Section Land.

13. Successors. To the extent assignment of this Lease Agreement is allowed by the above provisions this Lease Agreement shall be binding upon the LESSEE'S successors and assigns.

14. General Duties of LESSEE. LESSEE agrees:

(a) To comply with all laws and ordinances applicable to the use of the property including, without limitation, laws and regulations pertaining to accessibility by handicapped persons.

(b) To allow inspection of the leased premises during normal business hours by any persons responsible for management or supervision of the property or this lease acting in their official capacity.

(c) To perform all obligations herein expressed in a prompt fashion, without notice or demand.

(d) To surrender the subject property upon termination or expiration of this Lease Agreement, with improvements to be in the condition as herein specified.

(e) To maintain the subject property at all times in a clean, neat and orderly manner, free of waste materials, and to keep grass and other vegetation clipped.

15. Reservations. LESSOR reserves title to all oil or gas, coal, ignite or other minerals in, on, or under said lease property, together with the right to enter and remove the same, but not in a manner which interferes with LESSEE'S operations on the subject property.

16. Rights-of-Way. LESSOR reserves the right to grant or sell right-of-way across any of the subject property for roads, highways, railroads, fiber optic cables or any public utility line. Provided that any such roads, highways, railroads, fiber optic cables or public utility lines be constructed in a manner so as not to interfere with LESSEE'S operations.

17. Recording. LESSOR will deliver this Lease Agreement to the Chancery Clerk of Jackson County for recording, and will tender a check in the sum of Twelve and 00/100 Dollars (\$12.00) payable to such Chancery Clerk as recording fees.

18. Immunity. No provision of this lease whether requiring LESSEE to maintain insurance or to indemnify LESSOR or otherwise, shall be construed as a waiver by LESSOR or any provision of law related to governmental immunity.

19. Interpretation. The parties to this Lease Agreement acknowledge that this agreement has been drafted by both parties and any ambiguities shall not be construed against a single party.

20. Governing Law. This Lease Agreement shall be governed by, construed, and enforced in accordance with the applicable laws and jurisdictional statutes of the United States.

21. Entire Agreement. This Lease Agreement shall constitute the entire agreement between the parties. Any prior understanding or representation of any kind preceding the date of this Lease Agreement shall not be binding upon either party except to the extent incorporated in this agreement.

22. Availability of Funds. Lessee's promises made herein are subject to the availability of funds lawfully appropriated and administratively allocated for such purposes.

23. Secretary of State. By virtue of the signature block, the Secretary of State of the State of Mississippi has approved this Lease Agreement in accordance with the Secretary's authority for general supervision of 16th Section Public School Trust Land. Approval of this Lease Agreement by the Secretary of State indicates that the Board of Trustees of the Pascagoula-Gautier School District has exercised the care and skill of an ordinary prudent person to protect the beneficiaries of the 16th Section Public School Trust Land.

24. Supervisory Right. Secretary of State, as supervisory trustee, shall have the right to institute any action to enforce the terms of this Lease Agreement in the event LESSOR fails to do so in a timely manner. In the event the Secretary institutes legal action to enforce the terms of this Lease Agreement, he shall have all rights as are conferred to LESSOR.

IN WITNESS WHEREOF, this Lease Agreement is executed by LESSOR pursuant to order entered upon its minutes, and is executed by LESSEE on this the 5th day of February 2018.

January 10, 2018

Local Business Owner,

As you know, the 2018 Gautier Youth Baseball/Softball season will soon begin. The City of Gautier has chosen the Cal Ripken/Babe Ruth League to represent our youth sports. We have established an outstanding board to represent this league and the best interests of our children and our City. They are dedicated to making this a successful organization for the upcoming season. The City of Gautier is committed to providing a safe environment for our children and our league. We are working closely with the City to ensure a positive experience for all who come to our ball fields.

We are asking our local business owners to support our 2018 season so we can provide the quality league that our children deserve. Our league depends on businesses like yours to make it possible to provide the youth of our City the opportunity to play baseball and softball each year. With your dedication and support by way of a donation, we can have a successful program for the youth of the City of Gautier.

You can support this league by the following:

Proclamation

Whereas, In 1817 elected delegates wrote a constitution and applied to Congress for Statehood; and

Whereas, On Dec. 10, 1817, the western portion of Mississippi Territory became the State of Mississippi, the 20th state of the Union; and

Whereas, When the borders were drawn the state's population was about 70,000 people, and most lived centered on the Mississippi River around Natchez and along the Mississippi Gulf Coast; and

Whereas, During the year a constitutional convention had been held near Natchez, the United States Congress was petitioned and approved the application, then President James Monroe signed the bill admitting Mississippi to the Union; and

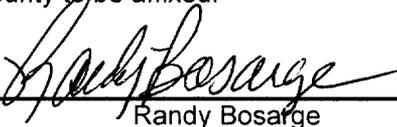

Whereas, Natchez, long established as a major river port, was the first state capitol; and

Whereas, As more population came into the state and future growth was anticipated, in 1822 the capitol was moved to the more central location of Jackson.

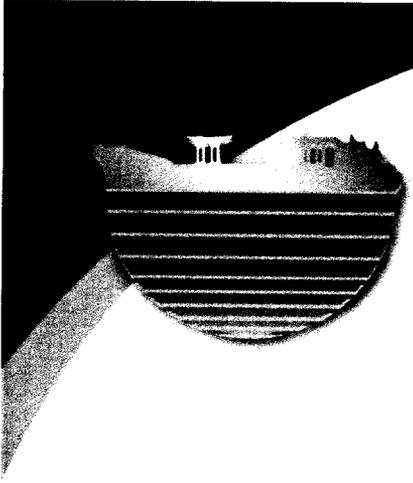

Now, Therefore, be it resolved that the Jackson County Board of Supervisors does hereby honor the State of Mississippi on the event of its 200th Anniversary of Statehood.

In Witness whereof, I have hereunto set my hand and caused the Seal of Jackson County to be affixed.

SUBLEASE

THIS SUBLEASE, made this 1st day of ~~September~~ 2018, by and between the JACKSON COUNTY BOARD OF SUPERVISORS, having an address of 3102 Canty Street, Pascagoula, Mississippi 39567, and the JACKSON COUNTY PORT AUTHORITY having an address of 3033 Pascagoula Street, Pascagoula, Mississippi 39567 (hereinafter collectively called "Landlord"), and HUNTINGTON INGALLS, INCORPORATED, having an address of 1000 Access Road, Pascagoula, MS 39567 (hereinafter called "Tenant"), with the approval of the Mississippi Secretary of State.

**ARTICLE I
PREMISES**

Landlord hereby subleases to Tenant, and Tenant hereby subleases from Landlord Building #10 and a piece or parcel of land on Singing River Island, more particularly described in EXHIBIT A and as generally depicted on EXHIBIT B attached hereto and made a part of this Sublease, all appurtenant rights with respect to access, water, electric power, natural gas, roads, and utilities (hereinafter "Premises"). The address of the Premises is 10 Wisconsin Loop, Pascagoula, Mississippi 39567. This Sublease is executed pursuant to the authority of Miss. Code Ann. §59-9-21 (1972, as amended). Unless otherwise expressly stated herein, this Sublease shall be for the benefit of the signatories and not any third parties. The Premises shall not include common utilities and streets which shall remain open to Landlord, Tenant, other tenants and invitees and permittees of Landlord and the Secretary of State.

Tenant agrees that Landlord shall have free access to said 1.60 acres to perform all of Landlord's obligations under this Sublease. In exercising control and possession of Premises

under this Sublease, Tenant agrees that it will not interfere with use and access of land and facilities not included in Premises by Landlord and other tenants. If Tenant and Landlord agree to sublease additional property, the description of the Premises, as used throughout this Sublease, will be amended accordingly.

ARTICLE II DURATION

This Sublease shall begin on the date first written above, and the term of this Sublease shall be for one (1) year. Tenant is hereby granted the right and option to renew the Sublease for two (2) additional periods of one (1) year each subject to a mutually agreeable renegotiated rental rate with the other terms and conditions remaining the same, except as agreed to in writing. Tenant shall exercise this option by written notice to the Landlord three (3) months prior to the expiration of the Sublease. Upon exercise of the option, the Parties will immediately commence negotiation of the new rental rates which shall be concluded prior to the expiration of the Sublease. Should the parties fail to successfully renegotiate new rental rates and decide not to extend the Sublease; the parties shall set a mutually acceptable time period to allow Tenant to transition off the Premises. Rental rates for this holdover period shall be the same as the initial Sublease term.

At the time Tenant transitions off the Premises, Tenant shall quit and surrender the Premises in substantially the same condition as delivered to Tenant, reasonable wear and tear excepted. In the event that Tenant has made an alteration, change, replacement, improvement, or addition to the Premises with the consent of Landlord as provided in Article XI, Tenant shall have no obligation to restore or repair the Premises to its condition prior to the alteration, change, replacement, or improvement, unless the Landlord has based its approval of an alteration, change, replacement or improvement upon a condition of removal. Tenant shall fully

comply with Article XI by providing a copy of all updates of plans, specifications, service and operational manuals for all changes and/or alterations to the building and equipment to Landlord for its use.

**ARTICLE III
OPTION FOR EARLY TERMINATION**

In the event Landlord shall obtain a written offer from a prospective Tenant to sublease all of Singing River Island, Landlord, upon 180 days written notice may, subject to Article XXIII, elect to terminate this Sublease, without incurring any liability for any obligation thereunder.

**ARTICLE IV
RENT**

Tenant shall pay rent on a quarterly basis in advance to the Landlord at the address stated above in the amount of Forty-three Thousand Six Hundred Twenty-five and 50/100 (\$43,625.50), starting on the date first written above, without demand and without any off-set. If any rent payment or other sum required to be paid under this Sublease is not made within thirty (30) days of the due date, Tenant shall be assessed and pay a penalty of twelve percent (12%) per annum on any such sum from the date due until paid. The penalty for any such late payment shall each month be added to the unpaid amount and thereafter shall be deemed to be a part of the past due sum. If upon cancellation or termination of this Sublease for any reason, Tenant has not paid all sums required to be paid under this Sublease, said penalty shall continue to be assessed against any sums owed by Tenant until paid.

**ARTICLE V
USE OF PREMISES**

Subject to MISS. CODE ANN. §59-9-21 (1972, as amended), the Premises may be used for any lawful purposes hereinafter set forth and all uses by Tenant shall meet all appli-

cable local, state and federal laws, regulations and requirements. Landlord represents that the Premises may be used in support of the operation of Tenant's shipbuilding business and for purposes incidental thereto (including activities incident to Tenant's ship construction operations and activities for Tenant's employees). Landlord further represents that Tenant's intended use of the Premises, as presently defined, does not conflict with any existing or proposed legal requirement, including any condition of any environmental permit. In the event Tenant is prohibited without fault on its part at any time during the term hereof from using the Premises for such purposes by any law, ordinance or regulation, Tenant may terminate this Sublease, whereupon Tenant shall have no further obligations under this except those which accrued prior to the termination date.

ARTICLE VI INSURANCE

For all State-owned buildings included in the Premises, the State of Mississippi shall, at no expense to Tenant, provide and keep in force (or cause to be provided and kept in force) during the term of this Sublease, under the State of Mississippi's Property Insurance Policy covering all risk of direct physical loss or damage including flood and earthquake, excluding boiler and machinery.

Tenant shall have no liability for loss or damage resulting from collapse of structures, war, riot, flood, windstorm, fire, or acts of God or natural disasters, not caused by Tenant's omission or negligence.

Tenant shall be responsible for providing insurance covering all Tenant-owned contents kept or located on Premises.

**ARTICLE VII
TERMINATION OF SUBLEASE UPON NON-USE**

If Premises is not utilized by Tenant within six (6) months from the beginning date first written above, or if commercial fishing, industrial or port usage ceases, the Sublease shall terminate and all rights thereunder shall revert to the Landlord. However, if such non-utilization or cessation of use shall be caused, suspended, delayed or interrupted by act of God, fire, war, rebellion, scarcity of water, insurrection, riot, strike, scarcity of labor, differences with employees, failure of a carrier to transport or furnish facilities for transportation; or as a result of some order, rule or regulation of any federal, state, municipality or other governmental agency; or as the result of failure of the Tenant through no fault of Tenant to obtain any required permit or certificate; or as the result of any cause whatsoever beyond the control of Tenant, the time of such delay or interruption shall not be counted against Tenant in determining such periods of six (6) months.

**ARTICLE VIII
CARE OF PREMISES**

a) Duties of Tenant

Tenant shall not burn any trash or garbage in or about the Premises or anywhere else within the confines of said Premises. Tenant shall not obstruct the sidewalks or areaways adjacent to the Premises. Tenant shall, at all times, keep the Premises in a clean and sanitary condition in accordance with the laws, directions, rules and regulations of the governmental agencies having jurisdiction, at the sole cost and expense of Tenant; and in all respects Tenant shall comply with all requirements of law applicable to the Premises. If security personnel are provided by Tenant, they will work cooperatively with security personnel provided by Landlord, in or and about the Premises and Singing River Island.

Tenant's maintenance obligations, at Tenant's expense, shall include waste disposal and janitorial services for the leased premises, interior pest control, and such maintenance costs in excess of the maintenance allowance as described in Article IX MAINTENANCE ALLOWANCES (1) and (2); but in no event shall duties of Tenant include any of the duties or costs addressed in subsection b) below.

b) Duties of Landlord

Landlord agrees that at all times it will maintain the structural portions of the building, including the foundation floor/ceiling slabs; curtain wall, mullions, columns, beams, shafts, stairs, parking areas, pavement, sidewalks, curbs, entrances, including mechanical, electrical and telephone closets to the extent that these elements do not exclusively serve the Premises, and all Common Areas and public areas (collectively, "Building Structure") and the mechanical, electrical, plumbing and sprinkler systems (connected to the core) to the extent they do not serve the Premises exclusively in first class condition and repair; provided, however, if Landlord is required to make repairs to any of the foregoing by reason of the negligent act of Tenant, Tenant agrees to pay Landlord within 20 days of Tenant's receipt of a statement in sufficient detail the reasonable and actual cost for making such repairs, as Additional Rent.

Landlord will maintain and shall keep in good order, condition and repair, during the Lease Term and any extensions thereof, the below-listed portion of the Premises and of the Building:

- b.1.** foundations, both exterior and interior;
- b.2.** exterior walls, except the interior surface thereof;
- b.3.** load bearing interior walls, except the surfaces thereof;
- b.4.** all load bearing beams, columns, trusses, joints, and other load bearing members;

- b.5. all parking areas, sidewalks, and driveways;
- b.6. grounds maintenance including grass cutting and bed maintenance adjacent to the building;
- b.7. roadways currently existing on Singing River Island

Landlord promptly shall commence and diligently complete all repairs required to be made pursuant to this Section as soon as possible.

Landlord shall be responsible for the maintenance and operational costs of all exterior lighting on Singing River Island except for those areas that are metered through the leased building.

**ARTICLE IX
MAINTENANCE**

In addition to the obligations listed above, the parties have established the following maintenance allowances to cover the services listed below:

- (1) Tenant shall be given a maintenance allowance of \$26,949 for the term of the lease; and once this allowance amount is met, Tenant shall be responsible for all additional maintenance costs under this Article. This responsibility shall not include any maintenance costs provided for in Article VIII(b).
- (2) Tenant shall be given a sprinkler allowance of \$3,821 for the term of the lease; and once this allowance amount is met, Tenant shall be responsible for all additional sprinkler costs under this Article.

The maintenance allowance shall apply to Landlord's responsibility to keep the Premises (including exterior entrances and doors, interior entrances and doors, door brakes, walls, floors, windows, glass, plate glass and storefront) and all partitions, door fixtures, roof, gutters,

downspouts, equipment and appurtenances thereof including lighting, air conditioning, heating and plumbing fixtures, sprinkler system, electrical and telephone closets and any air conditioning system which serves the Premises exclusively in good order, condition, and repair, clean and safe, including the replacement of equipment, fixtures, and all broken window or door plate glass. Landlord shall also be responsible for preventive maintenance on the heating, ventilation and air conditioning equipment (HVAC) for the premises.

Landlord shall provide itemized quarterly statements detailing the expenses associated with the work performed under allowance and expenses which, after exceeding the allowance set-out in the Article, shall be paid by Tenant within forty-five (45) days of reception of the demand by Landlord. In the event Landlord fails to perform any of its obligations as required hereunder, Tenant may, but shall not be required to, perform and satisfy same with Landlord hereby agreeing to reimburse Tenant for the reasonable and actual cost thereof within forty-five (45) days of receipt of the demand by Tenant in sufficient detail.

ARTICLE X ACCESS TO PREMISES

Landlord reserves the right to enter within the Premises at all reasonable hours, with advance notice and in compliance with Tenant's security regulations as follows, for the purpose of inspecting the same, or of making repairs, additions or alterations to the building, to exhibit the Premises to prospective tenants, or others, to display without hindrance or molestation by Tenant "For Rent" or similar signs in the Premises in areas reasonably agreed to by Tenant. The exercise by Landlord of any of its rights under this Article shall not be deemed an eviction or disturbance of Tenant's use and possession of the Premises. Notwithstanding the above, Landlord shall not unreasonably interfere with Tenant's right to conduct business in the Premises or its right to quiet possession of the Premises.

Notwithstanding the above, Landlord acknowledges that Tenant is engaged in activities relating to the national defense of the United States requiring compliance with applicable United States Government security requirements and regulations. Accordingly, Landlord shall not exercise any right herein set forth to enter the leased building (except in the event of fire or other emergency) without prior notice to Tenant, which notice may be verbal or written. Any such entry shall be made only following prior notice to Tenant and in accordance with such arrangements, as Tenant shall reasonably establish by notice to and in cooperation with Landlord, Landlord agrees to cooperate with Tenant, at Tenant's cooperation, in taking all such measures as may be necessary or appropriate to limit access to the Premises or otherwise to comply with applicable U.S. Government security standards and regulations. However, Landlord shall not be responsible for any costs or expenses associated with such security requirements and regulations of the United States Government or of the Tenant.

ARTICLE XI ALTERATIONS

Except as set forth below, Tenant shall not make any alteration, additions or improvements to the Premises without the prior written consent of the Landlord and Secretary of State which shall not be unreasonably withheld, conditioned or delayed. All alterations, additions or improvements made by either of the parties hereto upon the Premises, except movable equipment and trade fixtures installed at Tenant's expense, shall become the property of Landlord and shall remain upon and be surrendered with the Premises at the termination or expiration of this Agreement, except as provided in Article II above. Tenant shall provide a copy of all updates of plans, specifications, service and operational manuals for all changes and/or alterations to the building and equipment of Landlord for its use.

**ARTICLE XII
DAMAGE**

If the Premises are damaged by fire or other casualty or subject to condemnation proceedings so that Tenant is deprived of the use or occupancy thereof of twenty-five (25%) percent or more of any particular leased building, the parties shall negotiate in good faith to amend this agreement to reflect the actual reduction in usage. If less than twenty-five percent (25%), Landlord shall promptly commence the necessary repairs to make the Premises tenantable by Tenant and diligently pursue such to its completion, provided, however, Landlord shall not be obligated to expend on such repairs any amount in excess of that actually received by Landlord from insurance coverage.

**ARTICLE XIII
ENVIRONMENTAL MATTERS**

The parties acknowledge and agree that Tenant and its affiliates, subsidiaries, officers, agents, employees, representatives, successors and assigns, have no legal responsibility for any claims, demands, causes of action, liabilities (including strict liability), losses, damages and costs (including, without limitation, clean-up costs, engineering, attorneys and other professional fees), expenses, penalties, damages or losses, of whatsoever nature, whether arising under state or federal law and whether based on common law or regulation known or unknown, contingent or absolute, direct or indirect, brought by any person, governmental agency or other entity related to the presence or release, if any, of Hazardous Materials on the Premises prior to Tenant's occupancy ("Pre-existing contamination").

All operations of Tenant on Premises shall be in compliance with environmental laws, rules and regulations, including the handling of any substances that may be classified as hazardous materials or waste under any federal, state or local law. Tenant, its agents, invitees and any contractor employed by it, must comply in all material respects with all laws and

regulations pertaining thereto, including, but not limited to, Title 49 of the Code of Federal Regulations (CFR), Parts 192 and 193.

If Tenant or its agents cause, allow or permit in connection with actions permitted by Tenant or its agents to be conducted on the Premises or easement areas, the discharge or release of hazardous waste and/or materials in legally required reportable quantities in violation of any federal, state, or local law, Tenant shall immediately notify the State of Mississippi, the Secretary of State and Landlord in writing, and if said discharge or release results in damage to the environment, Premises, or property of the State of Mississippi or Landlord adjoining or adjacent to Premises, Tenant shall, at its sole expense, remediate or cause the remediation in accordance with existing laws and regulations. Tenant shall also hold harmless and indemnify State, Secretary of State and Landlord for any and all obligations imposed upon Landlord by any regulating agency charged by law with environmental protection or any claim of damage made by others as a result of actions conducted, or permitted to be conducted, by Tenant or its agents, assigns, contractors or invitees on, or in the area of the Premises, including costs, tests, attorney fees, and expenses incurred by Landlord related thereto. Nothing herein shall detract from or diminish any rights which Tenant may have against third parties. Tenant shall not deposit any refuse waste or substance regulated under local, state or federal environmental and health laws on any submerged lands or tidelands or other property belonging to the State of Mississippi adjacent to or adjoining the Premises. Failure to comply with such laws and regulations shall be deemed to be a material breach of this Agreement.

ARTICLE XIV PROPERTY TAXES

Landlord represents and covenants that its fee simple estate in the Premises is exempt

from all property taxes which, but for such exemption, could be assessed against such fee simple estate by any Governmental Authority. Tenant shall pay any property taxes owed by the subleasehold interest.

Landlord agrees to cooperate with Tenant to obtain the maximum tax exemptions permitted by law, school taxes excepted, upon Tenants subleasehold interest in the Premises or Tenant's taxable Personal Property.

ARTICLE XV PERMIT OCCUPANCY

So long as Tenant is in compliance with terms and provisions of this Sublease, Tenant shall have the right at any time to permit occupancy of all or any portion of Premises to any related entity, subsidiary, parent company, affiliate of parent company or affiliate of Tenant, any company in which Tenant has a controlling interest or team-partnering relationship, the United States Navy, or any customer or successor corporation.

ARTICLE XVI SIGNS/ANTENNAS/SATELLITE DISHES

Tenant shall have the right to install, maintain and replace in, on, over or in front of the Premises or the Improvements or on any part thereof such signs and advertising matter as Tenant may desire, contingent upon receiving the written consent of the Landlord and Secretary of State, which shall not be unreasonably withheld. Tenant shall comply with any applicable requirements of Governmental Authorities and shall obtain any necessary permits at Tenant's expense for such purposes. As used in this Article, the word "sign" shall be construed to include any placard, light or advertising symbol or object, irrespective of whether the same may be temporary or permanent. Upon obtaining the approval of Landlord and Secretary of State for any proposed signage, Landlord agrees to cooperate with Tenant in its efforts to obtain any

variance required in connection with any sign Tenant wishes to install at the Premises.

Tenant shall have the exclusive right, without additional rental or other charge, to use a portion of the roof of the Premises to install, operate and maintain telecommunications antennas, microwave dishes and other communications equipment only for reasons related to its own business use and not for sublease to any third party. Such use shall be subject to receipt of all required governmental approvals and shall not interfere with the building systems. Installation shall be made in a workmanlike manner and shall not damage the structure or facility integrity. If damage occurs, Tenant will be responsible for any necessary repairs. Said installation shall be at the sole cost of the Tenant. The location of such equipment shall be mutually acceptable and subject to the provisions of Articles II, XI and XIII concerning alterations. Landlord may not unreasonably withhold its consent.

ARTICLE XVII QUIET ENJOYMENT

Landlord represents that Tenant, upon paying the rent and all other sums and charges to be paid by it as herein provided, and observing and keeping all covenants, agreements, and conditions of this Sublease on its part to be kept, shall quietly have and enjoy the Premises during the term of this Sublease specifically including the right to use the Premises as described in Article I above, without hindrance or molestation by anyone claiming by, through or under Landlord. Landlord shall not subject the Premises to any easements or similar rights not already existing without Tenant's prior written consent, which consent shall not be unreasonably withheld. Likewise, Tenant shall respect and not interfere with the quiet enjoyment of other tenants of the Landlord or State of Mississippi on property adjacent or adjoining the Premises.

Landlord represents to Tenant that it has the power and authority to execute and deliver this Sublease and to carry out and perform all covenants to be performed by it hereunder. If

Landlord shall be in default under or if there shall be a failure of a condition of this Article, Tenant, in addition to any and all remedies it may have in law and/or equity, may terminate this sublease by notice to Landlord.

**ARTICLE XVIII
DEFAULT**

In the event that Landlord believes that Tenant is in default for non-payment of rent due under Article IV, Landlord shall give Tenant thirty (30) days written notice by U.S. Mail, facsimile transmission or by overnight delivery, which thirty (30) day period shall commence on the date such notice is transmitted. Thereafter, Tenant shall have thirty (30) days in which to make such payment or payments as may be due.

In the event that Landlord believes that Tenant is in default for failure of Tenant to comply with its obligations hereunder, other than the non-payment of rent due under Article IV, Landlord shall give Tenant thirty (30) days written notice by U.S. Mail, facsimile transmission or by overnight delivery, which thirty (30) day period shall commence on the date such notice is transmitted thereafter, Tenant shall have thirty (30) days in which to correct said default or advise Landlord as to why Tenant is not in default. However, the period of time for curing any such default may be extended for a reasonable period not to exceed one hundred and eighty (180) days from date of notice of default if (a) there is a reasonable probability that such default can be cured within a reasonable time, (b) Tenant continuously persists in a diligent, good faith effort to cure such default, and (c) during aforesaid thirty (30) day period, Tenant undertook and maintained a diligent, good faith effort to cure such default and the failure to cure such default was not the fault of Tenant. Any further extension of time beyond one hundred and eighty days (180) shall only be granted upon mutual written agreement of Landlord and Tenant.

In the event that Landlord and Tenant cannot agree as to the existence of a default, then

the question of whether a default exists shall be submitted to mediation by a mediator mutually acceptable to Landlord and Tenant. In the event that a mediator cannot be agreed upon, the Chancery Court of Jackson County, Mississippi shall be requested to select a mediator. During the conduct of such mediation, the Sublease shall not terminate. Upon the decision by the mediator, the defaulting party, if any, shall have (30) days in which to cure such default. During the pendency of the settlement and mediation process, the parties agree to forebear from filing or otherwise proceeding with litigation.

Either party may initiate litigation with respect to the matters submitted to mediation at any time following the initial mediation session or sixty (60) days after the date of filing the written request for mediation, whichever occurs first. The mediation may continue after the commencement of litigation if the parties so desire. The provisions of this Article may be enforced by any court of competent jurisdiction in accordance with Article XXIII.

ARTICLE XIX WAIVERS

Failure of Landlord or Tenant to complain of any act or omission on the part of the other party, no matter how long the same may continue, shall not be deemed to be a waiver by said party of any of its rights hereunder. No waiver by Landlord or Tenant at any time, expressed, or implied, of any breach of any provision of this Sublease shall be deemed a waiver or breach of any other provision of this Sublease or a consent to any subsequent breach of the same or any other provision.

ARTICLE XX INDEMNITY

Tenant shall indemnify and hold Landlord and Secretary of State harmless from and

against all liability, damages, costs, attorney fees, and expenses from causes of action, suits, claims, demands and judgments of any nature whatsoever caused by Tenant's use and occupancy of the Premises, proportional to the extent caused by Tenant's negligence or conduct unless and to the extent caused by the negligence or conduct of Landlord, its agents or employees, defects in the Premises, or Landlord's breach of this Sublease.

**ARTICLE XXI
FORCE MAJEURE**

In the event that Landlord or Tenant shall be delayed, hindered in or prevented from the performance of any act required hereunder by reason of acts of God, strikes, lock-outs, labor troubles, inability to procure materials, failure of power, restrictive governmental laws or regulations, riots, insurrection, or war, then performance of such act shall be excused for the period of the delay and the period for the performance of any such act shall be extended for a period equivalent to the period of such delay.

**ARTICLE XXII
RIGHT OF NOTICE OF SUBLETTING AND ACCESS TO BUILDING 10**

Landlord and Tenant acknowledge and agree that Building 10 contains systems and/or equipment used and/or owned by Tenant. Landlord shall immediately notify Tenant in writing of any offer or offers to Sublease Building 10. Landlord further agrees to allow Tenant any and all necessary access to secure or remove these systems and/or equipment prior to any change in occupancy of the facilities, not to exceed ninety (90) days from the date of said written notice. In the event the systems and/or equipment are secured, rather than removed, Tenant shall have continued access through the duration of the Sublease to said systems and/or equipment upon reasonable notice to Landlord.

**ARTICLE XXIII
NOTICES**

Whenever it is provided in this Sublease Agreement that notice, demand, request, or other communication shall or may be given to, or served upon, either of the parties by the other, and whenever either of the parties shall desire to give or serve upon the other any notice, demand, request or other communication with respect to this Sublease or to the Premises, each such notice, demand, request or other communication shall be in writing, and any law or statute to the contrary notwithstanding, shall not be effective for any purpose unless the same shall be given or served as follows:

**ARTICLE XXIV
GOVERNING LAW**

This Sublease and the performance thereof shall be governed, interpreted, construed and regulated by the laws of the State of Mississippi. The venue of any action should be in the state courts of Jackson County, Mississippi, or the United States District Court, Southern District of Mississippi.

**ARTICLE XXV
PARTIAL INVALIDITY**

If any term, covenant, condition or provision of this Sublease or the application thereof to any person or circumstance shall, at any time or to any extent, be invalid or unenforceable, the remainder of this Sublease, or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each term, covenant, condition and provision of this Sublease shall be valid and be enforced to the fullest extent permitted by law.

**ARTICLE XXVI
INTERPRETATION**

Wherever herein the singular number is used, the same shall include the plural, and the masculine gender shall include the feminine and neuter genders, and vice versa, as the context shall require. The captions or headings used herein are for reference and convenience only, and

shall not enter into the interpretation hereof. This Sublease may be executed in several counterparts, each of which shall be an original, but all of which shall constitute one and the same instrument.

**ARTICLE XXVII
MODIFICATIONS**

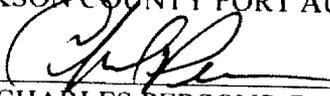

This Sublease shall not be modified or canceled except by a writing subscribed by all parties.

**ARTICLE XXVIII
ENTIRE AGREEMENT; AMENDMENT**

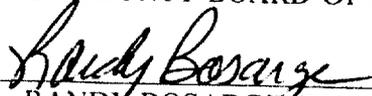

This Sublease executed between Huntington Ingalls Incorporated, the Jackson County Board of Supervisors, and the Jackson County Port Authority, with approval of the Mississippi Secretary of State, sets forth the full and complete understanding of the parties with respect to the subject matter hereof, and supersedes any and all agreements and representations (oral or written) made or dated prior thereto.

IN WITNESS WHEREOF, the parties have executed this Sublease on the date of the acknowledgement of each signature but as of the day and year first above written.

SUBLEASE

THIS SUBLEASE, made this 1st day of January, 2018, by and between the JACKSON COUNTY BOARD OF SUPERVISORS, having an address of 2915 Canty Street, Pascagoula, Mississippi 39567, and the JACKSON COUNTY PORT AUTHORITY having an address of 3033 Pascagoula Street, Pascagoula, Mississippi 39567 (hereinafter collectively called "Landlord"), and HUNTINGTON INGALLS, INCORPORATED, having an address of 1000 Access Road, Pascagoula, MS 39567 (hereinafter called "Tenant"), with the approval of the Mississippi Secretary of State.

**ARTICLE I
PREMISES**

Landlord hereby subleases to Tenant, and Tenant hereby subleases from Landlord Building #30 and a piece or parcel of land on Singing River Island, more particularly described in EXHIBIT A and as generally depicted on EXHIBIT B attached hereto and made a part of this Sublease, all appurtenant rights with respect to access, water, electric power, natural gas, roads, and utilities (hereinafter "Premises"). The address of the Premises is 30 Wisconsin Loop, Pascagoula, Mississippi 39567. This Sublease is executed pursuant to the authority of Miss. Code Ann. §59-9-21 (1972, as amended). Unless otherwise expressly stated herein, this Sublease shall be for the benefit of the signatories and not any third parties. The Premises shall not include common utilities and streets which shall remain open to Landlord, Tenant, other tenants and invitees and permittees of Landlord and the Secretary of State.

Tenant agrees that Landlord shall have free access to said 1.33 acres to perform all of Landlord's obligations under this Sublease. In exercising control and possession of Premises

under this Sublease, Tenant agrees that it will not interfere with use and access of land and facilities not included in Premises by Landlord and other tenants. If Tenant and Landlord agree to sublease additional property, the description of the Premises, as used throughout this Sublease, will be amended accordingly.

ARTICLE II DURATION

This Sublease shall begin on the date first written above, and the term of this Sublease shall be for two (2) years. Tenant is hereby granted the right and option to renew the Sublease for two (2) additional periods of one (1) year each subject to a mutually agreeable renegotiated rental rate with the other terms and conditions remaining the same, except as agreed to in writing. Tenant shall exercise this option by written notice to the Landlord three (3) months prior to the expiration of the Sublease. Upon exercise of the option, the Parties will immediately commence negotiation of the new rental rates which shall be concluded prior to the expiration of the Sublease. Should the parties fail to successfully renegotiate new rental rates and decide not to extend the Sublease; the parties shall set a mutually acceptable time period to allow Tenant to transition off the Premises. Rental rates for this holdover period shall be the same as the initial Sublease term.

At the time Tenant transitions off the Premises, Tenant shall quit and surrender the Premises in substantially the same condition as delivered to Tenant, reasonable wear and tear excepted. In the event that Tenant has made an alteration, change, replacement, improvement, or addition to the Premises with the consent of Landlord as provided in Article XI, Tenant shall have no obligation to restore or repair the Premises to its condition prior to the alteration, change, replacement, or improvement, unless the Landlord has based its approval of an alteration, change, replacement or improvement upon a condition of removal. Tenant shall fully comply with Article XI by providing a copy of all updates of plans, specifications, service and

operational manuals for all changes and/or alterations to the building and equipment to Landlord for its use.

**ARTICLE III
OPTION FOR EARLY TERMINATION**

In the event Landlord shall obtain a written offer from a prospective Tenant to sublease all of Singing River Island, Landlord, upon 180 days written notice may, subject to Article XXIII, elect to terminate this Sublease, without incurring any liability for any obligation thereunder.

**ARTICLE IV
RENT**

Tenant shall pay rent on a quarterly basis in advance to the Landlord at the address stated above in the amount of Thirty-six Thousand Seven Hundred Thirteen and 83/100 (\$36,713.83), starting on or before the date first written above, without demand and without any off-set. If any rent payment or other sum required to be paid under this Sublease is not made within thirty (30) days of the due date, Tenant shall be assessed and pay a penalty of twelve percent (12%) per annum on any such sum from the date due until paid. The penalty for any such late payment shall each month be added to the unpaid amount and thereafter shall be deemed to be a part of the past due sum. If upon cancellation or termination of this Sublease for any reason, Tenant has not paid all sums required to be paid under this Sublease, said penalty shall continue to be assessed against any sums owed by Tenant until paid.

**ARTICLE V
USE OF PREMISES**

Subject to MISS. CODE ANN. §59-9-21 (1972, as amended), the Premises may be used for any lawful purposes hereinafter set forth and all uses by Tenant shall meet all appli-

000576

cable local, state and federal laws, regulations and requirements. Landlord represents that the Premises may be used in support of the operation of Tenant's shipbuilding business and for purposes incidental thereto (including activities incident to Tenant's ship construction operations and activities for Tenant's employees). Landlord further represents that Tenant's intended use of the Premises, as presently defined, does not conflict with any existing or proposed legal requirement, including any condition of any environmental permit. In the event Tenant is prohibited without fault on its part at any time during the term hereof from using the Premises for such purposes by any law, ordinance or regulation, Tenant may terminate this Sublease, whereupon Tenant shall have no further obligations under this except those which accrued prior to the termination date.

ARTICLE VI INSURANCE

For all State-owned buildings included in the Premises, the State of Mississippi shall, at no expense to Tenant, provide and keep in force (or cause to be provided and kept in force) during the term of this Sublease, under the State of Mississippi's Property Insurance Policy covering all risk of direct physical loss or damage including flood and earthquake, excluding boiler and machinery.

Tenant shall have no liability for loss or damage resulting from collapse of structures, war, riot, flood, windstorm, fire, or acts of God or natural disasters, not caused by Tenant's omission or negligence.

Tenant shall be responsible for providing insurance covering all Tenant-owned contents kept or located on Premises.

**ARTICLE VII
TERMINATION OF SUBLEASE UPON NON-USE**

If Premises is not utilized by Tenant within six (6) months from the beginning date first written above, or if commercial fishing, industrial or port usage ceases, the Sublease shall terminate and all rights thereunder shall revert to the Landlord. However, if such non-utilization or cessation of use shall be caused, suspended, delayed or interrupted by act of God, fire, war, rebellion, scarcity of water, insurrection, riot, strike, scarcity of labor, differences with employees, failure of a carrier to transport or furnish facilities for transportation; or as a result of some order, rule or regulation of any federal, state, municipality or other governmental agency; or as the result of failure of the Tenant through no fault of Tenant to obtain any required permit or certificate; or as the result of any cause whatsoever beyond the control of Tenant, the time of such delay or interruption shall not be counted against Tenant in determining such periods of six (6) months.

**ARTICLE VIII
CARE OF PREMISES**

a) Duties of Tenant

Tenant shall not burn any trash or garbage in or about the Premises or anywhere else within the confines of said Premises. Tenant shall not obstruct the sidewalks or arcaways adjacent to the Premises. Tenant shall, at all times, keep the Premises in a clean and sanitary condition in accordance with the laws, directions, rules and regulations of the governmental agencies having jurisdiction, at the sole cost and expense of Tenant; and in all respects Tenant shall comply with all requirements of law applicable to the Premises. If security personnel are provided by Tenant, they will work cooperatively with security personnel provided by Landlord, in, or and about the Premises and Singing River Island.

Tenant's maintenance obligations, at Tenant's expense, shall include waste disposal and janitorial services for the leased premises, interior pest control, and such maintenance costs in excess of the maintenance allowance as described in Article IX MAINTENANCE ALLOWANCES (1) and (2); but in no event shall duties of Tenant include any of the duties or costs addressed in subsection b) below.

b) Duties of Landlord

Landlord agrees that at all times it will maintain the structural portions of the building, including the foundation floor/ceiling slabs; curtain wall, mullions, columns, beams, shafts, stairs, parking areas, pavement, sidewalks, curbs, entrances, including mechanical, electrical and telephone closets to the extent that these elements do not exclusively serve the Premises, and all Common Areas and public areas (collectively, "Building Structure") and the mechanical, electrical, plumbing and sprinkler systems (connected to the core) to the extent they do not serve the Premises exclusively in first class condition and repair; provided, however, if Landlord is required to make repairs to any of the foregoing by reason of the negligent act of Tenant, Tenant agrees to pay Landlord within 20 days of Tenant's receipt of a statement in sufficient detail the reasonable and actual cost for making such repairs, as Additional Rent.

Landlord will maintain and shall keep in good order, condition and repair, during the Lease Term and any extensions thereof, the below-listed portion of the Premises and of the Building:

- b.1.** foundations, both exterior and interior;
- b.2.** exterior walls, except the interior surface thereof;
- b.3.** load bearing interior walls, except the surfaces thereof;
- b.4.** all load bearing beams, columns, trusses, joints, and other load bearing members;

- b.5.** all parking areas, sidewalks, and driveways;
- b.6.** grounds maintenance including grass cutting and bed maintenance adjacent to the building;
- b.7.** roadways currently existing on Singing River Island

Landlord promptly shall commence and diligently complete all repairs required to be made pursuant to this Section as soon as possible.

Landlord shall be responsible for the maintenance and operational costs of all exterior lighting on Singing River Island except for those areas that are metered through the leased building.

ARTICLE IX MAINTENANCE

In addition to the obligations listed above, the parties have established the following maintenance allowances to cover the services listed below:

- (1) Tenant shall be given a maintenance allowance of \$26,949 for the term of the lease; and once this allowance amount is met, Tenant shall be responsible for all additional maintenance costs under this Article. This responsibility shall not include any maintenance costs provided for in Article VIII(b).
- (2) Tenant shall be given a sprinkler allowance of \$3,821 for the term of the lease; and once this allowance amount is met, Tenant shall be responsible for all additional sprinkler costs under this Article.

The maintenance allowance shall apply to Landlord's responsibility to keep the Premises (including exterior entrances and doors, interior entrances and doors, door brakes, walls, floors, windows, glass, plate glass and storefront) and all partitions, door fixtures, roof, gutters,

downspouts, equipment and appurtenances thereof including lighting, air conditioning, heating and plumbing fixtures, sprinkler system, electrical and telephone closets and any air conditioning system which serves the Premises exclusively in good order, condition, and repair, clean and safe, including the replacement of equipment, fixtures, and all broken window or door plate glass. Landlord shall also be responsible for preventive maintenance on the heating, ventilation and air conditioning equipment (HVAC) for the premises.

Landlord shall provide itemized quarterly statements detailing the expenses associated with the work performed under allowance and expenses which, after exceeding the allowance set-out in the Article, shall be paid by Tenant within forty-five (45) days of reception of the demand by Landlord. In the event Landlord fails to perform any of its obligations as required hereunder, Tenant may, but shall not be required to, perform and satisfy same with Landlord hereby agreeing to reimburse Tenant for the reasonable and actual cost thereof within forty-five (45) days of receipt of the demand by Tenant in sufficient detail.

ARTICLE X ACCESS TO PREMISES

Landlord reserves the right to enter within the Premises at all reasonable hours, with advance notice and in compliance with Tenant's security regulations as follows, for the purpose of inspecting the same, or of making repairs, additions or alterations to the building, to exhibit the Premises to prospective tenants, or others, to display without hindrance or molestation by Tenant "For Rent" or similar signs in the Premises in areas reasonably agreed to by Tenant. The exercise by Landlord of any of its rights under this Article shall not be deemed an eviction or disturbance of Tenant's use and possession of the Premises. Notwithstanding the above, Landlord shall not unreasonably interfere with Tenant's right to conduct business in the Premises or its right to quiet possession of the Premises.

Notwithstanding the above, Landlord acknowledges that Tenant is engaged in activities relating to the national defense of the United States requiring compliance with applicable United States Government security requirements and regulations. Accordingly, Landlord shall not exercise any right herein set forth to enter the leased building (except in the event of fire or other emergency) without prior notice to Tenant, which notice may be verbal or written. Any such entry shall be made only following prior notice to Tenant and in accordance with such arrangements, as Tenant shall reasonably establish by notice to and in cooperation with Landlord, Landlord agrees to cooperate with Tenant, at Tenant's cooperation, in taking all such measures as may be necessary or appropriate to limit access to the Premises or otherwise to comply with applicable U.S. Government security standards and regulations. However, Landlord shall not be responsible for any costs or expenses associated with such security requirements and regulations of the United States Government or of the Tenant.

ARTICLE XI ALTERATIONS

Except as set forth below, Tenant shall not make any alteration, additions or improvements to the Premises without the prior written consent of the Landlord and Secretary of State which shall not be unreasonably withheld, conditioned or delayed. All alterations, additions or improvements made by either of the parties hereto upon the Premises, except movable equipment and trade fixtures installed at Tenant's expense, shall become the property of Landlord and shall remain upon and be surrendered with the Premises at the termination or expiration of this Agreement, except as provided in Article II above. Tenant shall provide a copy of all updates of plans, specifications, service and operational manuals for all changes and/or alterations to the building and equipment of Landlord for its use.

**ARTICLE XII
DAMAGE**

If the Premises are damaged by fire or other casualty or subject to condemnation proceedings so that Tenant is deprived of the use or occupancy thereof of twenty-five (25%) percent or more of any particular leased building, the parties shall negotiate in good faith to amend this agreement to reflect the actual reduction in usage. If less than twenty-five percent (25%), Landlord shall promptly commence the necessary repairs to make the Premises tenantable by Tenant and diligently pursue such to its completion, provided, however, Landlord shall not be obligated to expend on such repairs any amount in excess of that actually received by Landlord from insurance coverage.

**ARTICLE XIII
ENVIRONMENTAL MATTERS**

The parties acknowledge and agree that Tenant and its affiliates, subsidiaries, officers, agents, employees, representatives, successors and assigns, have no legal responsibility for any claims, demands, causes of action, liabilities (including strict liability), losses, damages and costs (including, without limitation, clean-up costs, engineering, attorneys and other professional fees), expenses, penalties, damages or losses, of whatsoever nature, whether arising under state or federal law and whether based on common law or regulation known or unknown, contingent or absolute, direct or indirect, brought by any person, governmental agency or other entity related to the presence or release, if any, of Hazardous Materials on the Premises prior to Tenant's occupancy ("Pre-existing contamination").

All operations of Tenant on Premises shall be in compliance with environmental laws, rules and regulations, including the handling of any substances that may be classified as hazardous materials or waste under any federal, state or local law. Tenant, its agents, invitees and any contractor employed by it, must comply in all material respects with all laws and

regulations pertaining thereto, including, but not limited to, Title 49 of the Code of Federal Regulations (CFR), Parts 192 and 193.

If Tenant or its agents cause, allow or permit in connection with actions permitted by Tenant or its agents to be conducted on the Premises or easement areas, the discharge or release of hazardous waste and/or materials in legally required reportable quantities in violation of any federal, state, or local law, Tenant shall immediately notify the State of Mississippi, the Secretary of State and Landlord in writing, and if said discharge or release results in damage to the environment, Premises, or property of the State of Mississippi or Landlord adjoining or adjacent to Premises, Tenant shall, at its sole expense, remediate or cause the remediation in accordance with existing laws and regulations. Tenant shall also hold harmless and indemnify State, Secretary of State and Landlord for any and all obligations imposed upon Landlord by any regulating agency charged by law with environmental protection or any claim of damage made by others as a result of actions conducted, or permitted to be conducted, by Tenant or its agents, assigns, contractors or invitees on, or in the area of the Premises, including costs, tests, attorney fees, and expenses incurred by Landlord related thereto. Nothing herein shall detract from or diminish any rights which Tenant may have against third parties. Tenant shall not deposit any refuse waste or substance regulated under local, state or federal environmental and health laws on any submerged lands or tidelands or other property belonging to the State of Mississippi adjacent to or adjoining the Premises. Failure to comply with such laws and regulations shall be deemed to be a material breach of this Agreement.

ARTICLE XIV PROPERTY TAXES

Landlord represents and covenants that its fee simple estate in the Premises is exempt

from all property taxes which, but for such exemption, could be assessed against such fee simple estate by any Governmental Authority. Tenant shall pay any property taxes owed by the subleasehold interest.

Landlord agrees to cooperate with Tenant to obtain the maximum tax exemptions permitted by law, school taxes excepted, upon Tenants subleasehold interest in the Premises or Tenant's taxable Personal Property.

ARTICLE XV PERMIT OCCUPANCY

So long as Tenant is in compliance with terms and provisions of this Sublease, Tenant shall have the right at any time to permit occupancy of all or any portion of Premises to any related entity, subsidiary, parent company, affiliate of parent company or affiliate of Tenant, any company in which Tenant has a controlling interest or team-partnering relationship, the United States Navy, or any customer or successor corporation.

ARTICLE XVI SIGNS/ANTENNAS/SATELLITE DISHES

Tenant shall have the right to install, maintain and replace in, on, over or in front of the Premises or the Improvements or on any part thereof such signs and advertising matter as Tenant may desire, contingent upon receiving the written consent of the Landlord and Secretary of State, which shall not be unreasonably withheld. Tenant shall comply with any applicable requirements of Governmental Authorities and shall obtain any necessary permits at Tenant's expense for such purposes. As used in this Article, the word "sign" shall be construed to include any placard, light or advertising symbol or object, irrespective of whether the same may be temporary or permanent. Upon obtaining the approval of Landlord and Secretary of State for any proposed signage, Landlord agrees to cooperate with Tenant in its efforts to obtain any variance required in

connection with any sign Tenant wishes to install at the Premises.

Tenant shall have the exclusive right, without additional rental or other charge, to use a portion of the roof of the Premises to install, operate and maintain telecommunications antennas, microwave dishes and other communications equipment only for reasons related to its own business use and not for sublease to any third party. Such use shall be subject to receipt of all required governmental approvals and shall not interfere with the building systems. Installation shall be made in a workmanlike manner and shall not damage the structure or facility integrity. If damage occurs, Tenant will be responsible for any necessary repairs. Said installation shall be at the sole cost of the Tenant. The location of such equipment shall be mutually acceptable and subject to the provisions of Articles II, XI and XIII concerning alterations. Landlord may not unreasonably withhold its consent.

ARTICLE XVII QUIET ENJOYMENT

Landlord represents that Tenant, upon paying the rent and all other sums and charges to be paid by it as herein provided, and observing and keeping all covenants, agreements, and conditions of this Sublease on its part to be kept, shall quietly have and enjoy the Premises during the term of this Sublease specifically including the right to use the Premises as described in Article I above, without hindrance or molestation by anyone claiming by, through or under Landlord. Landlord shall not subject the Premises to any easements or similar rights not already existing without Tenant's prior written consent, which consent shall not be unreasonably withheld. Likewise, Tenant shall respect and not interfere with the quiet enjoyment of other tenants of the Landlord or State of Mississippi on property adjacent or adjoining the Premises.

Landlord represents to Tenant that it has the power and authority to execute and deliver this Sublease and to carry out and perform all covenants to be performed by it hereunder. If

Landlord shall be in default under or if there shall be a failure of a condition of this Article, Tenant, in addition to any and all remedies it may have in law and/or equity, may terminate this sublease by notice to Landlord.

ARTICLE XVIII DEFAULT

In the event that Landlord believes that Tenant is in default for non-payment of rent due under Article IV, Landlord shall give Tenant thirty (30) days written notice by U.S. Mail, facsimile transmission or by overnight delivery, which thirty (30) day period shall commence on the date such notice is transmitted. Thereafter, Tenant shall have thirty (30) days in which to make such payment or payments as may be due.

In the event that Landlord believes that Tenant is in default for failure of Tenant to comply with its obligations hereunder, other than the non-payment of rent due under Article IV, Landlord shall give Tenant thirty (30) days written notice by U.S. Mail, facsimile transmission or by overnight delivery, which thirty (30) day period shall commence on the date such notice is transmitted thereafter. Tenant shall have thirty (30) days in which to correct said default or advise Landlord as to why Tenant is not in default. However, the period of time for curing any such default may be extended for a reasonable period not to exceed one hundred and eighty (180) days from date of notice of default if (a) there is a reasonable probability that such default can be cured within a reasonable time, (b) Tenant continuously persists in a diligent, good faith effort to cure such default, and (c) during aforesaid thirty (30) day period, Tenant undertook and maintained a diligent, good faith effort to cure such default and the failure to cure such default was not the fault of Tenant. Any further extension of time beyond one hundred and eighty days (180) shall only be granted upon mutual written agreement of Landlord and Tenant.

In the event that Landlord and Tenant cannot agree as to the existence of a default, then

the question of whether a default exists shall be submitted to mediation by a mediator mutually acceptable to Landlord and Tenant. In the event that a mediator cannot be agreed upon, the Chancery Court of Jackson County, Mississippi shall be requested to select a mediator. During the conduct of such mediation, the Sublease shall not terminate. Upon the decision by the mediator, the defaulting party, if any, shall have (30) days in which to cure such default. During the pendency of the settlement and mediation process, the parties agree to forebear from filing or otherwise proceeding with litigation.

Either party may initiate litigation with respect to the matters submitted to mediation at any time following the initial mediation session or sixty (60) days after the date of filing the written request for mediation, whichever occurs first. The mediation may continue after the commencement of litigation if the parties so desire. The provisions of this Article may be enforced by any court of competent jurisdiction in accordance with Article XXIII.

ARTICLE XIX WAIVERS

Failure of Landlord or Tenant to complain of any act or omission on the part of the other party, no matter how long the same may continue, shall not be deemed to be a waiver by said party of any of its rights hereunder. No waiver by Landlord or Tenant at any time, expressed, or implied, of any breach of any provision of this Sublease shall be deemed a waiver or breach of any other provision of this Sublease or a consent to any subsequent breach of the same or any other provision.

ARTICLE XX INDEMNITY

Tenant shall indemnify and hold Landlord and Secretary of State harmless from and

against all liability, damages, costs, attorney fees, and expenses from causes of action, suits, claims, demands and judgments of any nature whatsoever caused by Tenant's use and occupancy of the Premises, proportional to the extent caused by Tenant's negligence or conduct unless and to the extent caused by the negligence or conduct of Landlord, its agents or employees, defects in the Premises, or Landlord's breach of this Sublease.

**ARTICLE XXI
FORCE MAJEURE**

In the event that Landlord or Tenant shall be delayed, hindered in or prevented from the performance of any act required hereunder by reason of acts of God, strikes, lock-outs, labor troubles, inability to procure materials, failure of power, restrictive governmental laws or regulations, riots, insurrection, or war, then performance of such act shall be excused for the period of the delay and the period for the performance of any such act shall be extended for a period equivalent to the period of such delay.

**ARTICLE XXII
RIGHT OF NOTICE OF SUBLETTING AND ACCESS TO BUILDING 10**

Landlord and Tenant acknowledge and agree that Building 10 contains systems and/or equipment used and/or owned by Tenant. Landlord shall immediately notify Tenant in writing of any offer or offers to Sublease Building 10. Landlord further agrees to allow Tenant any and all necessary access to secure or remove these systems and/or equipment prior to any change in occupancy of the facilities, not to exceed ninety (90) days from the date of said written notice. In the event the systems and/or equipment are secured, rather than removed, Tenant shall have continued access through the duration of the Sublease to said systems and/or equipment upon reasonable notice to Landlord.

**ARTICLE XXIII
NOTICES**

Whenever it is provided in this Sublease Agreement that notice, demand, request, or other communication shall or may be given to, or served upon, either of the parties by the other, and whenever either of the parties shall desire to give or serve upon the other any notice, demand, request or other communication with respect to this Sublease or to the Premises, each such notice, demand, request or other communication shall be in writing, and any law or statute to the contrary notwithstanding, shall not be effective for any purpose unless the same shall be given or served as follows:

RESOLUTION OF THE BOARD OF SUPERVISORS OF
JACKSON COUNTY, MISSISSIPPI DESIGNATING CHANGES
IN POLLING LOCATIONS

WHEREAS, the Board of Supervisors is authorized to provide polling places for use in elections, pursuant to Section 23-15-259 of the Mississippi Code of 1972, as amended; and

WHEREAS, the Election Commission requests the need to split two of the current precincts to evenly divide the voter count, merging one precinct and moving one precinct to another building ;and

WHEREAS, the Board of Supervisors has determined that these changes will not adversely affect the voters of Jackson County and will be a more efficient use of taxpayers' funds;

BE IT, THEREFORE, RESOLVED that the Board of Supervisors hereby designates the following changes:

1. Ocean Springs Civic Center (#0505):

Split voters at the Ocean Springs Civic Center located at 3730 Bienville Blvd, Ocean Springs, MS, with a "projected" facility at Grace Baptist Church located at 3707 Bienville Blvd, Ocean Springs, MS.

2. St. Martin Community Center (#0406):

Split voters at the St. Martin Community Center located at 15008 Lemoyne Blvd, Biloxi, MS, to the West Jackson County Safe Room located at 13000 Walker Road, Ocean Springs, MS.

3. Vancleave Community Center (#0507):

Move voters from the Vancleave Community Center located at 5125 Ballpark Road, Vancleave, MS, to the Central Jackson County Community Safe Room located at 5500 Ball Park Road, Vancleave, MS.

4. American Legion (#0306):

Move voters at the American Legion located at 1019 Market Street, Pascagoula, MS, and merge with voters at the First Presbyterian Church located at 1819 Pascagoula Street, Pascagoula, MS.

BE IT, THEREFORE, RESOLVED that the Board of Supervisors hereby designates the polling locations, listed herein above, as the new designated polling locations.

Hi Josh,

Attached you'll find the Airport FY 18 Budget sheet 100-307-400 with a highlighted figure of \$208,978.00 which represents the budget requested to cover three (3) full-time and one (1) part-time Air Traffic Controllers. I'm requesting an amendment for the amount requested of \$208,978.00 in order to hire another part-time Controller who replaced a full time Controller September 28, 2017. It is necessary to advertise and hire the current vacant part-time position.

We also requested Travel (12,000.) and Conference (4,000.) Fees for several conferences, I will attend the Inter-Modal Breakfast at Jackson in February and The Airport Authority and myself always attend the Mississippi Airport Association (MAA) Conference which will be held in April this year at Jackson MS. I'm not certain of other travel arrangements at this time.

Please don't hesitate to call for any questions you may have regarding this request.

Sincerely,

Carol

**A FIREWORKS ORDINANCE OF THE BOARD OF SUPERVISORS
OF JACKSON COUNTY, MISSISSIPPI, TO SECURE THE
PUBLIC HEALTH, SAFETY AND GENERAL WELFARE OF
THE RESIDENTS AND PROPERTY OWNERS WITHIN THE
UNINCORPORATED AREA OF JACKSON COUNTY, MISSISSIPPI**

WHEREAS, the Board of Supervisors of Jackson County, Mississippi, is authorized to regulate the sale or use of firecrackers, roman candles, torpedoes, sky rockets, bottle rockets and any and all explosives commonly known and referred to as “Fireworks” within the unincorporated areas of Jackson County, Mississippi, by virtue of the provisions of Section 19-3-41(1) of Mississippi Code of 1972; and

WHEREAS, the Board of Supervisors of Jackson County, Mississippi, finds it would be in the best interest of public health, safety and general welfare to adopt a fireworks ordinance for the unincorporated areas of Jackson County;

NOW THEREFORE BE IT ORDAINED by the Board of Supervisors of Jackson County, Mississippi, as follows:

SECTION 1: FIREWORKS – DEFINED

The term “fireworks” used in this and the following sections shall mean firecrackers, roman candles, torpedoes, sky rockets, bottle rockets and any and all explosives commonly known and referred to as “fireworks”. The term “fireworks” shall not include (1) paper caps for use in toy guns and outdoor use of non-explosive sparklers; or (2) signals necessary for the safe operation of railroads or other classes of public or private transportation, or to the military or naval forces of the United States of this State, or to peace officers or to the use of blank cartridges for ceremonial, theatrical or athletic events.

SECTION 2: UNLAWFUL TO EXPLODE IN CERTAIN PLACES

Except as herein provided, it shall be unlawful at all times to use, explode, shoot, ignite and/or discharge fireworks of any type within the boundaries of a platted subdivision within the unincorporated area of Jackson County, Mississippi. The term “fireworks” shall not include paper caps for use in toy guns and similar items and outdoor use of nonexplosive sparklers.

SECTION 3: UNLAWFUL TO EXPLODE DURING A BURN BAN

It shall be unlawful to use, explode, shoot, ignite and/or discharge fireworks any type of fireworks at any time anywhere within the unincorporated area of Jackson County, Mississippi, when the Jackson County Fire Coordinator/Jackson County Board of Supervisors and/or the Mississippi

Forestry Service declares a "No Burn Order" (commonly referred to as a "Burn Ban") due to atmospheric and/or ground conditions in the unincorporated areas of Jackson County.

SECTION 4: VIOLATIONS

Any person, firm or corporation violating any provision of this Ordinance shall be guilty of a misdemeanor and upon conviction shall be fined a minimum of Two Hundred Fifty Dollars (\$250.00) for the first offense; and shall be fined a minimum of Five Hundred Dollars (\$500.00) for the second offense; and shall be fined up to One Thousand Dollars (\$1,000.00) for any subsequent offense. After notice of the first offense, each day that a violation occurs shall be deemed a separate offense.

SECTION 5: EFFECTIVE DATE AND PUBLICATION

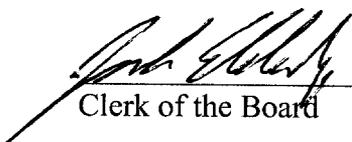

Public notice of the adoption of this Ordinance shall be given immediately upon such adoption by publication in area newspapers currently utilized by Jackson County for legal and public notice purposes. This Ordinance shall be in full force and effect thirty (30) days after said publication.

The motion to adopt the foregoing ordinance was made by Supervisor Bosarge, seconded by Supervisor Taylor, and the following vote was recorded:

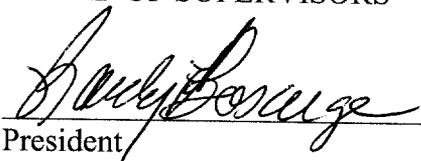

Supervisor Cumbest	<u>no</u>
Supervisor Harris	<u>no</u>
Supervisor Taylor	<u>yes</u>
Supervisor Ross	<u>no</u>
Supervisor Bosarge	<u>yes</u>
