Dear Jackson County Board of Supervisors,

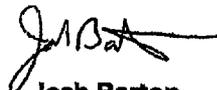

Thank you for your continued support of the Home of Grace. We are pleased to provide care and love to needy people in Jackson County. Your financial support is very important to us.

The Home of Grace for Women serves up to 44 women each day. In 2016, we served 133 women, many of which had suffered from domestic violence. Our counselors provide professional care to each resident, and a devoted staff offers individual and group therapy, class sessions, biblical instruction, and family life skills. These activities are designed to help women find a life filled with joy and hope.

We would like to request \$25,000 for the fiscal year ending June 2018 to help sustain this ongoing service. We strive to be good stewards of every dime received. We work hard to keep our administrative costs down, approximately 10%.

The Home of Grace is committed to rescue hurting men and women from desperate situations and offer them love and compassion. You are a vital part of their care.

Sincerely,

Josh Barton

WITNESSETH:

WHEREAS, Section 57-44-1 et seq., Mississippi Code, Annotated (the "Act"), was enacted and authorized MDA to make interest-bearing loans to local entities for freight rail service projects; and

WHEREAS, the Applicant has requested MDA to finance a portion of the cost associated with the development of the project, more particularly described in Item 2 of Annex A (the "Project"); and

WHEREAS, pursuant to the act and the guidelines adopted by MDA under the Act (the "Guidelines"), the Applicant has filed an application (the "Application") with MDA for a loan to be used for the development of the Project, more particularly described in Item 2 of Annex A (the "Project"); and

WHEREAS, based upon the Application and other relevant factors, MDA has agreed to provide the Applicant with a loan under the Act in the amount set forth in Item 3 of Annex A (the "Loan") under the terms and conditions set forth in Item 4 of Annex A, in order to fund, in part, and develop the Project by the Applicant; and

WHEREAS, to secure the payment of the Loan, the Applicant has authorized, executed, and delivered the Note (as hereinafter defined) to MDA.

NOW, THEREFORE KNOW ALL MEN BY THESE PRESENTS, that the parties hereto, intending to be legally bound hereby and in consideration of the mutual covenants hereinafter contained, do hereby agree as follows:

SECTION 1. *Loan.* Subject to and upon the terms and conditions set forth herein, MDA agrees to make the Loan to the Applicant and the Applicant agrees to borrow the proceeds of the Loan from MDA. The Loan will be evidenced by a promissory note payable to the order of MDA and dated as of the date hereof in substantially the form attached hereto as Exhibit A attached hereto (the "Note"), which Note shall bear interest at the rate or rates per annum set forth in Item 4 of Annex A and as shown on the face of the Note. Subject to the provisions of this Agreement, the Act, the Application, and the Guidelines, and upon execution of this Agreement, the Note and any other documents required by MDA to secure the Applicant's repayment of the Loan, MDA shall pay the proceeds of the Loan unto the Applicant in order to finance, in part, the Project. The Applicant can submit only one request for cash per month to MDA, and the total amount of requested funds for the project cannot exceed the maximum loan amount. The amount of the request can only be for eligible costs on current cash needs basis. All loan funds must be expended within one year from the date of the loan or the funds shall be recalled unless prior written approval is obtained from MDA.

SECTION 2. *Loan Payments and the Note.* All payments payable by the Applicant under this Agreement and the Note (the "Loan Payments") are due and payable at the times and in the amounts set forth in Item 4 of Annex A. MDA directs the Applicant, and the Applicant agrees to pay to MDA, at the address set forth in Section 9 herein below, all payments payable by the Applicant pursuant to this Agreement.

Failure of the Applicant to meet its repayment obligations shall result in the forfeiture of sales tax allocation and/or homestead exemption reimbursement in an amount sufficient to repay obligations due pursuant to Section 57-44-7(3) of the Act.

The Applicant shall execute the Note to evidence its obligation to make the Loan Payments and any other sums payable by the Applicant hereunder.

It is understood and agreed that all Loan Payments by the Applicant under this Agreement and the Note shall be absolute and unconditional and shall not be subject to any defense (other than payment) or any right of set-off, counterclaim or recoupment arising out of any breach by MDA, or the State of any obligation to the Applicant, whether hereunder or otherwise, or out of any indebtedness or liability at any time owing to the Applicant by MDA or the State.

The Applicant may, at its option, at any time and from time to time prepay the Loan without premium or penalty.

No remedy conferred upon or reserved to MDA by this Agreement is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission or exercise any right or power occurring upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. If the Applicant shall default under any of the provisions of this Agreement and MDA shall employ attorneys or incur other expenses for collection of the Loan Payments or for the enforcement or performance or observance of any obligation or agreement on the part of the Applicant contained in this Agreement or the Note, the Applicant, will on demand therefore pay the reasonable fees and expenses of MDA and its attorneys as they are incurred including all fees of counsel incurred for negotiation, trial, appeals or ruling of any lower tribunals, administrative hearings, bankruptcy and creditors' reorganization proceedings.

2. Component Units – Combining Statements
3. Component Units – Supplementary Information.

The following other information accompanying the financial statements will not be subjected to the auditing procedures applied in our audit of the financial statements, and our auditor's report will not provide an opinion or any assurance on that other information:

- Schedule of Surety Bonds for County Officials

Audit Objectives

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. The objective also includes reporting on—

- Internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Internal control over compliance related to major programs and an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will include a paragraph that states that (1) the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the provisions of the Uniform Guidance, and will include tests of accounting records, a determination of major program(s) in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express such opinions. We will issue written reports upon completion of our single audit. Our reports will be addressed to the Jackson County Board of Supervisors of Jackson County, Mississippi. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If, for our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed

opinions, we may decline to express opinions or issue reports, or we may withdraw from this engagement.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements or noncompliance may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or major programs. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential, and of any material abuse that comes to our attention. We will include such matters in the reports required for a single audit. Our responsibility as an auditor is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; schedule of expenditures of federal awards; federal award programs; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Audit Procedures—Internal Control

Our audit will include obtaining an understanding of the government and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of 's compliance with provisions of applicable laws, regulations, contracts, and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations, and the terms and conditions of federal awards applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the *OMB Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of Jackson County, Mississippi's major programs. The purpose of these procedures will be to express an opinion on 's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Other Services

We will also assist in preparing the financial statements, schedule of expenditures of federal awards, and related notes of Jackson County, Mississippi in conformity with U.S. generally accepted accounting principles and the Uniform Guidance based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statements, schedule of expenditures of federal awards, and related notes services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Solid Door Refrigerator *Reach-In Top Mount
M3 Series*

Model : M3R47-2

FEATURES & BENEFITS

- **Maintenance-free, Self-Cleaning Condenser (patented)** Only at Turbo Air
 The accumulation of dust in the condenser causes the failure or breakdown of refrigerators. Refrigerators run normally until they reach a certain level of accumulation. At some point, when they are over the limit, their performance drops quickly resulting in damage to, or disposal of the stored products in refrigerators. The self-cleaning condenser device keeps the condenser clean and prevents system failure by automatically brushing daily.
- **Digital temperature control & monitor system**

 - Keep food products safe by maintaining constant temperatures.
 - Alarms that sound when doors are not sealed shut; protect against food spoilage that originate from cold air leaks.
 - Digital display allows for easy monitoring.
 - Programs interpret the condition of refrigeration systems by self-diagnosis.
 - Automatic evaporator fan motor delays.
- **Hot gas condensate system** Only Turbo Air models
 Through Turbo Air's creative innovation, the condensate system surfaces have been specially treated to resist corrosion. This not only increases efficiency without the risk of refrigerant leakage from corrosion, but also prevents the overflow of condensate water.
- **Stainless steel cabinet construction**
 The Turbo Air M3 refrigerator model boasts a stainless steel exterior (galvanized steel top, bottom and back) and stainless steel interior with AL inside walls and door liners. It guarantees the utmost in cleanliness and long product life. The sharp corners and edges have been rounded to reduce the risk of injury. The M3 can add a touch of style to the most refined setting.
- **Door pressure release device** Only Turbo Air models
 Pressure relief doors are designed to eliminates vacuum pressure and allows easy, instant door opening.
- **Efficient refrigeration system**
 M3's solid door refrigerators are designed with oversized and balanced (CFC Free R-134A) refrigeration systems. These include efficient evaporators and condensers for faster cooling and greater efficiency.
- **LED interior lighting**
- **Adjustable, heavy duty, PE(polyethylene) coated wire shelves**
- **High-density polyurethane insulation**
 The entire cabinet structure and solid doors are foamed-in-place using high density, CFC free polyurethane insulation.
- **Top mount compressor**

Refrigerator holds 33°F ~ 38°F for the best in food preservation

 - b. Right of Way Agreements with Chevron, granting Chevron irrevocable rights of way to the property of Port on which the Project is executed in essentially the same terms and conditions to those contained in the ROW's benefitting Chevron that are currently in place (the "ROW");
 - c. Right of Access Agreement between Chevron and Chemours, that Chevron is responsible for obtaining from its customer in a manner so as to not delay the project, by which Chevron would have access to Chemours property for the cleaning of the benzene line;
 - d. An agreement for the demolition and removal of the pipelines and supporting infrastructure no longer required by Chevron as a result of the execution of the Project (the "Removal Agreement"). The Port would bear all the costs associated with the Removal Agreement,

including without limitation all costs related to preparing the bid plans and specifications, environmental permitting, public hearings if applicable, and other Port contracted engineering, architectural items and its construction as it pertains to the Project. This agreement at the Port's option may be included as part of the scope of the EPC Contract.

Chevron would bear all the costs associated with the Clean Up Agreement, including without limitation, as applicable, all costs related to preparing the bid plans and specifications, environmental permitting, public hearings if applicable, construction, and other contracted engineering, architectural items and its execution as it pertains to the flushing of existing pipelines and environmental cleaning of benzene pipelines. Chevron would assume the environmental cleaning of the Benzene pipeline to the first flange which is located inside the fence line of the Chemours facility. It is also understood that the work contemplated to be executed through the Clean Up Agreement may be self-executed by Chevron, at its option; and
- f. One or more additional agreements as may be necessary to address typical requirements of a commercial nature and the remaining terms and conditions.

The Definitive Agreements listed above would contain covenants, representations and warranties, and other mutually agreeable terms. The Definitive Agreements would include at least the following conditions precedent and/or covenants:

- a. The Parties shall have received any necessary consents, waivers or approvals from their respective (i) management, (ii) boards of directors and (iii) if required, the boards of directors of any of their parent companies;
- b. Receipt of all requisite consents, regulatory approvals and permits pertaining to the Proposed Transaction, the Project and the Parties' activities with respect thereto;
- c. The Port continuing to receiving financial assistance through the U. S. Department of Transportation Maritime Administration under the Consolidated and Further Continuing Appropriations Act, 2013 (F, Title I, Pub. L. 113-6, March 26, 2013) for the National Infrastructure Investments Discretionary Grant Program (FY 2013 TIGER Discretionary Grants) for its Port of Pascagoula Intermodal Improvement Project, Grant No. DTMA91G140008; and receiving the funds requested through a petition for additional assistance through Mississippi Department of Transportation FY2017 Port Multi-Modal Transportation Improvement Program; and
- d. The Parties shall abide by all federal and state laws and regulations and the Port shall in addition abide by regulations that govern the 2013 TIGER Discretionary Grants.

The EPC Contract, and the Removal Agreement, if one is entered, would, as applicable:

- a. Indemnify Chevron for liabilities that may arise from the execution of the Project only to the extent permitted by State law;
- b. Contain minimum safety standards and procedures for the execution of the Project;
- c. Additional provisions as may be necessary to address typical requirements of a commercial nature and the remaining terms and conditions
- d. Name Chevron as a third-party beneficiary to the EPC Contract and the Removal Agreement;
- e. Name Chevron as an additional insured on the EPC Contractor's liability insurance coverage for the Project; and
- f. Name Chevron as a co-obligee under the EPC Contractor's payment and performance bond for the Project.

PART II – Binding Provisions

Upon execution of this MOU II Chevron shall develop a detailed design package for the pipeline modifications required to support the Project, based on the Final Issue for Design Drawings, drawing #CE 213-113.002A-X-1.pdf and drawing #CE 213-113.002A-X-2.pdf, received April 4, 2017, provided by the Compton Engineering on behalf of the Port to Chevron. Chevron will provide the Port the detailed design package for the Project, inclusive of all terms and conditions and safety expectations Chevron expects to be included in the EPC Contract bid package. Should the Port desire to make changes to drawing #CE213-113-002A-X-2.pdf and/or drawing #CE213-113-002A-X-2.pdf, subsequent to the execution of this MOU II, Chevron's consent shall be required. In the event Chevron's written consent is not obtained, Chevron shall be released from its obligations to provide a pipeline modification design package and any obligation to support the Project contemplated in this MOU II.
2. Agreement to Negotiate in Good Faith. The Parties agree to conduct negotiations in good faith for the development of the Proposed Transaction and the preparation of Definitive Agreements during the term of this MOU II.
3. Transfer of Pipeline to Chevron. The Parties agree that to the extent the Project is executed, the Port shall transfer, in favor of Chevron, or a Chevron affiliate designated by Chevron, title in and to any pipeline and facilities, together with the ancillary equipment associated therewith, installed, constructed or erected by the EPC Contractor under the EPC Contract. For purposes of this provision, the Port agrees to execute transfer documents and any additional documentation to affect transfer of ownership in favor of Chevron or its designated affiliate, as may be reasonably requested by Chevron.
4. Enforcement of Warranties for the benefit of Chevron. The Parties agree that to the extent the Project is executed, the Port shall enforce, for the benefit of and to the satisfaction of Chevron, any warranty or guarantee provided by the EPC Contractor under the EPC Contract, in connection with any pipeline and facilities, together with the ancillary equipment associated therewith, installed, constructed or erected by the EPC Contractor under the EPC Contract.
5. Liquidated Damages for delayed performance. The Parties agree that the Port shall compensate Chevron for delay as stipulated herein. Chevron will receive \$10,000 for each day after the (four-day or eight-day) window that the tie-in is not completed.
6. Approval of drawings, design and changes. Subject to the provisions of Section 8 of this MOU II, the Parties agree that the Port shall not approve any change orders, drawings, design modifications or deviations to the Project execution or the EPC Contract, as may be generated by the Port, or submitted by the EPC Contractor until it has received Chevron or Chevron's authorized representative's written approval for such change orders, drawings, or design modification. Chevron agrees to return documents to Engineer within eighteen (18) calendar days.
7. The Port represents and warrants to Chevron in this MOU II, and the Definitive Agreements shall include substantially similar representations and warranties, as follows: (a) the conveyance of the New Pipeline to Chevron is a disposition of machinery, equipment, and/or facilities for industrial operations within the meaning of Section 59-9-19(b) of the Mississippi Code of 1972, as amended (the "Code"); (b) the obligations of Chevron under this MOU II and contemplated by the Definitive Agreements are sufficient consideration under Mississippi law for the conveyance of the New Pipeline to Chevron; and (c) the transactions contemplated by the Proposed Transaction and the Definitive Agreements fully comply with

(i) Title 59, Chapter 9 of the Code, (ii) the TIGER Grant, and (iii) all other grant programs or funding sources to be utilized by the Port in connection with the Proposed Transaction.

8. Development Expenses. Except as expressly stated in Section 1 of Part II of this MOU II, and as expressly required by the Clean Up Agreement, the Port would bear 100% of all third-party costs related to the development of the Proposed Transaction.

10. Development Milestones. The Port acknowledges and agrees that the Project execution schedule is critical in meeting the financial objectives of the Parties. The Port agrees to provide development milestones suitable for use by Chevron to measure the progress in completing development of the Project. These milestones together with estimated completion dates and associated financial obligation for delays will be defined in the Definitive Agreements.
11. Term and Termination.
 - a. The term of this MOU II shall commence on the Effective Date and shall terminate on the earlier of (i) the parties' inability after good faith discussions to enter into the Definitive Agreements consistent with the MOU II by August 1, 2018, or (ii) Chevron's receipt of the Project's Certificate of Substantial Completion associated with the Project, unless terminated or extended by mutual consent of the Parties.

Authorized representatives of the FHWA may also review and inspect the SERVICES under this CONTRACT should funds of the United States of America be in any way utilized in payment for said SERVICES. Such inspection shall not make the United States of America a party to this CONTRACT, nor will FHWA interfere with the rights of either party hereunder.

All reports, drawings, studies and maps prepared by and for the CONSULTANT, shall be made available to authorized representatives of the LPA for inspection and review at all reasonable times in the General Offices of the LPA. Authorized representatives of the FHWA may also review and inspect said reports, drawings, studies and maps prepared under the CONTRACT should funds of the United States of America be in any way utilized in payment for the same. Acceptance by the LPA shall not relieve the CONSULTANT of its professional obligation to correct, at its expense, any of its breaches, errors and/or omissions, in the final version of the work.

The CONSULTANT shall be responsible for performance of and compliance with all terms of this CONTRACT, including the Scope of Work and other exhibits, and including any technical specifications and special requirements of the LPA, and shall be responsible for errors and/or omissions, including those as to conduct and care, format and content, for all aspects of the CONTRACT, and including professional quality and technical accuracy of all designs, drawings, specifications, and other services furnished by the CONSULTANT.

Failure to comply with any terms of this CONTRACT shall be corrected by the CONSULTANT without additional compensation.

If any breach of CONTRACT, is discovered by LPA personnel after final acceptance of the work by the LPA, then the CONSULTANT shall, without additional compensation, cure any deficiency or breach including errors and/or omissions in designs, plans, drawings, specifications, or other services.

In the event that the project schedule requires that a breach of this CONTRACT be corrected by someone other than the CONSULTANT then the actual costs incurred by the LPA for such corrections shall be the responsibility of the CONSULTANT. The LPA shall give the CONSULTANT an opportunity to correct said breach unless (1) the LPA determines, in its sole discretion, that the CONSULTANT cannot cure the breach within the schedule established by the LPA, or (2) the LPA determines, in its sole discretion, that the CONSULTANT cannot cure the breach to the satisfaction of the LPA.

In the event that the CONSULTANT breaches this CONTRACT, and the breaches of the CONSULTANT are discovered during the construction phase, then an accounting of all costs incurred by the LPA resulting from such breach, including errors and/or omissions, will be made and such amount will be recovered from the CONSULTANT.

ARTICLE IX. RESPONSIBILITIES FOR CLAIMS AND LIABILITY

The CONSULTANT shall indemnify, defend and hold harmless the LPA and all its officers, agents and employees from any claim, loss, damage, cost, charge or expense arising out of any negligent act, actions, neglect or omission by the CONSULTANT, its agents, employees, or subconsultants during the performance of this CONTRACT, whether direct or indirect, and whether to any person or property for which LPA or said parties may be subject, except that neither the CONSULTANT nor any of his agents or subconsultants will be liable under this provision for damages arising out of the injury or damage to persons or property solely caused or resulting from the negligence of the LPA or any of its officers, agents or employees.

The CONSULTANT'S obligations under this Article, including the obligations to indemnify, defend, hold harmless, pay reasonable attorney fees or, at the LPA'S option, participate and associate with the LPA in the defense and trial or arbitration of any damage claim, lien or suit and any related settlement negotiations, shall be initiated by the LPA'S notice of claim for indemnification to the CONSULTANT. Only an

adjudication or judgment after the highest appeal is exhausted specifically finding the LPA entirely responsible shall excuse performance of this provision by the CONSULTANT. In such case, the LPA shall pay all costs and fees related to this obligation and its enforcement. Should there be a finding of dual or multiple liability, costs and fees shall be apportioned accordingly.

In conjunction herewith, the LPA agrees to notify CONSULTANT in writing as soon as practicable after receipt or notice of any claim involving CONSULTANT. These indemnities shall not be limited by reason of the listing of any insurance coverage below.

ARTICLE X. INSURANCE

The Insurance coverage recited above shall be maintained in full force and effect by the CONSULTANT during the entire term of the CONTRACT. A certificate of insurance acceptable to the LPA shall be issued to the LPA by the CONSULTANT prior to beginning any work under this CONTRACT and thereafter on an annual basis for the duration of this CONTRACT as evidence that policies providing the required insurance are in full force and effect. All policies of required insurance shall give thirty days written notice to the LPA before the effective date of cancellation or reduction in limits of any required insurance.

The CONSULTANT will furnish certified copies, upon request, of any or all of the policies and/or endorsements to the LPA prior to the execution of this CONTRACT and thereafter on an annual basis for the duration of this CONTRACT.

The CONSULTANT shall provide the LPA any and all documentation necessary to prove compliance with the insurance requirements of this CONTRACT as such documentation is requested, from time to time, by the LPA.

If the CONSULTANT fails to procure or maintain required insurance, the LPA may immediately elect to terminate this CONTRACT or, at its discretion, procure or renew such insurance and pay any and all premiums in connection therewith, and all monies so paid by the LPA shall be repaid by the CONSULTANT to the LPA upon demand, or the LPA may offset the cost of the premiums against any monies due to the CONSULTANT from the LPA.

ARTICLE XI. COVENANT AGAINST CONTINGENT FEES AND LOBBYING

The CONSULTANT shall comply with the relevant requirements of all federal, state or local laws. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this CONTRACT, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the CONSULTANT, any fee commission, percentage, brokerage fee, gifts or any other consideration contingent upon or resulting from the award or making of the CONTRACT. The CONSULTANT warrants that it shall not contribute any money, gift or gratuity of any kind, either directly or indirectly to any employee of the LPA, or to any employee of the Mississippi Department of Transportation. For breach or violation of this warranty, the LPA shall have the right to terminate this CONTRACT without liability, and the CONSULTANT shall forfeit any sums due hereunder at the time of such breach and may be barred from performing any future services for the LPA or participating in any future contracts with the LPA.

ARTICLE XII. EMPLOYMENT OF LPA'S PERSONNEL

The CONSULTANT shall not employ any person or persons in the employ of the LPA for any work required by the terms of this CONTRACT, without the written permission of the LPA, except as may otherwise be provided for herein.

ARTICLES XIII. MODIFICATION

If, prior to the satisfactory completion of the SERVICES under this CONTRACT, the LPA materially alters the scope, character, complexity or duration of the SERVICES from those required under this CONTRACT, a supplemental agreement may be executed between the parties. Also, a supplemental agreement may be executed between the parties in the event that both parties agree the CONSULTANT's compensation should be increased due to an unanticipated increase in the nature, scope or amount of work necessary to properly provide the SERVICES required on any particular phase or project begun hereunder.

Oral agreements or conversations with the LPA, any individual member of the LPA, officer, agent, or employee of the Mississippi Department of Transportation, either before or after execution of this CONTRACT, shall not affect or modify any of the terms or obligations contained in this CONTRACT. All modifications to this CONTRACT, amendments or addenda thereto must be submitted in writing and signed by the parties thereto before any work is commenced.

The CONSULTANT may not begin work on any modifications, amendments, or addenda prior to receiving a Notice to Proceed.

Minor changes in the proposal which do not involve changes in the contract maximum not to exceed amount, extensions of time or changes in the goals and objectives of the CONTRACT may be made by written

notification of such change by either the LPA or the CONSULTANT to the other party, and shall become effective upon written acceptance thereof (i.e. letter agreement).

ARTICLE XIV. SUBLETTING, ASSIGNMENT OR TRANSFER

It is understood by the parties to this CONTRACT that the work of the CONSULTANT is considered personal by the LPA. The CONSULTANT shall not assign, sublet or transfer any or all of its interest in this CONTRACT without prior written approval of the LPA. Under no circumstances will CONSULTANT be allowed to sublet more than 60% of the work required under this contract. It is clearly understood and agreed that specific projects or phases of the work may be sublet in their entirety provided that CONSULTANT performs at least 40% of the overall contract with its own forces. Consent by the LPA to any subcontract shall not relieve CONSULTANT from any of its obligations hereunder, and CONSULTANT is required to maintain final management responsibility with regard to any such subcontract.

The LPA reserves the right to review all subcontract documents prepared in connection with this CONTRACT, and the CONSULTANT agrees that it shall submit to the LPA any proposed subcontract document together with subconsultant cost estimates for review and written concurrence of the LPA in advance of their execution.

The CONSULTANT shall make prompt payment to all subconsultants no later than 15 days from receipt of each payment the LPA makes to the CONSULTANT. Each month, the CONSULTANT shall submit OCR-484-C found on MDOT's website to the LPA along with the Invoice. This form certifies payments to all Subconsultants and shows all firms even if the CONSULTANT has paid no monies to the firm during that estimate period (negative report).

ARTICLE XV. OWNERSHIP OF PRODUCTS AND DOCUMENTS AND WORK MADE FOR HIRE

The CONSULTANT agrees that all reports, computer information and access, drawings, studies, notes, maps and other data, prepared by and for them under the terms of this CONTRACT shall be delivered to, become and remain in the property of the LPA upon creation and shall be delivered to the LPA upon termination or completion of work, or upon request of the LPA regardless of any claim or dispute between the parties. All such data shall be delivered within thirty (30) days of receipt of a written request by the LPA.

The CONSULTANT and the LPA intend and agree that this CONTRACT to be a contract for services and each party considers the products and results of the services to be rendered by the CONSULTANT hereunder, including any and all material produced and/or delivered under this CONTRACT (the "Work"), to be a "work made for hire" under U.S. copyright and all applicable laws. The CONSULTANT acknowledges and agrees that the LPA owns all right, title, and interest in and to the Work including, without limitation, the copyright thereto and all trademark, patent, and all intellectual property rights thereto.

If for any reason the Work would not be considered a work made for hire under applicable law, or in the event this CONTRACT is determined to be other than a contract or agreement for a work made for hire, the CONSULTANT does hereby transfer and assign to the LPA, and its successors and assigns, the entire right, title, and interest in and to any Work prepared hereunder including, without limitation, the following: the copyright and all trademark, patent, and all intellectual property rights in the Work and any registrations and copyright, and/or all other intellectual property, applications relating thereto and any renewals and extensions thereof; all works based upon, derived from, or incorporating the Work; all income, royalties, damages, claims, and payments now or hereafter due or payable with respect thereto; all causes of action, either in law or in equity, for past, present, or future infringement based on the copyrights and/or all other intellectual property; all rights, including all rights to claim priority, corresponding to the foregoing in the United States and its territorial possessions and in all foreign countries. The CONSULTANT agrees to execute all papers and perform such other proper acts as the LPA may deem necessary to secure for the LPA or its designee the rights herein assigned.

The LPA may, without any notice or obligation of further compensation to the CONSULTANT, publish, re-publish, anthologize, use, disseminate, license, or sell the Work in any format or medium now known or hereafter invented or devised. The LPA'S rights shall include, without limitation, the rights to publish, re-publish, or license a third party to publish, re-publish, or sell the Work in print, on the World Wide Web, or in any other electronic or digital format or database now known or hereafter invented or devised, as a separate isolated work or as part of a compilation or other collective work, including a work different in form from the first publication, and to include or license a third party to include the Work in an electronic or digital database or any other medium or format now known or hereafter invented or devised.

The CONSULTANT shall obtain any and all right, title, and interest to all input and/or material from any third party subconsultant, or any other party, who may provide such input and/or material to any portion of the Work so that said right, title, and interest, and all such interest in and to the Work including, without limitation, the copyright thereto and all trademark, patent, and all intellectual property rights thereto, shall belong to the LPA.

For any intellectual property rights currently owned by third parties or by the CONSULTANT and not subject to the terms of this CONTRACT, the CONSULTANT agrees that it will obtain or grant royalty-free, nonexclusive, irrevocable license(s) for or to the LPA at no cost to the LPA to use all copyrighted or copyrightable work(s) and all other intellectual property which is incorporated in the material furnished under this CONTRACT. Further, the CONSULTANT warrants and represents to the LPA that it has obtained or granted any and all such licensing prior to presentation of any Work to the LPA under this CONTRACT. This obligation of the CONSULTANT does not apply to a situation involving a third party who enters a license agreement directly with the LPA.

The CONSULTANT warrants and represents that it has not previously licensed the Work in whole or in part to any third party and that use of the Work in whole or in part will not violate any rights of any kind or nature whatsoever of any third party. The CONSULTANT agrees to indemnify and hold harmless the LPA, its successors, assigns and assignees, and its respective officers, directors, agents and employees, from and against any and all claims, damages, liabilities, costs and expenses (including reasonable attorneys' fees), arising out of or in any way connected with any breach of any representation or warranty made by CONSULTANT herein.

ARTICLE XVI. PUBLICATION AND PUBLICITY

The CONSULTANT agrees that it shall not for any reason whatsoever communicate to any third party, with the exception of the MDOT and the FHWA, in any manner whatsoever concerning any of its CONTRACT work product, its conduct under the CONTRACT, the results or data gathered or processed under this CONTRACT, which includes, but is not limited to, reports, computer information and access, drawings, studies, notes, maps and other data prepared by and for the CONSULTANT under the terms of this CONTRACT, without prior written approval from the LPA, unless such release or disclosure is required by judicial proceeding. The CONSULTANT agrees that it shall immediately refer any third party who requests such information to the LPA and shall also report to the LPA any such third party inquiry, with the exception of the MDOT and/or the FHWA. This Article shall not apply to information in whatever form that comes into the public domain, nor shall it restrict the CONSULTANT from giving notices required by law or complying with an order to provide information or data when such order is issued by a court, administrative agency or other authority with proper jurisdiction, or if it is reasonably necessary for the CONSULTANT to defend itself from any suit or claim.

IT IS FURTHER AGREED, that all approved releases of information, findings, and recommendations shall include a disclaimer provision and that all published reports shall include that disclaimer on the cover and title page in the following form:

The opinions, findings, and conclusions in this publication are those of the author(s) and not necessarily those of the Local Public Agency, Mississippi Department of Transportation, Mississippi Transportation Commission, the State of Mississippi, or the Federal Highway Administration.

ARTICLE XXIII. AVAILABILITY OF FUNDS

It is expressly understood and agreed that the obligation of the LPA to proceed under this CONTRACT is conditioned upon the availability of funds, the appropriation of funds by the Mississippi Legislature, and the receipt of state and/or federal funds. If, at any time, the funds anticipated for the fulfillment of this CONTRACT are not forthcoming or are insufficient, either through the failure of the federal government to provide funds or of the State of Mississippi to appropriate funds or the discontinuance or material alteration of the program under which funds were provided, or if funds are not otherwise available to the LPA for the performance of this CONTRACT, the LPA shall have the right, upon written notice to the CONSULTANT, to immediately terminate or stop work on this CONTRACT without damage, penalty, cost, or expense to the LPA of any kind whatsoever. The effective date of termination shall be as specified in the notice of termination.

ARTICLE XXIV. STOP WORK ORDER

A. **Order to Stop Work.** The LPA may, by written order to the CONSULTANT at any time, and without notice to any surety, require the CONSULTANT to stop all or any part of the work called for by this CONTRACT. This order shall be for a specified period not exceeding twenty-four (24) months after the order is delivered to the CONSULTANT unless the parties agree to any further period. Any such order shall be identified specifically as a stop work order issued pursuant to this clause. Upon receipt of such an order, the CONSULTANT shall forthwith comply with its terms and take all steps to minimize the occurrence of costs allocable to the work covered by the order during the period of work stoppage. Before the stop work order expires, or within any further period to which the parties shall have agreed, the LPA shall either:

If the LPA decides that it is justified, an appropriate adjustment may be made in the delivery schedule. If the stop work order results in an increase in the time required for or in the CONSULTANT'S cost properly allocable to the performance of any part of this CONTRACT and the CONSULTANT asserts a claim for such an adjustment within 30 days after the end of the period of work stoppage, an equitable adjustment in this CONTRACT may be made by written modification of this CONTRACT as provided by the terms of this CONTRACT.

C. **Termination of Stopped Work.** If a stop work order is not canceled and the work covered by such order is terminated, the CONSULTANT may be paid for services rendered prior to the Termination. In addition to payment for services rendered prior to the date of termination, the LPA shall be liable only for the costs, fees, and expenses for demobilization and close out of this CONTRACT, based on actual time and expenses incurred by the CONSULTANT in the packaging and shipment of all documents covered by this CONTRACT to the LPA. 219 concurrent with the term of office of the board of supervisors
220 and elections shall be held during the same time period as that
221 of the board of supervisors. For the initial election only,
222 voting shall be conducted for all districts at the central
223 location. The initial elections shall be held in accordance with
224 the provisions of the law pertaining to vacancies or special
225 elections. Immediately upon receipt of the writ of election, the
226 commissioners of election shall give notice of such election by
227 posting notice at the courthouse and in each commissioners
228 district not less than ninety (90) days before such election. The
229 election shall be prepared and held in the same manner as a
230 general election. Candidates for the position of commissioner
231 shall qualify by filing with the circuit clerk, not later than
232 5:00 p.m. sixty (60) days before the date of the election, a
233 petition signed by not less than fifteen (15) qualified electors
234 of the Gautier Utility District. The candidates shall be placed
235 upon the ballot in alphabetical order and no political party
236 affiliation shall be designated thereon. The candidate who
237 receives the highest number of votes for each post shall be
238 declared elected. The commissioners elected shall serve until
239 December 31, 1991, or until their successors are elected and

240 qualified. All costs of the election shall be borne by the
241 Gautier Utility District and not the county at large.

242 (ii) Beginning with the State General Election in
243 1991 and every four (4) years thereafter, the commissioners shall
244 be elected in the same manner and at the same time as other state
245 and county officers and shall serve for four-year terms.
246 Candidates shall qualify by filing with the circuit clerk, not
247 later than 5:00 p.m. sixty (60) days before the date of the
248 election, a petition signed by not less than fifteen (15)
249 qualified electors of the Gautier Utility District. The
250 candidates shall be placed upon the ballot in alphabetical order
251 and no political party affiliation shall be designated thereon.
252 The candidate who receives the highest number of votes for each
253 post shall be declared elected.

254 Vacancies shall be filled by the procedure set forth in
255 Section 23-15-839, Mississippi Code of 1972.

256 Section 3. Such board of commissioners shall organize by
257 electing one (1) of its members as chairman and another as vice
258 chairman. It shall be the duty of the chairman to preside at all
259 meetings of the board and to act as the chief executive officer
260 of the board of the district. The vice chairman shall act in the
261 absence or disability of the chairman. Such board also shall
262 elect and fix the compensation of a secretary-treasurer who may
263 or may not be a member of the board. It shall be the duty of the

264 secretary-treasurer to keep all minutes and records of the board
265 and to safely keep all funds of the district. The secretary-
266 treasurer shall be required to execute a bond, payable to the
267 district, in a sum and with such surety as shall be fixed
268 and approved by the board of commissioners. The terms of all
269 officers of the board shall be for one (1) year from and after
270 the date of election and shall run until their respective
271 successors are appointed and qualified. Each such board of
272 commissioners shall adopt an official seal with which to attest
273 the official acts and records of the board and district.

274 Section 4. Every resident citizen of any district created
275 pursuant to this act, of good reputation, and over twenty-five
276 (25) years of age, and of sound mind and judgment shall be
277 eligible to hold the office of commissioner. Each person elected
278 or appointed as a commissioner, before entering upon the
279 discharge of the duties of this office, shall be required to
280 execute a bond, payable to the State of Mississippi, in the penal
281 sum of Ten Thousand Dollars (\$10,000.00) conditioned that he will
282 faithfully discharge the duties of his office; and each such bond
283 shall be approved by the clerk of the board of supervisors and
284 filed with said clerk. Each commissioner shall take and subscribe
285 to an oath of office before the clerk of the board of supervisors
286 that he will faithfully discharge the duties of the office of
287 commissioner, which oath shall also be filed with said clerk and

288 by him preserved with such official bond. The commissioners shall
289 be compensated for their services for each meeting of the board
290 of commissioners attended, either regular or special, at a rate
291 to be fixed by the board of supervisors, and shall be reimbursed
292 for all expenses necessarily incurred in the discharge of their
293 official duties; provided that the commissioners elected for the
294 Gautier Utility District shall be entitled to compensation under
295 Section 25-3-69 for not more than fifty (50) days per year.

296 Section 5. Districts created under the provisions of this
297 act shall have the powers enumerated in the resolution of the
298 board of supervisors creating such districts but shall be limited
299 to the conducting and operating of a water district, a sewer
300 district, a gas utility district or a fire protection district,
301 or as a combined water and sewer district, or as a combined
302 water, sewer and gas utility district, or as a combined water,
303 sewer and fire protection district, or as a combined water,
304 sewer, gas utility and fire protection district; and to carry out
305 such purpose or purposes, such districts shall have the power and
306 authority to acquire, construct, reconstruct, improve, better,
307 extend, consolidate, maintain, and operate such system or systems
308 and to contract with any municipality, person, firm or
309 corporation for a supply of water, gas or for other services
310 required incident to the operation and maintenance of such a
311 system. As long as any such district or districts continue to

312 furnish any of the services which it has authorized to furnish in
313 and by the resolution by which it was created, it shall be the
314 sole public corporation empowered to furnish such services within
315 such district except as set forth in Section 6.

316 Section 6. Any area adjacent to any district created
317 pursuant to this act and situated within Jackson County,
318 Mississippi, may be annexed to and become a part of such district
319 by the same procedure as prescribed in Section 1 of this act for
320 the original creation of such district. None of the territory
321 lying within any such district shall be subject to annexation by
322 any city, town or village unless all of the territory of such
323 district be so annexed, in which event such city, town or village
324 shall assume the operation and maintenance of the facilities of
325 such district and shall assume all obligations of such district
326 with respect to the payment of any outstanding bonds of such
327 district, and all other contractual obligations of such district.

328 Provided, however, that with respect to the Escatawpa
329 Suburban Utility District, the City of Moss Point may annex a
330 part of said district upon the assumption by said city of the
331 operation and maintenance of the facilities of such district and
332 shall assume all obligation of such district with respect to the
333 payment of any outstanding bonds, including the principal and
334 interest and service charges thereon, of such district, and all
335 other contractual obligations of such district. Provided further,

336 that with respect to the Gautier Utility District, the City of
337 Gautier may annex any part of that parcel of land of the Gautier
338 Utility District that lies west of the city boundaries of the
339 City of Gautier, south of Interstate 10 and east of Mississippi
340 Highway 57, without the necessity of annexing all of such Gautier
341 Utility District or assuming the operation and maintenance of any
342 of the facilities of such district or assuming any obligations of
343 such district. Any unincorporated territory currently within the
344 Gautier Utility District and also within the proposed area to be
345 annexed by the City of Gautier must have unanimous vote of the
346 elected Gautier Utility District Commissioners. Otherwise, the
347 provision regarding annexation hereinabove set forth in the first
348 paragraph of this section shall remain in full force and effect.

349 Section 7. (1) The water and sewer system constructed by
350 Jackson County, Mississippi, in the Bayou Casotte and Escatawpa
351 areas of Jackson County, under the authority of Section 9,
352 Chapter 365, Laws of Mississippi of 1958, and Chapter 395 (
353 Senate Bill 1888), Laws of Mississippi of 1962, may, in the
354 discretion of the board of supervisors, be constituted as a
355 combined water, sewer and fire protection district or combined
356 water and sewer district or districts with all the rights,
357 powers, duties and obligations granted to such districts by this
358 act, notwithstanding that part of such district or districts may
359 include territory now within the corporate limits of a

360 municipality. The board of supervisors, in its discretion, may,
361 by resolution, declare its intention to create such district or
362 districts without the necessity of a prior petition being filed
363 with the board of supervisors, and such resolution shall be
364 published and the proceedings shall thereafter be had as provided
365 by Section 1(b), (c), (d) and (f) of this act.

366 (2) Any such district or districts shall have the power to
367 provide funds for either or both of the following purposes: (a)
368 for the purpose of constructing, acquiring, reconstructing,
369 improving, bettering or extending the utility facilities for such
370 district or districts; (b) for the purpose of purchasing,
371 acquiring, taking up, exchanging or redeeming the outstanding
372 bonds issued by Jackson County under the authority of Section 9,
373 Chapter 365, Laws of Mississippi of 1958, and Chapter 395 (
374 Senate Bill 1888), Laws of Mississippi of 1962; by the issuance
375 of revenue bonds as set forth in this subsection or under
376 subsection (3). Such bonds shall be payable primarily from the
377 revenues of such facilities and, if and when necessary, from the
378 special fund provided for in paragraph (4) of this Section 7, and
379 may be issued without an election being held upon the question of
380 their issuance and without the publication of any notice of
381 intention to issue such bonds. The board of commissioners of any
382 district created pursuant to this act shall issue bonds of such
383 district by resolution spread upon the minutes of such board.

384 Such bonds shall contain such covenants and provisions, shall be
385 executed, shall bear interest at such rate or rates not to exceed
386 fourteen percent (14%) per annum, shall be in such denomination
387 or denominations, shall be payable, both as to principal and
388 interest, at such place or places, and shall mature at such time
389 or times not exceeding thirty-five (35) years from their date,
390 all as shall be determined by such board of commissioners and set
391 forth in the resolution pursuant to which such bonds shall be
392 issued. Any provisions of the general laws to the contrary
393 notwithstanding, any bonds and interest coupons issued pursuant
394 to the authority of this act shall possess all of the qualities
395 of negotiable instruments, and such bonds and interest coupons
396 shall be exempt from all state, county, municipal and other
397 taxation under the laws of the State of Mississippi. Any bonds
398 issued pursuant to the authority of this act may be refunded in
399 the manner provided herein, and bonds for the betterment,
400 improvement or extension of the system may be included with such
401 refunding bonds. Such bonds may be sold without the necessity of
402 advertising for bids therefor, and may be sold by negotiated
403 private sale and on such terms, conditions and covenants as may
404 be agreed to by and between the issuing authority and the
405 purchasers of such bonds.

406 (3) Funds for operation or debt service or both of the
407 Gautier Utility District may be provided by charges assessed

408 against the property abutting upon the sewer, or abutting upon
409 the railroad and/or utility right-of-way, street, road, highway,
410 easement or alley in which such sewer mains or water mains are
411 installed according to the frontage thereof.

412 The Board of Commissioners of the Gautier Utility District,
413 after giving notice and hearing protests in the manner prescribed
414 by Sections 21-41-5 and 21-41-7, Mississippi Code of 1972, shall,
415 by resolution spread upon its minutes, define the services to be
416 offered, the approximate cost of the services and improvements,
417 and the entire area to be benefited by each improvement; each
418 such improvement may be designated as a project, or all such
419 improvements may be designated as one (1) project.

420 The resolution shall direct that the cost to be assessed
421 against each lot or parcel of land shall be determined by
422 dividing the entire assessable cost of the project by the total
423 number of front feet fronting on the street, easement or other
424 right-of way in which all of mains embraced within the project
425 are installed and multiplying the quotient by the total number of
426 front feet in any particular lot or parcel of land fronting on
427 the street, easement or other right-of-way in which sewer mains
428 or water mains are installed. The result thereof shall be
429 delivered by governing authorities of the Gautier Utility
430 District to the county board of supervisors as the amount of

431 special tax to be assessed against each lot or piece of ground
432 for the owner's part of the total cost of the improvements.

433 Upon petition to the proper taxing authority, tracts of land
434 containing five (5) or more contiguous acres of unsubdivided or
435 unimproved property shall be excluded from assessment under this
436 subsection, provided that if the excluded property is
437 subsequently improved or subdivided within five (5) years after
438 being excluded from assessment, such property shall be
439 immediately subject to a charge of one hundred percent (100%) of
440 all costs incurred to date in addition to all future costs; if
441 the excluded property is subsequently improved or subdivided five
442 (5) or more years after being excluded from assessment, such
443 property shall be immediately subject to all previous costs less
444 depreciation computed on a proportion of the design life of the
445 project on a thirty-five-year basis and all future costs.

446 (4) If there shall be insufficient revenues accruing from
447 the operation of any such district or districts to meet the
448 interest and/or principal payments when due on any bonds issued
449 under the authority of this act, then, upon certification of such
450 fact by the board of commissioners of such district or districts
451 to the board of supervisors, it shall be the mandatory duty of
452 the Board of Supervisors of Jackson County to levy an ad valorem
453 tax not to exceed five (5) mills on all taxable property in such
454 district, provided, however, that in the Gautier Utility

455 District, the Board of Supervisors of Jackson County may levy an
456 ad valorem tax not to exceed eight (8) mills on all taxable
457 property in the Gautier Utility District, to provide a special
458 fund for the payment of such bonds and interest thereon, which
459 fund shall be used for no other purpose, provided, however, that
460 the provisions of this paragraph (4) shall not be applicable when
461 such bonds have been assumed by any municipality under the
462 provisions of Section 9(1)(k) hereof.

463 (5) The board of supervisors, upon adoption by the
464 Commissioners of the Gautier Utility District of a resolution
465 requesting funding, shall levy a special tax, not to exceed four
466 (4) mills annually, on all of the taxable real property in the
467 Gautier Utility District, the avails of which shall be paid over
468 to the board of commissioners of the district to be used for the
469 operation, support and maintenance of the fire protection
470 activities of the Gautier Utility District.

471 (6) In the event that the Gautier Utility District
472 Commission does not fund the operation or debt of the district
473 under subsection (3), then the board of supervisors, upon
474 adoption by the Gautier Utility District Commissioners of a
475 resolution requesting funding, shall levy a special tax, not to
476 exceed four (4) mills annually, on all of the taxable property in
477 the Gautier Utility District, the avails of which shall be paid
478 over to the Board of Commissioners of the Gautier Utility

479 District to be used for the operation, support and maintenance of
480 any service provided by the Gautier Utility District. Water and
481 sewer service shall be considered one (1) service in the Gautier
482 Utility District.

483 (7) The taxes and assessments authorized to be levied and
484 made under subsections (3), (5) or (6) of this section shall not
485 be levied until the board of supervisors, or, in the case of an
486 elected board of commissioners, the commissioners adopt a
487 resolution setting forth the intent to levy the tax, the property
488 subject to such tax and the purposes to which the avails of such
489 tax will be employed. Such resolution shall be published in a
490 newspaper having a general circulation within the Gautier Utility
491 District once a week for at least three (3) consecutive weeks
492 prior to the date specified in such resolution as the date upon
493 which such board intends to levy the tax. The first such
494 publication shall be made not less than twenty-one (21) days
495 prior to the date specified, and the last such publication shall
496 be made not more than fourteen (14) days prior to such date.

497 If twenty percent (20%) or one hundred fifty (150),
498 whichever is the lesser, of the qualified electors of the Gautier
499 Utility District file a written petition with such board of
500 supervisors or commissioners, as the case may be, on or before
501 the date specified aforesaid, protesting the levy of the tax, the
502 board of supervisors or commissioners shall call an election on

503 the question of the levy of the tax. Such election shall be held
504 and conducted by the election commissioners of the county as
505 nearly as may be in accordance with the general laws governing
506 elections, and such election commissioners shall determine which
507 of the qualified electors of such county reside within the
508 proposed district, and only such qualified electors as reside
509 within the district shall be entitled to vote in such election.
510 Notice of such election setting forth the time, place or places,
511 and purpose of such election shall be published by the clerk of
512 the board of supervisors, and such notice shall be published for
513 the time and manner provided above for the publication of the
514 resolution of intention. The ballots to be prepared for and used
515 at said election shall be in substantially the following form:

516 "For The Tax ()
517 Against the Tax ()" and voters shall vote
518 by placing a cross mark (x) or a check mark (✓) opposite their
519 choice.

520 If no petition is filed which would require an election, or
521 in the event of such election a majority of those voting vote in
522 favor of such tax, the board of supervisors shall levy the tax as
523 set forth in the resolution of intention.

524 (8) The taxes authorized to be levied under subsections (5)
525 and (6) of this section and the increase in millage authorized by
526 subsection (4) of this section shall not be included in computing

527 any statutory growth limitations for the first year such taxes
528 are initially levied or increased.

529 Section 8. Any district created pursuant to the provisions
530 of this act shall be vested with all the powers necessary and
531 requisite for the accomplishment of the purpose for which such
532 district is created, capable of being delegated by the
533 Legislature. No enumeration of powers therein shall be construed
534 to impair or limit any general grant of power herein contained
535 nor to limit any such grant to a power or powers of the same
536 class or classes as those enumerated. Such districts are
537 empowered to do all acts necessary, proper or convenient in the
538 exercise of the powers granted under this act.

539 Section 9. Any district created pursuant to the provisions
540 of this act, acting by and through the board of commissioners of
541 such district, its governing authority, shall have the following,
542 among other, powers:

543 (a) To sue and be sued.

544 (b) To acquire by purchase, gift, devise, lease, or
545 exercise the powers of eminent domain or other mode of
546 acquisition, hold and dispose of real and personal property of
547 every kind within or without the district, including franchise
548 rights.

549 (c) To make and enter into contracts, conveyances,
550 mortgages, deeds of trust, bonds, leases, or contracts for
551 financial advisory services.

552 (d) To incur debts, to borrow money, to issue
553 negotiable bonds, and to provide for the rights of the holders
554 thereof.

555 (e) To fix, maintain and collect, and revise rates and
556 charges for the services rendered by or through the facilities of
557 such district subject to subsection (2) of this section.

558 (f) To pledge all or any part of its revenues to the
559 payment of its obligations.

560 (g) To make such covenants in connection with the
561 issuance of bonds or to secure the payments of bonds that a
562 private business corporation can make under the general laws of
563 the state.

564 (h) To use any right-of-way, easement or other similar
565 property or property rights or any material or equipment
566 necessary or convenient in connection with the acquisition,
567 improvement, operation or maintenance of the facilities of such
568 district, held by the state or any political subdivision thereof;
569 provided that the governing body of such political subdivision
570 shall consent to such use.

571 (i) Such districts shall have the same status as
572 counties and municipalities concerning payment of sales taxes on
573 purchases made by such districts for district purposes.

574 (j) To sell to any municipality under such terms,
575 conditions and covenants as may be imposed or required by such
576 district or districts, part or all of the utility system or
577 systems within such district or districts, provided, however,
578 that in the event of a sale of all of such system or systems,
579 within any such district or districts, the municipality shall
580 assume all obligations of such district or districts as a
581 condition precedent to such sale.

582 (k) To contract with Jackson County, or with any
583 municipality thereof, or similar district or districts for the
584 assumption of any bonds of such district or districts or bonds
585 now outstanding issued by Jackson County under the provisions of
586 Section 9, Chapter 365, Laws of Mississippi of 1958, and Chapter
587 395 (Senate Bill 1888), Laws of Mississippi of 1962, for the
588 Escatawpa and Bayou Casotte areas in Jackson County, under such
589 terms, conditions and covenants as may be agreed upon among the
590 county, municipality or districts, as the case may be, consistent
591 with the terms of such outstanding bonds. Any municipality,
592 district or districts, shall be authorized to pledge to the
593 payment of the bonds and obligations so assumed, any revenues,

594 including revenues from its existing water, sewer and gas utility
595 systems not theretofore pledged.

596 (1) To contract with any municipality for the
597 operation, maintenance and extension of any utility system or
598 systems in any such district or districts by the municipality
599 upon such terms, conditions and covenants as may be agreed upon
600 between the municipality and the district or districts.

601 (m) To contract with the United States of America, or
602 any agency of the United States of America, the State of
603 Mississippi, or any political subdivision of the State of
604 Mississippi, or any agency, commission, authority, board, or
605 other entity thereof, or any municipality or municipalities, for
606 any of the additional purposes authorized by Section 11 of this
607 act.

608 (n) To extend its services to areas that are not more
609 than one (1) mile beyond the boundaries of the district; however,
610 the extension of services may not be made into an area in which
611 the same service is being rendered by another corporate agency
612 for as long as the corporate agency desires to provide the
613 service in the area. Areas that are more than one (1) mile beyond
614 the boundaries of the district that desire to be served by the
615 district must be brought into the district by annexation
616 proceedings.

617 Section 10. In any district created under the provisions of
618 this act, which includes water or sewer facilities, or both, the
619 board of supervisors may, where it finds unhealthy or unsanitary
620 or deleterious conditions exist in such district because of
621 inadequate or contaminated water supplies or lack of approved
622 septic tanks or because of high water tables, or inadequate
623 drainage or inadequate provisions for disposal of sewage, require
624 by order or resolution all dwellings and buildings within such
625 district that are within reasonable proximity to such systems to
626 be connected to the water and sewer systems of such district. Any
627 person, firm or corporation within such district declining or
628 refusing to connect to such district water and sewer system after
629 the adoption by the board of supervisors of an order or
630 resolution predicated on such findings shall be guilty of a
631 misdemeanor, and shall be subject to a fine not to exceed One
632 Hundred Dollars (\$100.00), to be imposed by any court of
633 competent jurisdiction, and each day that such dwelling or
634 building shall remain unconnected to such district water and
635 sewer system shall constitute a separate offense. After the
636 adoption of such order or resolution, it shall be unlawful for
637 any dwelling or building to be constructed within such district,
638 unless, where it is feasible to do so, provision is made to
639 connect such building or dwelling to the district water and sewer
640 system, and the drilling of private wells to provide water for

641 human consumption and the construction of outhouses, cesspools,
642 and septic tanks in such district shall be unlawful and
643 punishable as a misdemeanor as herein provided.

644 Section 11. In addition to the purposes authorized by
645 Section 7(2) of this act, any district or districts created under
646 the provisions of this act and/or any municipality within Jackson
647 County, Mississippi, is or are hereby authorized and empowered to
648 issue bonds of such district, districts or municipality in the
649 manner provided in Section 7(2) of this act for any or all of the
650 following purposes:

651 (a) To purchase or acquire any of the outstanding bonds
652 of Jackson County issued under the authority of Section 9,
653 Chapter 365, Laws of Mississippi of 1958 and Chapter 395 (Senate
654 Bill 1888), Laws of Mississippi of 1962;

655 (b) To refund the outstanding utility bonds of any
656 district, districts or municipality;

657 (c) To improve, better or extend the water, sewer or

661 system or systems of any other district, districts or
662 municipality, including part or all of such system or systems
663 within the corporate boundaries of any municipality;

664 (e) To purchase or acquire the outstanding utility
665 bonds of any other district, districts or municipality;

666 (f) To purchase or acquire part or all of the utility
667 system or systems of one or more municipalities, including such
668 system or systems within the corporate boundaries of such
669 municipality or municipalities;

670 (g) To purchase or acquire part or all of any privately
671 owned utility system or systems;

672 (h) To purchase or acquire part or all of any utility
673 system or systems owned by the United State of America, or any
674 agency of the United States of America, or the State of
675 Mississippi, or any political subdivision of the state, or any
676 agency, commission, authority, board or other entity thereof; and
677 to provide therefor as follows:

678 In the event that any outstanding bonds to be purchased,
679 acquired or refunded by any district, districts or municipality,
680 by the terms thereof (1) mature without option of prior payment
681 after the date of the district or municipal bonds to be issued,
682 or (2) mature on specified dates, but with the option reserved
683 unto said county to call in, pay and redeem such bonds on a date
684 subsequent to the date of the district or municipal bonds to be
685 issued, and in the event that the holder or holders of such
686 outstanding revenue bonds cannot be immediately located or will
687 not accept district or municipal bonds to be issued in exchange

688 for and upon surrender and cancellation of a like amount of such
689 outstanding bonds, then the district or municipality may, in its
690 discretion, sell such district or municipal bonds to be issued
691 and deposit with a trustee to be designated in the resolution
692 issuing such district or municipal bonds to be issued an amount
693 sufficient to redeem all such outstanding county, district or

709 other obligations of or guaranteed by the United States of
710 America and maturity or being redeemable at or prior to the time
711 when such funds will be needed for the redemption of such

712 outstanding bonds. For the purpose of determining the adequacy of
713 such deposits, the maturity value or redemption value of all such
714 investments and the interest accruing thereon to maturity or call
715 date, shall be considered as cash on hand. The district or
716 municipality is further authorized to make such covenants and to
717 do any and all acts and things as may be necessary, convenient
718 and desirable in order to secure such district or municipal
719 bonds, in order to make such district or municipal bonds more
720 marketable, notwithstanding that such covenants, acts or things
721 may not be enumerated herein or expressly authorized herein; it
722 being the intention hereby to give the governing authority of the
723 district or municipality in issuing such bonds, the power to do
724 all things required or necessary in the issuance of such bonds
725 and for their execution, that may not be inconsistent with the
726 Constitution of the State of Mississippi.

727 The district or municipal bonds herein authorized may be
728 issued concurrently and in combination with bonds issued to
729 provide funds for any or all of the purposes authorized by this
730 act. In the issuance of bonds hereunder a sufficient sum shall be
731 added to the principal amount thereof to provide for the payment
732 of all costs necessarily incident to the issuance and delivery or
733 exchange of such bonds, and to provide for the payment into the
734 bond and interest fund of a sum not exceeding the average annual

735 principal and interest requirements of such bonds, as a reserve
736 therefor.

748 empowered to provide for the purchase, acquisition, redemption,
749 payment or refunding of such outstanding bonds, and is further
750 authorized and empowered to provide for the calling in, paying,
751 acquiring, redeeming or refunding the outstanding revenue bonds
752 of such municipality issued for water, sewer and gas utility
753 systems by the issuance of refunding bonds of such municipality.
754 Such refunding bonds may be issued concurrently and in
755 combination with bonds issued for the purchase, acquisition,
756 redemption, payment or refunding of such outstanding county
757 bonds, district bonds or bonds issued for the betterment,
758 extension and improvement of the utility systems of such

759 municipality. The bonds authorized to be issued hereby by the
760 municipality may be issued in the same manner and subject to the
761 same limitations, provided for by issuances of district bonds or
762 refunding bonds, under the provisions of this act. Any
763 municipality shall have the power to provide for the refunding of
764 any bonds to be purchased or refunded as conferred on the
765 district or districts by Section 11 of this act. The authority
766 conferred by this act upon such municipality shall be full and
767 complete authority for the issuance of such municipal revenue
768 bonds, and no other proceedings shall be required for the
769 issuance of such municipal revenue bonds, and all the necessary
770 powers to be exercised by the governing authorities of such
771 municipality in order to carry out the provisions of this act are
772 hereby conferred.

773 Section 13. This act, without reference to any other
774 statute, shall be deemed to be full and complete authority for
775 the creation of such districts and for the issuance of such bonds
776 by such districts or municipalities, and no proceedings shall be
777 required for the creation of such districts or for the issuance
778 of such bonds other than those provided for and required herein,
779 and all the necessary powers to be exercised by the board of
780 supervisors of such county and by the board of commissioners of
781 any such district, and the governing authorities of such

782 municipality in order to carry out the provisions of this act,
783 are hereby conferred.

784 Section 14. Any bonds issued under the provisions of this
785 act may be submitted to validation under the provisions of
786 Chapter 13, Title 31, Mississippi Code of 1972.

787 Section 15. This act shall be liberally construed for the
788 purposes herein set out, the powers hereby granted being
789 additional, cumulative and supplemental to any power granted to
790 the County of Jackson, or any municipality therein by any general
791 or local act of the Legislature.

792 Section 16. Notwithstanding any section to the contrary, the
793 City of Gautier shall comply with all existing laws on the

Gateway to the
Mississippi Gulf Coast

February 21, 2018

To Whom It May Concern:

As a patron member of the Walter Anderson Museum of Art (WAMA) and a member of the Jackson County Board of Supervisors, I would like to express how beneficial the Museum is to the citizens and businesses of Jackson County. Being one of the top attractions on the Mississippi Gulf Coast, the Museum draws vacationers from all around to our area and encourages the visitors to make use of the other shops and restaurants which in turn improves the local economy.

The Museum not only offers economic benefits to the community but intellectual, cultural, and artistic benefits to those who take advantage of its wide variety of services. In addition to the permanent and traveling exhibits, the museum staff and volunteers encourage adults, children, and educators to attend artistic workshops, lectures, and performances throughout the year, many times free of charge.

Jackson County has been a continuous supporter of the Museum and the range of activities it provides. WAMA is most deserving, as they help enhance the quality of life for all citizens of the County.

Sincerely,

A handwritten signature in cursive script that reads "Randy Bosarge".
